Dominant Buying Motive: SCALE AND DOMINATE

Shapiro wants the firm recognized as the undisputed #1 criminal defense practice in San Diego County.

"No transcript available. Observations from live research below."

"Firm markets itself as 'one of San Diego's largest criminal defense law firms' and sponsors Padres broadcasts on 97.3 The Fan — not a firm that avoids the spotlight."

What he wants:

- **Market dominance.** To be the first name every San Diego resident thinks of when they need a criminal defense attorney.
- **Digital visibility to match his credentials.** AVVO 10.0 and 12 Super Lawyers listings that show up when prospects search Google, not just in directories.
- **A firm that scales without him.** More revenue without more of his personal time — systems that run the firm, not just the owner.

What is stopping him:

- **No digital paid ads.** Radio builds awareness; it misses the midnight arrest search. No Google Ads, LSA, or Meta ads observed.
- **4:1 Google review gap.** Sevens Legal has 800+ reviews vs. this firm's ~204 — the primary local 3-pack ranking signal.
- **Website conversion gaps.** Buried contact form, no after-hours coverage — traffic does not convert as it should.
- **No financial tracking.** Revenue, margins, and owner compensation not confirmed — growth without visibility may not improve take-home.

Why This Marketing Package

What it does for him:

- Puts the firm's name on every San Diego criminal defense search — emergency calls this firm is currently missing go to them instead.
- Closes the digital gap with Sevens Legal by competing on PPC, LSA, and Meta — the channels generating emergency retainers daily.

Full Service Marketing — Starter | \$4,847/mo bundled

- Criminal Defense + San Diego high-competitiveness: Essentials ineligible — Starter is minimum required tier.
- Practice areas (DUI, violent crimes, sex crimes, federal defense) require full-depth campaign coverage that Starter delivers.
- San Diego Tier 2 geo: \$60–\$150 CPC for criminal defense; Starter supports conservative launch at \$5,500 ad spend.
- Saves \$850/mo vs. stand-alone price of \$5,697/mo.

Why This Coaching Package

What it does for him:

- Builds intake, team, and financial systems so the firm handles more volume without the owner becoming the bottleneck.
- Creates the profit visibility to know whether growth is generating more take-home or just more overhead.

Elite Coach Plus | \$3,200/mo bundled

- Revenue band \$400K–\$1M: Elite Coach Plus is the appropriate tier.
- Intake specialist on staff but no documented process — coaching builds the intake system before scaling ad spend.
- 7-person team, no confirmed management layer — coaching addresses the accountability gap directly.
- Saves \$297/mo vs. stand-alone price of \$3,497/mo.

Why This Ad Spend

What it does for him:

- Captures the midnight DUI arrest, the family member searching for a violent crimes attorney, the federal charge referral — the exact moment prospects are most willing to retain.
- Conservative scenario: 2–3 new cases/month from digital alone. Aggressive: 12–13 cases/month. Both scenarios deliver strong ROI given this firm's case values.

Recommended Ad Spend Range:

- **Conservative:** \$5,500/mo — channel minimums for criminal defense in San Diego.
- **Aggressive:** \$22,000/mo — full coverage to compete with Sevens Legal. Note: exceeds Starter cap; Growth tier recommended at this level.

Estimated ROI:

- **Conservative:** 18 leads x 15% close = 2–3 cases x \$4K avg = ~\$10K/mo vs. \$5,500 spend = 1.8x return.
- **Aggressive:** 88 leads x 15% close = 12–13 cases x \$4K avg = ~\$52K/mo vs. \$22K spend = 2.4x return.

Estimates only. Actual case values (felony/federal/sex crimes) likely \$10K–\$50K+ — true ROI substantially higher.

How the range was calculated:

- **Conservative:** PPC \$2,500 + LSA \$1,000 + Meta \$2,000 = \$5,500 (criminal defense minimums).
- **Aggressive:** \$1M goal x 20% / 12 x 1.3 (Tier 2) = \$21,667; minus \$4,847 fee = \$16,820. Reverse math yields \$34,675 — \$22K is midpoint.
- \$8,047 fees + \$5,500 ad spend = \$13,547 total (~32% of est. revenue). Within 35% cap at conservative level.

If He Pushes Back

"We already have radio and strong organic presence."

Radio misses the 2 a.m. arrest search. Sevens Legal has 800+ Google reviews and named SD's best DUI firm — they capture every digital emergency query this firm is not competing for.

"Our AVVO 10.0 and Super Lawyers already establish credibility."

Credibility is not the problem — visibility is. Those credentials do not appear on 'DUI lawyer San Diego' at midnight. Digital systems put credentials in front of prospects at the moment of need.

"We are not sure the timing is right for this investment."

Sevens Legal adds reviews every month — the 4:1 gap compounds over time. Every month without LSA and Google Ads is a month their local 3-pack dominance gets harder to challenge.

"How do we know the ROI will be there?"

LSA leads convert at 7x PPC. This firm's actual case values (\$10K–\$50K+ for felony/federal) make even 1–2 cases/month from a \$5,500 ad spend a strong return. The market demand (\$60–\$150 CPC) confirms it.
