Dominant Buying Motive: FREEDOM

No transcript — DBM inferred. Boutique PI firm, founder-run, 4.5 stars, zero paid marketing. Wants cases without personally chasing them.

What she wants:

- **Predictable case flow.** A system that brings in qualified PI leads so she isn't relying on referrals.
- **Intake that runs without her.** Someone else qualifying and booking consultations.
- **Planned owner compensation.** A financial framework — not whatever happens to settle.
- **Time and choice.** Ability to take a week off without cases falling through the cracks.

What is stopping her:

- **No paid advertising on any channel.** Google, LSA, and Meta all untouched while competitors spend heavily.
- **31 reviews vs. 730 (Drennan) and 2,260+ (Joye).** Not appearing in 3-pack for any competitive keyword.
- **No intake specialist or after-hours coverage.** Attorney likely handles every inquiry personally.
- **Revenue unconfirmed (est. \$500K, low confidence).** Confirm before finalizing — 35% cap requires ~\$640K+ at \$10K ad spend.

Why This Marketing Package

What it does for her:

- Maiden Law Firm appears in Google for 'car accident lawyer Charleston SC' — searches going entirely to competitors today.
- LSA places the firm above paid ads and the map pack; charges per qualified lead, not per click.
- Review strategy begins closing the 699-review gap with Drennan Law Firm.

Full Service Marketing — Starter | \$4,847/mo bundled

- PI practice — Essentials not eligible; Starter is the minimum tier for personal injury.
- Revenue \$400K–\$1M estimated — Starter is the correct revenue-band match.
- No paid ads on any channel — full service needed, not ads-only sub-package.
- Site missing attorney bio, practice area pages, geo-targeting — rebuild required.

Phase 2 Note (For Randy Gold)

Coaching is not included in Phase 1 per sales rep directive.

- Phase 1 = Full Service Marketing — Starter only. Do not present coaching as part of this proposal.
- Phase 2 recommendation: Add Elite Coach Plus (\$3,200/mo bundled) once marketing launches and Brooke sees lead volume growing — frame as the system that converts more leads into signed cases without her personally running intake.
- Natural trigger: After first 60–90 days when she's asking 'how do I handle all these leads?' — that is the coaching conversation.

Why This Ad Spend

What it does for her:

- PI leads arrive from Google and LSA within 90 days — without Brooke personally sourcing them.
- Conservative spend projects ~5–6 cases/mo (\$41K revenue) vs. \$10K spend — a ~4x return (est.).

Ad Spend Range & ROI (estimates — confirm case value and close rate):

- **Conservative \$10K/mo:** ~37 leads x 15% close x \$7,500 = ~\$41,000 revenue. ~4x return. PPC \$5K + LSA \$3K + Meta \$2K.
- **Aggressive \$20K/mo:** ~89 leads x 15% close x \$7,500 = ~\$100,000 revenue. ~5x return. Exceeds Starter cap — Growth tier upgrade or 10% overage required.
- **35% cap:** \$4,847 fees + \$10K ads = \$14,847 / est. \$41,667 mo rev = 36%. Near cap — confirm revenue is at least ~\$510K annually. If revenue is lower, reduce ad spend first.

If She Pushes Back

"I'm not sure I have the budget for this right now."

Joye Law Firm (2,260+ reviews) and Drennan Law Firm (730 reviews) are spending now to own the searches Maiden Law Firm isn't appearing in. Conservative scenario: ~\$41K estimated monthly revenue vs. \$10K ad spend — designed to be self-funding.

"How do I know this will generate cases in my market?"

The market is generating the cases — Joye Law Firm proves it. They didn't invent demand; they built systems to capture it. Maiden Law Firm has a 4.5-star reputation and real client testimonials. The quality is there. The system to get in front of searchers is what's missing.

"I need to think about it."

Every month is a month Drennan Law Firm (699 more reviews) and Joye Law Firm (advertising on every channel) extend their lead. Urgency score 8/10 — this is not a future problem. The audit gives Graham and Brooke everything they need to make the decision.
