Lindsey Granados	~\$750K/yr	6 total	Stage 4	~80%	Cary, NC

Dominant Buying Motive: FREEDOM + SECURITY

Lindsey wants the firm to run without her so she can take a real vacation and fund college and retirement on a plan — not a hope.

"I work 11-12 hours/day and fear revenue will stop during my upcoming 2-week vacation."

"I need to rebuild a stable team so the firm can run without me."

"We're in the black."

What she wants:

- **Vacation without fear.** Take 2 weeks off and come back to a firm that ran itself.
- **Return to \$1.25M.** Prior peak before her partner ran for Congress — she knows it is possible.
- **Financial clarity.** College and retirement funded by a plan, not by logging more hours.
- **Team she can trust.** Stable, sales-minded people who handle operations without her.

What is stopping her:

- **Owner dependency.** Every high-value felony intake runs through Lindsey personally.
- **No after-hours coverage.** DWI arrests happen Friday nights — the firm is dark.
- **No financial visibility.** 'We're in the black' is the full extent of financial planning.
- **Marketing ROI unknown.** Paying Rise Up Marketing with no measured return.
- **No documented processes.** Team runs on Lindsey's knowledge, not on systems.

Why This Marketing Package

What it does for her:

- Puts the firm's ads on 24/7 — capturing DWI and criminal arrests that currently go to Saad Law after hours.
- Gives Lindsey real ROI numbers — she will finally know what each case costs to acquire.
- Closes the review gap with competitors — systematic review generation improves local pack rankings without additional spend.

Full Service Marketing — Starter | \$4,847/mo bundled

- Personal injury practice area — minimum Starter tier per eligibility rules.
- Revenue \$750K in \$400K–\$1M band — Starter is the correct tier.
- Criminal defense + DWI in Raleigh Tier 3 market — competitive enough to warrant full-service.
- Saves \$850/mo vs. stand-alone rate of \$5,697/mo.

Why This Coaching Package

What it does for her:

- Builds the team systems and delegation framework — the structural fix for owner dependency.
- Weekly coaching with attorneys facing the same rebuild challenges — she is not doing this alone.
- Creates the documented playbooks that let the team handle operations when Lindsey is on vacation.

Elite Coach Plus | \$3,200/mo bundled

- Revenue \$400K–\$1M — Elite Coach Plus is the standard recommendation.
- Team is stable 3–4 months but has no documented processes — exactly what coaching addresses.
- Saves \$297/mo vs. stand-alone rate of \$3,497/mo.

Why This Ad Spend

What it does for her:

- Generates consistent criminal defense and DWI cases from paid search — measured, not hoped for.
- Funds the return to \$1.25M by adding 5–10 signed cases per month from ad-generated leads.

Recommended Ad Spend Range:

- **Conservative:** \$7,500/mo — covers Google PPC, LSA, and Meta retargeting 24/7.
- **Aggressive:** \$13,500/mo — expands felony-specific campaigns; stays under 35% revenue cap.

Estimated Return on Investment:

- **Conservative:** ~31 leads x 15% close = ~5 cases x \$8K = ~\$40K/mo vs. \$7.5K spend = ~5x return.
- **Aggressive:** ~67 leads x 15% close = ~10 cases x \$8K = ~\$80K/mo vs. \$13.5K spend = ~6x return.

All figures are estimates. Not guaranteed. Case value blended from transcript (\$4K–\$50K).

How the range was calculated:

- **Conservative:** Criminal defense PPC \$4,000 + LSA \$2,000 + Meta \$1,000 + Meta lead gen \$500 = \$7,500.
- **Aggressive:** 35% cap at \$750K rev = \$21,875 total max. Minus \$8,047 fees = \$13,828 max ad spend.
- Total spend at aggressive: \$21,547/mo = 34.5% of revenue. Under the 35% cap.

If She Pushes Back

"I already have a marketing company — Rise Up Marketing is handling it."

Lindsey said on the call she doesn't know if Rise Up's ads are performing. We track every dollar to signed cases and send a monthly report. If Rise Up is delivering, you'll see it. If not, you'll stop funding campaigns that aren't working.

"The ads run at night and that's fine — we answer calls during business hours."

DWI arrests peak Friday–Saturday 10pm–3am. Those families search for an attorney that same night. Saad Law (275 reviews, former DA) answers. Kurtz & Blum (290 reviews) answers. Granados Law Group does not. At \$7,500+ per DWI case, one recovered after-hours case per week is \$30K/month.

"\$8,000 a month is a lot — I don't know if we can afford it."

Conservative ad scenario alone projects ~\$40K/month in new case revenue on \$7.5K ad spend — a 5x return. The management fee pays for itself if one additional case per month is signed. At her current 80% close rate, that is very achievable.

"We just stabilized the team — I'm not sure this is the right time."

The stabilization is exactly why this is the right time. The team is sales-minded and coachable — Lindsey said so herself. Waiting another 6 months means Saad Law and Amy Whinery Osborne (208 reviews in Cary) extend their lead while the firm holds steady. The window to close the gap is open now.
