Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Neal Rice	~$740K/yr	3 (+1 planned)	Stage 3	25-50%	Ft. Lauderdale, FL +4

Dominant Buying Motive: STRUCTURE

Neal and Tamr want the operational structure that funds Tamr's $50K raise without either partner working more hours to get there.

> *"10,000+ unread emails"*

> *"No formal KPIs or strategic financial reporting. Neal manually categorizes transactions for Bench once a year."*

> *"handles all legal ops for the main practice area, creating a single point of failure and preventing scalability"*

What he wants:

- **Fund Tamr's raise through growth, not overtime.** $200K goal covers a $50K raise for Tamr.
- **Get out of the inbox.** A system should handle intake, not Neal personally.
- **Remove Tamr as a single point of failure.** Core practice can't depend on one person forever.

What is stopping him:

- **No paid marketing history.** 100% of growth comes from referral partners.
- **Missing from every major directory.** Avvo/Justia list 20+ competitors, not this firm.
- **No CRM or intake process.** Leads go straight into Neal's personal inbox untracked.
- **Tamr runs the core practice alone.** No one else is trained on core workflows.
- **No financial visibility.** Bookkeeping is annual only; no monthly KPIs.

Why This Marketing Package

What it does for him:

- Puts the firm in front of clients currently going to Siegel Law Group and Elder Needs Law.
- Closes the Avvo/Justia directory gap costing referral-equivalent visibility today.

Full Service Marketing — Starter | $4,847/mo bundled

- Revenue ~$740K/yr = $400K-$1M Starter tier, NOT Platinum. HubSpot shows $3M+, stale/incorrect (see workings file).
- Starter's $25,000/mo ad cap comfortably covers the recommended $9,000-$13,500/mo range.
- Stays under the 35%-of-revenue combined spend cap even at the aggressive ad spend level.

Why This Coaching Package

What it does for him:

- Gives Neal and Tamr a structured path to remove Tamr as a single point of failure.
- Builds the intake process neither partner has had time to design alone.

Elite Coach Plus | $3,200/mo bundled

- Team of 3 (plus planned paralegal hire) is under the 5-person Master's Circle threshold.
- Revenue band ($400K-$1M) maps directly to Elite Coach Plus on the pricing table.

Why This Ad Spend

What it does for him:

- Turns referral-only growth into a second, owned channel that doesn't depend on relationships Tamr and Neal personally maintain.
- Captures families searching under time pressure (nursing home placement, VA claims) before they find a competitor first.

Recommended Ad Spend Range:

- **Conservative:** $9,000/mo — minimum viable spend across recommended channels (Estate Planning proxy row, closest available to Medicaid/VA).
- **Aggressive:** $13,500/mo — 20% rule against the ~$940K revenue goal, capped to hold the 35%-of-revenue guardrail.

Estimated Return on Investment:

- **Conservative:** 13 cases x $5K = $65K/mo vs. $9.0K spend = 7.2x return.
- **Aggressive:** 31 cases x $5K = $155K/mo vs. $13.5K spend = 11.5x return.

All figures are estimates. Not guaranteed. $5K case value is a blended proxy — no Medicaid/VA Asset Protection line exists in the standard case-value table; confirm against firm invoicing data.

How the range was calculated:

- **Conservative:** Estate Planning proxy minimums: PPC $3,500 + LSA $2,000 + Meta $3,500 = $9,000.
- **Aggressive:** $940K goal x 20% / 12 = $15,667. Tier 2 (1.3x) = $20,367. Minus $4,847 fee = $15,520; capped to $13,500 to hold the 35% guardrail.
- Total spend at aggressive: $8,047 mgmt + $13,500 ad spend = $21,547/mo = 34.9% of revenue. Under the 35% cap.

If He Pushes Back

"We've grown fine without any of this — why change now?"

$740K on referrals alone proves the work is excellent — but the firm is absent from Avvo and Justia where 20+ competitors are listed, and Siegel Law Group already runs geo-targeted content this firm has none of. The ceiling is systems, not skill.

"Tamr and I don't have time to manage new vendors."

Both packages are fully managed. Elite Coach Plus is built specifically to reduce Tamr's load as the firm's single point of failure, not add to it.

"How do we know this actually funds Tamr's raise?"

Phase 3 adds a Fractional CFO Advisor for monthly margin visibility by practice area, so the $200K revenue target is tracked against the $50K raise it's meant to fund — not just hoped for.

"Isn't this expensive for a firm our size?"

Total investment is $8,047/mo plus $9,000-$13,500/mo in ad spend. Even at the aggressive end this stays at 34.9% of monthly revenue — under the firm's own 35% guardrail.
