Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Paul Thomson III	Est. \$500K–\$1M	2–4 est.	Stage 3	15% default	Roanoke, VA

Dominant Buying Motive: FREEDOM + FINANCIAL SECURITY

Paul wants fewer, higher-value catastrophic cases handled by a firm that runs without his constant involvement — so he can build the financial security his 29-year career has earned.

"No transcript available — DBM inferred from 29-year solo PI profile, two offices, \$21M lead verdict, and catastrophic injury focus. Confirm on call."

What he wants:

- **Pre-qualified catastrophic cases.** Spend time on TBI, truck accidents, wrongful death — not screening every inbound call.
- **Predictable revenue.** Referral-only income creates boom-and-bust cycles; he wants a pipeline that delivers consistently.
- **Financial security.** After 29 years and a \$21M verdict, Paul wants to know what the firm earns and what it is worth.

What is stopping him:

- **No paid lead gen.** Zero Google Ads, LSA, or Meta Ads observed — all growth is referral-dependent.
- **Review gap.** 101 reviews vs. Crandall & Katt's 316–336 — 3-pack disadvantage is structural.
- **No intake infrastructure.** Contact form below fold, no after-hours coverage, no intake coordinator.

Why This Marketing Package

What it does for him:

- Paul's \$21M verdict and Avvo 10.0 become visible to every high-intent PI searcher in Roanoke — not just those who get a referral.
- LSA + Google Ads + local SEO create omnipresent visibility that makes Thomson the obvious choice in Southwest Virginia.

Full Service Marketing — Starter | \$4,847/mo bundled

- PI practice — Essentials blocked; Starter is minimum tier. Revenue under \$1M — Growth/Dominate/Platinum blocked.
- Ad spend cap \$15,000/mo at Starter; 20% rule produces \$20,153 but capped at tier limit.
- Website rebuild required — contact form is below fold; above-fold conversion is essential before running paid traffic.

Why This Coaching Package

What it does for him:

- Builds the intake systems and team accountability that let Paul step back from daily operations as lead volume increases.
- Weekly coaching creates consistent progress toward a firm that runs without Paul's constant presence.

Elite Coach Plus | \$2,200/mo bundled

- Revenue \$400K–\$1M, any team — Elite Coach Plus is correct at this stage. Total MRR \$7,047 = ~11% of est. revenue.
- FCOO Advisor and Master's Circle not added — confirm team size and operational structure on call before upgrading.

Why This Ad Spend

What it does for him:

- Creates the first non-referral lead channel in 29 years — predictable inbound catastrophic cases, not occasional windfalls.
- At conservative spend, ~4–5 cases/month at \$25K working value = ~20x return. Actual case values on Paul's results page far exceed that floor.

Recommended Ad Spend Range:

- **Conservative:** \$5,700/mo — PI channel minimums: Google PPC \$2,000 + LSA \$1,000 + Meta Retargeting \$1,200 + Meta Lead Gen \$1,500.
- **Aggressive:** \$15,000/mo — Starter tier cap. 20% rule: \$1.5M goal x 20% / 12 = \$25,000; minus \$4,847 fee = \$20,153; capped at \$15,000.

Estimated ROI:

- **Conservative:** ~31 leads x 15% = 4–5 cases x \$25K = \$112,500/mo vs. \$5,700 = ~20x return (est.).
- **Aggressive:** ~97 leads x 15% = 14–15 cases x \$25K = \$362,500/mo vs. \$15,000 = ~24x return (est.).

Estimates only. \$25K is working floor — Paul's actual catastrophic case values range \$100K–\$21M. Not guaranteed.

If He Pushes Back

"We've built this on referrals for 29 years — why change now?"

Crandall & Katt (316+ reviews) dominates the 3-pack on every high-value PI keyword. Rutter Mills and Monge & Associates run paid campaigns in your market. The referral model worked — it can't protect a 5.0-star firm from regional chains buying your best keywords every day.

"\$7,000+ a month feels like a big commitment."

Conservative: ~\$112,500/mo estimated revenue vs. \$12,747 total spend = ~8.8x return on total SMB investment. One resolved catastrophic case at \$350K–\$1M covers the year. The risk is staying invisible while Crandall & Katt compounds their lead.

"I'm already busy — I'm not sure I can handle more cases."

That is exactly what the intake coordinator and coaching structure solves. Elite Coach Plus builds the team so Paul handles fewer, better cases — not more of everything. The goal is to stop doing intake triage and take only the catastrophic cases that deserve his full attention.
