Dominant Buying Motive: CONSISTENT CASES & FREEDOM FROM REFERRAL DEPENDENCY

Scott wants qualified construction defect clients to find him consistently — so he can focus on complex litigation, not case sourcing.

"No transcript provided. DBM inferred: solo practice profile, 'select few clients at a time' website copy, SB800 legislative credential."

What he wants:

- **Consistent inbound.** Qualified cases arriving without depending on who happens to refer to him.
- **Digital authority.** SB800 credential and 35-year reputation visible online, not just known by peers.
- **Intake off his plate.** First-contact handled by someone else so he stays in complex litigation.

What is stopping him:

- **No digital presence.** Zero paid ads, 1 confirmed review, no geo pages — invisible online despite extraordinary credentials.
- **404 errors on key pages.** Practice area and contact pages broken — Google cannot index them.
- **Solo operation.** Every inquiry runs through Scott personally; no intake staff or delegation.
- **Revenue unconfirmed.** Estimated \$2M from HubSpot profile — verify on June 26 call.

Why This Ad Spend

What it does for him:

- 2 cases/month at \$50K avg from \$3K conservative spend = ~\$100K revenue, ~33x return.
- 9–10 cases/month at \$50K avg from \$12K aggressive spend = ~\$500K revenue, ~42x return.

Recommended Ad Spend Range:

- **Conservative:** \$3,000/mo — channel minimums for construction defect in San Diego.
- **Aggressive:** \$12,000/mo — Growth tier cap; full budget to saturate San Diego construction defect searches.

Estimated Return on Investment:

- **Conservative:** 2–3 cases x \$50K avg = ~\$100K–\$150K/mo vs. \$3K spend = ~33–50x return (estimated).
- **Aggressive:** 9–10 cases x \$50K avg = ~\$450K–\$500K/mo vs. \$12K spend = ~38–42x return (estimated).

All figures are estimates. Average case value estimated from \$50M+ career results / 1,000+ clients. Not guaranteed.

How the range was calculated:

- **Conservative:** Business Law minimums: PPC \$1,500 + LSA \$1,000 + Meta Retargeting \$200 + Lead Gen \$500 = \$3,200 (rounded to \$3,000).
- **Aggressive:** \$4M goal x 20% / 12 = \$66,667. Tier 2 SD (1.3x) = \$86,667. Growth cap = \$12,000.
- Total at aggressive: \$10,597 fees + \$12,000 ads = \$22,597/mo = 13.6% of \$2M revenue. Under 35% cap.

If He Pushes Back

"I get all my cases through referrals — I don't need marketing."

Artemis Law Group is 2 miles away with 89 reviews and dedicated geo pages. Every homeowner Googling 'construction defect attorney Solana Beach' who doesn't find Scott goes to them — today.

"I'm a solo — I can only take so many cases anyway."

With consistent inbound, Scott chooses which cases to take. The first hire follows lead volume — the first 90 days build toward that transition.

"The price seems high for my size of firm."

\$10,597/mo = 8% of a \$2M revenue estimate — under the 35% cap. Two construction defect cases from paid marketing covers the full year of fees. Bundling saves \$1,897/mo vs. standalone.
