Dominant Buying Motive: FAMILY TIME + SCALE

Jake wants consistent high-value truck and PI cases so he can build a firm that runs without him — and be present for his wife and two kids.

"No transcript available. DBM inferred from Avvo profile: motivated by helping 'the underdog' and families standing up to corporations. Married with two children."

What he wants:

- **Predictable truck and PI cases.** High-value cases from digital channels — not just referrals.
- **Family time.** Two kids at home; wants to step back without the firm stalling.
- **Dominant South Texas PI brand.** Bilingual + ATAA specialization = a market position nobody is occupying.

What is stopping him:

- **No digital presence.** Zero 3-pack, paid search, LSA, or Meta ads — competitors own every channel.
- **Under 10 Google reviews.** Competitors have 125–1,207; review gap is the primary blocker.
- **Three NAP inconsistencies.** Wrong address/phone on Yellow Pages, FindLaw, LawyerLegion.
- **Broken contact form.** Prospects can't submit inquiries; motivated leads are leaving the site.

Why This Marketing Package

What it does for him:

- Builds the SEO and review foundation before paid ads — the right sequence for a firm starting from zero digital presence.
- Bilingual practice area pages for San Antonio + three RGV counties unlock a market no competitor is serving digitally.
- Review velocity toward 50+ enables LSA qualification and local 3-pack eligibility — unlocking the two highest-ROI channels.

Web & SEO Starter | \$4,847/mo bundled

- PI high-competition market — foundation phase required before paid ads; no practice area pages or geo content currently exist.
- Review count is 10 vs. 125–1,207 for competitors; structured review program is prerequisite for everything else.
- Squarespace platform with no bilingual content for Edinburg, Brownsville, Laredo — unique competitive moat available.

Why This Coaching Package

What it does for him:

- Dedicated FCOO maps intake and builds delegation SOPs — team structure Jake needs to absorb the lead volume marketing creates.
- Weekly coaching + mastermind keeps Jake building the business, not just practicing law — direct path to hiring first intake coordinator.

FCOO Advisor | \$3,297/mo bundled

- Solo with no team — FCOO builds the operational infrastructure before marketing scales beyond Jake's personal capacity.
- Includes Elite Coach group deliverables: weekly sessions, masterminds, quarterly and annual workshops.
- PACKAGE OVERRIDE from trigger file. Confirm firm revenue and readiness before proposal — 35% cap check required.

Why This Ad Spend (Phase 2 Planning)

What it does for him:

- Phase 2 paid ads launch once 50+ reviews achieved — Google Ads + LSA + Spanish Meta across San Antonio and South Texas.
- Spanish-language campaigns in RGV markets Jake already serves but is currently invisible in digitally.

Recommended Ad Spend Range:

- **Conservative:** \$7,500/mo — LSA-focused Phase 2 entry; below PI hard floor but appropriate for initial launch.
- **Aggressive:** \$15,000/mo — multi-channel Google Ads + LSA + Spanish Meta targeting four-county South Texas footprint.

Estimated Return on Investment:

- **Conservative (\$7,500/mo):** ~11 leads x 15% = 2 cases x \$25K = \$50K/mo vs. \$7.5K = 6.5x return (est.).
- **Aggressive (\$15,000/mo):** ~33 leads x 15% = 5 cases x \$25K = \$125K/mo vs. \$15K = 8x return (est.).

Estimates. \$25K conservative default case value used — truck cases typically \$75K–\$200K+. Not guaranteed.

How the range was calculated:

- **Conservative:** PI high-competition entry. Blended CPL ~\$677 (Google 70% + LSA 30% + 20% cushion).
- **Aggressive:** \$1M goal x 20% / 12 = \$16,667. Tier 3 x 1.15 = \$19,167. Spanish PI x 1.50 = \$28,750. Minus fee = \$23,903.
- At \$500K rev: \$8,144 + \$15K = \$23,144/mo = 55% of revenue — exceeds 35% cap. Confirm actual revenue before finalizing.

If He Pushes Back

"I get cases from referrals — why do I need digital?"

Referrals are finite. Carabin Shaw has 1,207 reviews and runs ads for Jake's exact keywords. Every referral he gets is a lead that found someone else first. Digital adds a second pipeline that does not depend on who Jake knows.

"My website is new — it should be fine."

Modern design but no practice area pages, no geo content for three of four counties served, and a contact form that did not render during testing. New websites that don't rank or convert are missed opportunities, not assets.

"I'm a solo attorney — I can't afford \$8K a month."

One truck accident case at \$75K–\$200K+ pays for over a year of SMB Team fees. The question is not whether Jake can afford it — it is whether he can afford watching competitors capture those cases while he waits for the next referral.
