Swift Law North

Sales Companion | August 27, 2026 | Rep: Jacob Meissner

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Mike Adada (CTO)	~$1.98M (est.)	14+ (4 partners)	Stage 4	15% (default)	National / Virtual

Dominant Buying Motive: SCALE AND DOMINATE

Inferred — Mike wants to turn national reach and Spanish-language capability into the dominant consumer-protection brand.

> *"SLN aims to scale from 30-40 to 100+ new clients/month, targeting high-value Consumer Protection cases."*

> *"Ultimate Vision: Reach 500 new clients/month."*

> *"SLN's national reach and Spanish-speaking capabilities create a less competitive, cost-effective ad market."*

What he wants:

- **Scale to 100+, then 500/month.** A market-domination goal, not a freedom one.
- **Activate the Spanish-language edge.** A real, unused advantage.
- **Make his first paid channel work.** After 3 years of pure referrals.

What is stopping him:

- **Zero paid marketing history.** No data, no digital footprint.
- **Zero visibility in an occupied vertical.** Consumer Attorneys, Francis Mailman Soumilas own the intent.
- **No homepage phone number.** After-hours coverage unconfirmed.
- **No dedicated ops layer.** All decisions run through 4 partners.

Why This Marketing Package

What it does for him:

- Turns SLN from invisible into a competitor for intent Consumer Attorneys and Francis Mailman Soumilas already own.
- Activates the Spanish-language advantage never used in a paid channel.

Full Service Marketing — Growth | $7,497/mo bundled

- Revenue ~$1.98M (HubSpot estimate, no figure stated on call) places SLN in the $1M-$2M Growth tier.
- National, address-less practice — no LSA eligibility; budget concentrates in Google Search + Meta.
- Growth tier ad spend cap is $12,000/mo — aggressive scenario sits at that ceiling.

Why This Coaching Package

What it does for him:

- Gives the 4-partner group a framework to build an ops layer instead of absorbing every decision personally.
- Preps the firm operationally for 100+/month before the marketing engine adds pressure.

Master's Circle | $4,600/mo bundled

- Team is 4 partners + ~10 underwriting staff + outsourced intake — past the 5+-with-dedicated-staff threshold.
- Corrected from the decision file's Elite Coach Plus (team size defaulted to 3) — transcript states team is 14+.
- Zero ops leadership despite real headcount — exactly the gap Master's Circle is built for.

Swift Law North — Sales Companion (continued)

Why This Ad Spend

What it does for him:

- Converts a firm with zero visibility into one generating national leads across all three practice areas from week one.
- Puts the Spanish-language advantage into an active revenue channel instead of an idle talking point.

Recommended Ad Spend Range:

- **Conservative:** $3,000/mo — absolute floor for paid ads; no LSA-eligible local market exists to sum channel minimums against.
- **Aggressive:** $12,000/mo — Growth tier ad spend cap.

Estimated Return on Investment:

- **Conservative:** ~4 cases x $25K = $100K/mo vs. $3.0K spend = ~33x return.
- **Aggressive:** ~19 cases x $25K = $475K/mo vs. $12.0K spend = ~40x return.

All figures are estimates. Case value uses a disclosed $25K representative figure (near the low end of the stated $10Ks-$500K range), not the $500K outlier. Not guaranteed.

How the range was calculated:

- **Conservative:** No Consumer Protection/FCRA row exists in the local channel-minimums table (national, no LSA) — used the documented $3,000/mo absolute floor instead.
- **Aggressive:** No dollar revenue goal was stated on the call (only a client-volume goal), so the Growth tier's $12,000/mo cap was used as the aggressive ceiling.
- Total spend at aggressive: $24,097/mo = ~14.6% of estimated monthly revenue (~$165K). Under the 35% cap.

If She Pushes Back

"We've never spent a dollar on marketing — how do we know this will work?"

SLN currently has zero visibility across all three practice areas against Consumer Attorneys and Francis Mailman Soumilas, who are actively capturing this exact intent — the risk isn't testing paid channels, it's staying invisible while they keep growing.

"Our case value swings from the low tens of thousands to $500K — how do you size ROI on that?"

We used a conservative, disclosed representative case value ($25,000, near the low end of the stated range) rather than the $500K outlier, so the ROI projection undersells rather than oversells what a real case could return.

"Our outsourced intake team is already stretched — can they handle new paid volume?"

The first 90 days plan starts with an intake response-time and after-hours coverage audit before ad spend scales past the conservative range, specifically to protect against this.

Investment At A Glance

Full Service Marketing — Growth National + Spanish-language paid campaigns, directory buildout, conversion fixes.	**$7,497/mo** ~~$8,997~~ stand alone
Master's Circle Weekly group coaching, practice-area masterminds, quarterly + annual workshops.	**$4,600/mo** ~~$4,997~~ stand alone
Recommended Ad Spend Goes to Google Search and Meta — not to SMB Team.	**$3,000–$12,000/mo**

Total: $12,097/mo + $3,000–$12,000 ad spend | Save $1,897/mo by bundling | 9.1%–14.6% of revenue (under 35% cap)
