Dominant Buying Motive: SCALE / BUILD AN EMPIRE (+ FREEDOM FROM FIREFIGHTING)

Michael and Emily want to stop being the firm's day-to-day intake and IT department and become pure CEOs managing a 12-15 attorney firm, each earning $5M+/year.

> *"The firm cannot accept live transfers from a referral source due to lack of capacity."*

> *"Pure CEOs, managing managers."*

What he wants:

- **Stop being the bottleneck.** Michael wants out of personally handling 90% of intake.
- **Scale to 12-15 attorneys.** Both partners target $5M+/year each in distributions within 3-5 years.
- **Real delegation.** IT, case assignment, and intake need to run without partners touching them daily.

What is stopping him:

- **No delegation layer.** No dedicated ops, marketing, or intake staff member exists despite tripling headcount.
- **Attorney-led intake cap.** Employment cases require attorney review, blocking handoff to non-lawyers.
- **Zero paid marketing.** 100% referral dependency means growth is not in the firm's own hands.
- **Overhead outpacing take-home.** Rapid hiring compressed partner pay with no financial oversight to fix it.

Why This Marketing Package

What it does for him:

- Turns a 100%-referral firm into one with a controllable, scalable lead channel.
- Closes the review and geo-visibility gap against Miracle Mile Law Group and The Simon Law Group.
- Gives the firm a paid-lead safety net so growth no longer depends entirely on referral luck.

Full Service Marketing — Platinum | $15,997/mo bundled

- Revenue of $4.8M-$6M annualized places the firm solidly in the $3M+ Platinum tier.
- Covers both Employment Law and Personal Injury across all 5 claimed markets.
- Stand-alone price is $18,997/mo — bundling saves $3,000/mo.

Why This Operations Package

What it does for him:

- Builds the case-assignment and intake delegation workflows the firm has never had.
- Directly targets the DBM: moving Michael and Emily from operators to CEOs managing managers.
- Prepares the operational backbone needed before the next 2 planned attorney hires land.

Fractional COO (FCOO) Advisor | $3,297/mo bundled

- No dedicated ops/marketing/intake staff exists — Master's Circle is not eligible regardless of headcount.
- DBM is a textbook Fractional COO fit: eliminating single-point-of-failure operations.
- Stand-alone price is $3,797/mo — bundling saves $500/mo.

Why This Ad Spend

What it does for him:

- Fills the single largest untapped growth lever: zero paid marketing at $4.8M-$6M in revenue.
- Gives Michael a lead source that does not depend on referral relationships he cannot control.

Recommended Ad Spend Range:

- **Conservative:** $24,900/mo — channel minimums across Employment Law (Business Law proxy) and Personal Injury.
- **Aggressive:** $150,000/mo — capped at the Platinum tier ceiling (20% rule calculated $254K available; excess requires 10% overage fee).

Estimated Return on Investment:

- **Conservative:** ~20 cases x $5,885 = ~$117,700/mo vs. $24,900 spend = ~4.7x return.
- **Aggressive:** ~144 cases x $5,885 = ~$847,700/mo vs. $150,000 spend = ~5.6x return.

All figures are estimates. Not guaranteed.

How the range was calculated:

- **Conservative:** Employment Law (Business Law proxy) $10,200 + Personal Injury (Accident/Injury General) $14,700 = $24,900.
- **Aggressive:** $10.8M goal (2x current revenue) x 20% / 12 = $180,000 x 1.5 (Tier 1 LA) = $270,000. Minus $15,997 fee, capped at $150,000 tier ceiling.
- Flag: $150,000 + $19,294 fees = ~34%-42% of TODAY's $400K-$500K/mo revenue — scale ad spend up in step with revenue growth toward the $10.8M goal, not all at once.

If He Pushes Back

"We are already growing fast without any of this — why spend now?"

Growth so far has come entirely from referrals the firm cannot control or scale, and the firm is already turning away live transfers due to capacity — the current model has a hard ceiling.

"Isn't marketing spend premature if we can't even handle the leads we have?"

That is exactly why the Fractional COO Advisor is paired with Platinum — the operational build addresses intake capacity in parallel with lead generation, not after it.

"Why do we need a coaching/ops package instead of just more attorneys?"

The firm tripled attorney headcount in a year with no delegation layer, and partner compensation already trails associate pay — adding attorneys without operational infrastructure will make the bottleneck worse, not better.
