The Bledsoe Firm (John Bledsoe)

Sales Companion | August 12, 2026 | Rep: Jacob Meissner

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
John Bledsoe	~$2M est. (medium conf.)	John + Kate + staff	Stage 4	17% stated	Lake Forest, CA

Dominant Buying Motive: SCALE + FREEDOM

John wants to open new offices in San Diego and LA while handing day-to-day marketing and intake ownership to Kate, so growth no longer depends on his personal, hands-on involvement.

> *"Firm has 'tripled in size' and aims to 'double again in the next year,' with plans for new offices in San Diego and LA."*

> *"John is delegating marketing and intake ownership to Kate to free himself for high-level strategy."*

What he wants:

- **Market expansion.** Open new offices in San Diego and LA on top of a proven system, not a fragmented one.
- **Operational freedom.** Let Kate fully own marketing and intake so he can focus on strategy.
- **Conversion leverage.** Double the 17% close rate so existing ad spend produces twice the clients.

What is stopping him:

- **Fragmented vendor spend.** $36K/mo across 4 vendors with no unified reporting.
- **Weak conversion.** 17% close rate means most paid leads never become a case.
- **NAP inconsistency.** Website phone does not match directory listings — a fixable SEO drag.
- **Review gap.** Minyard Morris (246, 4.9) already out-paces the firm (201, 4.8).
- **No profit visibility.** No case value or channel ROI data across the 4 vendors.

Why This Marketing Package

What it does for him:

- Replaces 4 disconnected vendors with one accountable partner and one consolidated reporting view.
- Fixes the NAP inconsistency and Yelp fragmentation that are actively working against the firm's existing $36K/mo spend.

Full Service Marketing — Dominate | $10,497/mo bundled

- Revenue estimate ~$2M (medium confidence) places firm in the $2M-$3M Dominate band.
- Media spend (~$26.5K/mo) is directionally consistent with the $2M estimate — confirm on call.
- Transcript named 'Starter' by rough figure — likely a pre-revenue-confirmation reference; verify with John.
- Stand-alone $12,497/mo — bundled saves $2,000/mo.

Why This AI & Intake Automation Package

What it does for him:

- Delivers the exact Intake Qualifier tool discussed on the call — grading calls, tailoring follow-ups, and coaching staff to double the 17% close rate.
- A dedicated Fractional CTO builds this without adding to John or Kate's workload.

Fractional CTO Level 2 (AI Accelerator L2) | $4,997/mo bundled

- Call-purpose override: FCTO/AI-automation was a co-equal, explicit topic on the call — replaces the pipeline's default Elite Coach Plus.
- Revenue ~$2M fits the $1.5M-$3M L2 band; matches the ask for custom agent builds, not just DIY (L1).
- Stand-alone $5,797/mo — bundled saves $800/mo. Foundation Sprint $14,997 one-time optional.

The Bledsoe Firm — Sales Companion (continued)

Why This Ad Spend

What it does for him:

- $5,500/mo conservative launches consolidated Google PPC + LSA coverage for divorce and custody terms across Lake Forest and Orange County.
- $70,000/mo aggressive scales toward the firm's own stated goal of doubling revenue, adding Meta retargeting and cold audiences.

Recommended Ad Spend Range:

- **Conservative:** $5,500/mo — Google PPC $3,500 + LSA $2,000. Minimum viable search-intent coverage.
- **Aggressive:** $70,000/mo — 20% rule: $4M goal (2x current) x 20% / 12 = $66,667; Tier 2 (1.3x) = $86,667; minus $15,494 fees = ~$71K; using $70K.

Estimated Return on Investment:

- **Conservative ($5,500/mo):** ~9 cases x $4K avg = ~$36K/mo vs. $5,500 spend = ~6.5x return (est.).
- **Aggressive ($70,000/mo):** ~140 cases x $4K avg = ~$560K/mo vs. $70,000 spend = ~8x return (est.).

All figures are estimates. Case value is Family Law practice-area default ($4K) — confirm on call. ~140 cases/mo is a formula ceiling under the revenue-doubling goal, not a literal near-term forecast at current staffing. Results not guaranteed.

How the range was calculated:

- **Conservative:** Family Law minimums: Google PPC $3,500 + LSA $2,000 = $5,500.
- **Aggressive:** $4M goal (2x current) x 20% / 12 = $66,667. Tier 2 (1.3x) = $86,667. Minus $15,494 fees = ~$70,000.
- Total aggressive = $85,494 = ~51% of CURRENT revenue (over 35% cap), ~26% of the GOAL (under cap). Confirm revenue first.

If He Pushes Back

"I already have Noble and like the Lawmatics integration — why switch?"

Noble is one of four vendors already costing $36K/mo — the call itself framed this as replacing that spend, not adding a fifth. Dominate consolidates reporting without losing the CRM workflow he values.

"Is $15,494/mo too much before we confirm revenue?"

Revenue is a medium-confidence ~$2M estimate, cross-checked against ~$26.5K/mo current media spend. If confirmed under $2M, downgrade to Growth ($7,497/mo) and re-run the math.

"Can we just do the AI/intake piece, skip the marketing?"

The marketing gap is real and verified — NAP inconsistency, split Yelp listings, Minyard Morris out-pacing on reviews. Both were co-equal call topics; addressing only one leaves money on the table.

"140 cases a month sounds unrealistic."

Correct — that's the aggressive scenario's math ceiling under the firm's own doubling goal, not a near-term plan. The realistic near-term target is the firm's stated 20-25 clients/month.

Investment At A Glance

Full Service Marketing — Dominate	**$10,497/mo**
Google Ads, LSA, Meta, local SEO/directory cleanup, monthly reporting.	~~$12,497~~ stand alone
Legal AI Workforce — Fractional CTO Level 2	**$4,997/mo**
Custom Intake Qualifier tool, Claude Enterprise, bi-monthly CTO calls. Foundation Sprint $14,997 one-time (optional).	~~$5,797~~ stand alone
Recommended Ad Spend	**$5,500–$70,000/mo**
Goes to Google and Meta — not to SMB Team.	

Total: $15,494/mo + $5,500–$70,000 ad spend | Save $2,800/mo by bundling | Confirm revenue on call
