Dominant Buying Motive: SECURITY

He wants a firm that provides for his large family for the next 20 years.

> *"Now that I have eight kids, you can see behind me on the wall, I've got a lot to take care of."*

> *"I figured I might as well get moving for the next 20 years."*

> *"I need to show up as the number one guy, because I think I can, especially since I've been here for so long."*

What he wants:

- **10 to 15 cases a month.** He gets about two to three today.
- **To be first in new channels.** He wants ChatGPT Ads live before anyone else in Boise.
- **To be the number one name locally.** Canyon County first, then Boise.
- **Results he can see fast.** He likes PPC and does not trust organic SEO.

What is stopping him:

- **Referral dependence.** Almost every case comes from family, friends, and past clients.
- **ChatGPT Ads blocked.** OpenAI says the site blocks crawlers; cause unconfirmed.
- **Dated website.** Not updated since about 2019; no pages for his target markets.
- **Budget limits.** He wants about $1,000 per case; no money for organic.
- **Low reviews.** He says they are low; counts are unconfirmed.

Why This Marketing Package

What it does for him:

- Replaces referral luck with a steady flow of new cases from search and ads.
- Fixes the site so ChatGPT Ads and AI search can finally read it.
- Puts him in front of people searching in Canyon County, where he is based.

Full Service Marketing Essentials | $3,797/mo

- Seller override (Oct 20): lowest full-service tier, no coaching, for budget.
- Essentials is normally hidden for PI and multi-office firms. Seller-approved exception.
- Revenue is a HubSpot estimate ($180K-$960K), not stated. Confirm it.
- ChatGPT Ads management is not a documented Essentials item. Confirm first.

Why No Coaching Package

What this choice does for him:

- Keeps his monthly cost low while he proves the channels work.
- Lets him judge SMB Team on lead flow before adding more.

No coaching package | $0/mo

- Seller removed Elite Coach Plus ($3,200/mo) on Oct 20.
- He raised budget concerns twice on the call (00:10:22, 00:17:58).
- Team size is unknown; intake and hiring needs come with volume.
- Phase 2 adds FCOO Advisor ($3,297/mo) at 8 to 10 cases a month.

Why This Ad Spend

What it does for him:

- Turns his budget into high-intent leads in Canyon County and Boise.
- Caps spend at a level he can afford while he tests what works.

Recommended Ad Spend Range:

- **Conservative:** $7,500/mo — the Essentials cap (seller override).
- **Aggressive:** $7,500/mo — same cap; only the lead-cost cushion differs.

Estimated Return on Investment:

- **Conservative:** 3.9 cases x $6.5K = $25.6K/mo vs. $7.5K spend = 3.4x return.
- **Aggressive:** 4.7 cases x $6.5K = $30.8K/mo vs. $7.5K spend = 4.1x return.

All figures are estimates. Not guaranteed. $6.5K is the midpoint of the $5K-$8K practice-area default, not his stated figure.

How the range was calculated:

- **Conservative:** Injury minimums are PPC $6,000 + LSA $2,000 = $8,000, so the $7,500 cap binds. Modeled 50% Google, 30% LSA, 20% Meta retargeting; $285 CPL with 20% cushion; 15% close rate.
- **Aggressive:** 2x est. revenue ($1.14M) x 20% ÷ 12 = $19,000. Tier 4 (1.00x). Minus $3,797 fee = $15,203, but Essentials caps ad spend at $7,500. $238 CPL, no cushion.
- Cost per case is about $1,584-$1,901, above his $1,000 target. Say so up front.
- Total spend: $11,297/mo = 23.8% of est. revenue ($47.5K/mo). Under the 35% cap.

If He Pushes Back

"It takes too much money."

Essentials is our lowest full-service tier at $3,797/mo, ad spend is capped at $7,500, and there is no coaching add-on. His past spend went mostly to organic; paid channels give the faster results he prefers. Be honest that modeled cost per case runs above his $1,000 target, and agree to track it by channel.

"I never really got any results from it." (organic SEO)

Frame the new site as the landing page for ChatGPT Ads, PPC, and LSAs, not as organic SEO. He said PPC produced cases, and OpenAI's crawler block shows the current site is holding him back.

"Morgan & Morgan and all those big firms."

His market is local. The named rivals are Litster Frost, Hepworth Holzer, and Andrew Injury Law (Nampa). He was an early mover on PPC and LSAs and believes no one in Boise is on ChatGPT yet. Review counts and ad activity are unverified; check live before the call.
