Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Doug Newborn	~$5M	25 staff / 7 atty	Stage 5	~15% (default)	Tucson, AZ

Dominant Buying Motive: TIME FREEDOM

Doug wants the firm to run itself — fewer fires, less escalation, more time back.

> *"Main constraint is time; operations need support more than top-line growth."*

> *"Clio Draft paid (~$8-12K) but stalled for a year; lacking owner to drive."*

What he wants:

- **Firm runs without him.** Team executes without Doug involved in daily decisions.
- **Projects get done.** Someone else drives implementation — not stalled for a year.
- **Time back.** Fewer fires, fewer escalations, more time for the work he chooses.
- **Predictable profit.** Know what each practice pod earns — not discovered quarterly.

What is stopping him:

- **No execution layer.** Atticus provides strategy; no one executes the weekly playbook between sessions.
- **No KPIs.** 7 attorneys with no utilization targets — performance gaps are invisible.
- **No cadence.** No weekly huddles, 1:1s, or dashboards running without Doug driving them.
- **Stalled tech debt.** Clio Draft paid and dormant — no owner to finish it.
- **PI digital gap.** PI invisible in paid search; competitors dominate every online PI term.

Why This Marketing Package

What it does for him:

- Opens PI to paid digital for the first time — veteran story and 850+ reviews differentiate immediately.
- Extends proven Probate Platinum infrastructure to PI without adding a management burden.
- Geo pages compound over time — each suburb page drives leads without additional ad spend.

Full Service Marketing — Platinum | $15,997/mo bundled

- Revenue ~$5M confirmed (transcript) — Platinum tier ($3M+) is correct.
- Lerner & Rowe (870 reviews) and Zanes Law (since 2003) dominate PI paid search unopposed.
- Stand-alone $18,997 — bundled saves $3,000/mo.

Why This Coaching & Operations Package

What it does for him:

- FCOO builds and runs weekly accountability — KPIs, dashboards, huddles — so Doug does not have to.
- Drives Clio Draft to completion in a 30-day sprint; $8-12K sunk cost starts generating ROI.
- Master's Circle adds peer-level coaching at comparable revenue scale alongside the COO execution layer.

Master's Circle + FCOO Director | $5,394/mo bundled

- 25 staff / 7 attorneys — qualifies for Master's Circle (5+ with dedicated staff).
- FCOO explicitly discussed on call: 9 hrs/month, KPIs, dashboards, AR policies.
- $5M revenue ($2M+ threshold) — FCOO Director tier. Corrected from pipeline default of Elite Coach Plus.
- Stand-alone $7,794 — bundled saves $2,400/mo.

Why This Ad Spend

What it does for him:

- Puts the firm in the PI paid search auction for the first time — capturing intent that currently goes entirely to Lerner & Rowe, Zanes Law, and Husband & Wife.
- Expands Probate/EP digital presence to surrounding communities (Marana, Oro Valley, Sahuarita) where competition is lower and searches are growing.

Recommended Ad Spend Range:

- **Conservative:** $10,000/mo — Probate/EP optimization + PI entry across Google Ads and LSA.
- **Aggressive:** $40,000/mo — full Platinum tier cap; $20K Probate/EP + $20K PI expansion.

Estimated Return on Investment:

- **Conservative:** ~6 cases x $7K avg = ~$42K/mo vs. $10K spend = 4.2x return (estimate).
- **Aggressive:** ~30 cases x $6.8K blended = ~$200K/mo vs. $40K spend = 5x return (estimate).

All figures are estimates. Not guaranteed.

How the range was calculated:

- **Conservative:** Estate Planning PPC $2,500 + LSA $1,000 + Meta $700 + PI PPC $5,000 + LSA $800 = $10,000.
- **Aggressive:** $10M goal x 20% / 12 = $167K. Tier 4 (1.0x) = $167K. Minus $15,997 fee = capped at $40K (Platinum tier max).
- Total at aggressive: $40K ad + $21,391 fees = $61,391 = 14.7% of monthly revenue. Well under 35% cap.

If He Pushes Back

"We already have SMB Team on Probate — why change anything?"

Not a change — an expansion. PI has zero paid digital presence. Lerner & Rowe (870 reviews) and Zanes Law (since 2003) capture every PI intent search unchallenged. The FCOO package addresses the operational gaps separately.

"I already have an Atticus coach — why add SMB Team coaching?"

Atticus = big-picture strategy every two weeks. FCOO Director = executes the daily/weekly operational layer between those sessions. Doug said his constraint is implementation, not strategy. These serve different needs.

"We tried Meta ads and the content quality was not good enough."

That was AI-generated PI content — discontinued by Doug for quality concerns. The new Meta strategy is retargeting via a Pixel on existing PPC pages, not AI content. Different product, different approach.

"The team is already stretched."

The FCOO takes work off Doug's plate, not the team's. He becomes the Clio Draft project owner and runs the weekly cadence. The team gets more structure — not more tasks.
