Dominant Buying Motive: SCALE AND SELL

Build a firm that runs without them, grows predictably, and holds real value as a sellable asset over 10 years.

> *"Build a scalable, sellable firm asset over 10 years, allowing partners to transition from practicing attorneys to business owners."*

> *"Lisa is working 60+ hours a week — taking work home nightly — and spending 10-20 hours per week on manual retainer collection alone."*

What she wants:

- **Freedom from the day-to-day.** Own a firm that runs without their constant presence.
- **A sellable asset.** A 10-year exit with a firm a buyer pays a premium to acquire.
- **Systems that replace partner time.** Collections, document review, and admin belong to AI — not the founders.

What is stopping her:

- **No paid lead generation.** Zero Google Ads, LSA, or Meta — every paid lead goes to competitors.
- **Manual collections absorbing 10-20 hrs/week.** Highest-cost resource running a billing process AI can handle.
- **No operational leadership layer.** Both partners fill every management gap with no COO or manager in place.
- **NAP inconsistencies.** Three phone numbers and two addresses suppress local 3-pack rankings.

Why This Marketing Package

What it does for her:

- Turns organic-only case volume into a paid + organic engine — the predictable lead flow a sellable firm is built on.
- Puts 102 Google reviews to work in LSA — placing the firm above every paid ad and organic result for family law searches.

Full Service Marketing — Growth | $7,397/mo bundled

- Revenue $2M+ confirmed 2025; $3M+ projected 2026. Growth tier applies. Revisit Platinum at renewal if 2026 confirms $3M+.
- Family law, Chattanooga TN (Tier 4). No PI filter. Conservative ad spend $3,500/mo; aggressive cap $14,000/mo (Growth tier).
- 102 reviews at 4.7 stars = immediate LSA eligibility. Content strategy restarts blog inactive since January 2025.

Why This Coaching Package

What it does for her:

- Peer accountability from attorneys who have built what Amelia and Lisa are building — structure for the 10-year exit plan.
- Embedded exit planning curriculum and KPI tracking to build financial visibility a buyer would pay to acquire.

Master's Circle | $4,600/mo bundled

- Revenue $1M+, team 10 total. Verify at least one support staff in ops/intake role for eligibility confirmation.
- Firm deferred FCOO on call — partners handle ops once freed from caseload. No FCOO add-on required at this stage.
- Family law practice mastermind included; exit planning coaching embedded — directly supports 10-year sellable asset DBM.

Why This AI Workforce Package

What it does for her:

- **Returns 10-20 hrs/week to Lisa** — manual collections automated; she stops taking work home.
- **Eliminates partner document review** for uncontested divorce — AI handles screening, attorney signs off.

AI Accelerator L2 (Fractional CTO Level 2) | $4,997/mo bundled

- Agreed to on call at $5,799/mo (standalone). Bundled saves $800/mo. 12-month commitment confirmed.
- ESCALATION: Confirm LAW delivery launched and capacity available before July 10 proposal call.
- Scope: AI workflows for document generation, retainer invoicing, and client communications.

Why This Ad Spend

What it does for her:

- Conservative $3,500/mo: est. 3 cases x $8,750 avg = $26,250/mo revenue. 7.5x return on ad spend.
- Aggressive $14,000/mo: est. 17 cases x $8,750 avg = $148,750/mo revenue. 10x return on ad spend.

Recommended Ad Spend Range:

- **Conservative:** $3,500/mo — PPC $1,500 + LSA $1,000 + Meta $1,000. Absolute minimum floor.
- **Aggressive:** $14,000/mo — Growth tier cap. $5M goal x 20% / 12 = $83,333; capped at $14,000.
- At aggressive: $30,994 total spend = 11.6% of monthly revenue. Well under 35% cap.

All figures are estimates. Not guaranteed. Close rate defaulted to 15% — not stated on call.

If She Pushes Back

"We already have 40-50 cases/month — do we really need ads?"

Every case you have came from organic — not a system you control. Horton Ballard Pemerton is in your paid search space. Ryan Hanzelik is building toward a perfect 5.0. One paid case per month more than covers the monthly marketing fee.

"We agreed to the Fractional CTO — why do we need marketing too?"

The CTO returns partner hours. Marketing controls how much volume comes in. Both serve the same goal — a firm that runs itself and grows predictably. Neither works as well without the other.

"The price is higher than we expected."

$16,994/mo in SMB fees is 6.4% of confirmed 2025 monthly revenue ($22,222). One additional Google Ads case per month — at $8,750 avg — offsets the full marketing fee. The 35% revenue cap allows up to $93,333/mo; you are at 6.4%.
