Dominant Buying Motive: FREEDOM + LEGACY

Build a bilingual firm that serves the community and creates financial independence — without requiring both founders at every step.

What they want:

- **Predictable client flow.** 100% organic today — they want a system, not a dependency on referrals and rankings.
- **Time back.** A firm that doesn't require both founders at every intake call, every evening, every weekend.
- **To serve their bilingual community.** Mireya's Spanish fluency and Hispanic Chamber membership are more than credentials — they are a market advantage.
- **Financial clarity.** Revenue they actually keep — profit planned, not discovered.

What is stopping them:

- **No paid lead generation.** 100% organic — client volume is unpredictable and capped by search rankings they don't control.
- **No support staff.** Everything runs through two attorneys — no path to stepping back without hiring and systems first.
- **Revenue not confirmed.** Estimated \$300K–\$600K; confirm actual figure before finalizing ad spend.
- **No transcript.** DBM inferred — validate all assumptions on proposal call May 22, 2026.

Why This Marketing Package

What it does for them:

- Turns their bilingual website and strong review base into a lead generation machine — consultations come in while they are doing casework.
- Puts Dickey Law Group at the top of Google for estate planning and probate searches in The Woodlands — a position no organic-only strategy can reliably hold.
- Opens the Spanish-language paid search channel — a wide-open market where no competitor currently has a credible presence.

Full Service Marketing — Starter | \$4,847/mo bundled

- Revenue tier: \$400K–\$1M → Starter. Essentials ineligible above \$400K.

Why This Coaching Package

What it does for them:

Why This Ad Spend

What it does for them:

- Brings estate planning and probate prospects directly to the firm at the moment they are ready to hire — not waiting to be found organically.
- The Spanish-language campaign captures a market segment that almost no competitor is currently paying to reach.

Recommended Ad Spend Range:

- **Conservative:** \$5,500/mo — Google PPC \$3,500 + LSA \$2,000. Minimum viable paid search footprint.
- **Aggressive:** \$15,000/mo — adds Meta retargeting, Spanish-language campaigns, and expanded keyword coverage.

Estimated Return on Investment:

- **Conservative:** ~42 leads x 15% close x \$3,500 avg case = ~\$21,000/mo vs. \$5,500 spend = 3.8x return (est.)
- **Aggressive:** ~172 leads x 15% close x \$3,500 avg case = ~\$91,000/mo vs. \$15,000 spend = 6.1x return (est.)

All figures are estimates. Not guaranteed. Case value of \$3,500 is estate planning industry default — not confirmed with firm.

How the range was calculated:

- **Conservative:** Estate planning channel minimums — Google PPC \$3,500 + LSA \$2,000 = \$5,500.
- **Aggressive:** \$900K goal x 20% / 12 x 1.33 Spanish = \$19,950 minus \$4,847 fee = \$15,103. Rounded to \$15,000.
- 35% cap: \$8,047 + \$5,500 = \$13,547 = 32.5% at \$500K. Confirm revenue before aggressive spend.

If They Push Back

"We already get clients from Google organically — why pay for ads?"

Organic gets people who searched for you specifically. Ads get people who found a competitor first — the larger share. With 1,300 monthly visitors and 0% paid traffic, most high-intent estate planning searches in The Woodlands are landing on other firms.

"We do not have a big budget right now."

Conservative spend (\$5,500/mo) projects ~6 cases/month at \$3,500 avg = ~\$21,000 revenue. The investment is under 25% of estimated monthly revenue at the \$400K floor. First two clients cover the management fee.

"We are just two people — can we handle more clients?"

That is exactly why coaching runs alongside marketing. Elite Coach Plus builds the intake, delegation, and operations systems that absorb volume without adding attorney hours — infrastructure grows with the pipeline.

"We have never advertised — how do we know it works?"

Estate planning performs strongly in paid search: high case values, motivated clients, and clear intent keywords. The firm has 32 five-star reviews and a bilingual site that is already conversion-ready — the traffic is the only missing piece.
