

Hoyer Law (Hoyer Law Firm)

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Casey Hoyer	~\$600K est.	10 (3 atty)	Stage 4	15% default	Lehi + St. George, UT

Dominant Buying Motive: FREEDOM

Casey wants a firm that runs itself so he can practice law on his terms and stop managing every detail of the business.

"No Fathom transcript available — DBM inferred from web research and firm profile."

"15+ years building a firm with a GM (wife Analia), 10 staff, and 2 locations — the infrastructure of freedom exists, but the growth engine to make it sustainable does not."

What he wants:

- **Predictable client flow.** Stop relying on organic and referrals — build a paid pipeline that delivers family law clients every month.
- **Operational freedom.** Let Analia and the team run day-to-day so he can focus on the cases he chooses.
- **AI-powered leverage.** Multiply staff output on intake, drafting, and client updates without adding headcount.

What is stopping him:

- **No paid advertising.** CoilLaw (369 reviews) and Arnold Wadsworth are capturing every paid click while Hoyer Law relies entirely on organic.
- **Review velocity gap.** CoilLaw grew from 308 to 369 reviews in weeks — their acceleration vs. Hoyer Law's 139 is suppressing 3-pack placement.
- **No AI infrastructure.** 10-person bilingual firm with a GM is AI-ready — no one is leading the rollout.

Why This Marketing Package

What it does for him:

- Converts 15 years of reputation and 139 reviews into a paid lead engine — entering Google, LSA, and Meta for the first time while competitors are already spending.
- Spanish-language campaigns give Hoyer Law first-mover advantage in a bilingual market segment no competitor has claimed.

Full Service Marketing — Starter | \$4,847/mo bundled

- Revenue ~\$600K–\$1M places firm in Starter tier (\$400K–\$1M range).
- Starter covers all channels: Google Ads, LSA, Meta, SEO, and Spanish-language campaigns.
- Starter ad spend cap \$25,000/mo — well above \$5,500–\$14,000 recommended range.
- Stand-alone \$5,697/mo — bundled saves \$850/mo.

Why This AI & Growth Infrastructure Package

What it does for him:

- A Fractional CTO deploys Claude Enterprise and AI Skills for intake and drafting — without adding to Casey's management load.
- Every staff member trained on AI tools relevant to their role — Analia, paralegals, receptionist all work faster on repeatable tasks.

Fractional CTO Level 1 (AI Accelerator L1) | \$3,297/mo bundled

- Revenue \$600K+ clears \$500K LAW minimum; 10-person team with bilingual GM — not solo.
- L1 done-with-you model selected: Casey lacks bandwidth to manage AI rollout independently.
- Includes Claude Enterprise, pre-built Law Firm AI Skills, monthly CTO strategy calls, full staff training.
- Stand-alone \$3,797/mo — bundled saves \$500/mo. AI Foundation Sprint \$14,997 one-time available.

Why This Ad Spend

What it does for him:

- \$5,500/mo conservative launches paid coverage on Google and LSA for the first time — capturing high-intent family law searches currently going to CoilLaw.
- \$14,000/mo aggressive adds Meta retargeting and cold audiences including Spanish-language targeting — no confirmed competitor is reaching this segment.

Recommended Ad Spend Range:

- **Conservative:** \$5,500/mo — Google PPC \$3,500 + LSA \$2,000. Minimum viable coverage for Lehi family law.
- **Aggressive:** \$14,000/mo — all four channels. 20% rule: \$1.2M goal x 20% / 12 = \$20K; minus \$4,847 fee = \$15K; using \$14K.

Estimated Return on Investment:

- **Conservative (\$5,500/mo):** ~8 cases x \$10K avg = ~\$80K/mo vs. \$5,500 spend = ~15x return (est.).
- **Aggressive (\$14,000/mo):** ~25 cases x \$10K avg = ~\$250K/mo vs. \$14,000 spend = ~18x return (est.).

All figures are estimates. Case value is practice area default (\$10K) — confirm on call. Results not guaranteed.

How the range was calculated:

- **Conservative:** Family Law minimums: Google PPC \$3,500 + LSA \$2,000 = \$5,500.
- **Aggressive:** \$1.2M target x 20% / 12 = \$20K. Tier 4 (1.0x). Minus \$4,847 fee = ~\$15K; using \$14,000.
- Total aggressive: \$8,144 fees + \$14,000 ads = \$22,144. Flag revenue on call — if \$840K+, within 35% cap.

If He Pushes Back

"I'm already getting leads from organic — why do I need paid?"

CoilLaw (369 reviews, 4.8 stars) and Arnold Wadsworth are both confirmed in paid results for 'divorce attorney Lehi Utah.' Every high-intent click on Google Ads and LSA goes to them. Organic works — paid defends the top of the page.

"I'm not sure my team is ready for AI."

Level 1 is done-with-you — the Fractional CTO leads the entire rollout. Casey and Analia do not manage it. Bilingual GM + 7 support staff is exactly the human foundation AI implementation requires.

"Can we start with just the marketing?"

More leads without AI-powered intake just means more manual work for Casey and the team. The Fractional CTO converts the marketing investment into operational leverage — handling intake responses and drafting so the team can scale without adding headcount.

"What if the revenue estimate is wrong?"

Revenue was not confirmed — \$600K is estimated from team size; ZoomInfo says ~\$4M. Both Starter and FCTO Level 1 qualify at \$500K–\$1.5M either way. If revenue confirms higher on the call, Growth + Master's Circle may be appropriate — Randy to assess.
