

The Law Offices of Joseph A. Marra, PLLC

Sales Companion | June 19, 2026 | Rep: Dan Bryant

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Joseph A. Marra	~\$900K (est.)	4 attorneys + support	Stage 4	15% (default)	Yonkers + Somers, NY

Dominant Buying Motive: OPERATIONAL RELIEF

Joe wants a firm that runs without him having to personally intervene every time a staff member leaves, a matter stalls, or a client goes silent.

"Clients stall for months with no firm follow-up; other clients want work faster but internal delays occur."

"Documents sometimes printed and left on desks; no upload or Clio updates performed."

What he wants:

- **Systems that survive staff changes.** Client follow-up must continue automatically when someone leaves — not wait for Joe to notice.
- **Predictable new client flow.** New clients should find the firm without him personally managing every referral relationship.
- **A firm he can step away from.** He serves as Town Judge — the firm must run when he is not physically present.

What is stopping him:

- **No intake automation.** Follow-up depends on whoever is in the office — no system runs regardless of staff.
- **Staff instability.** Departures and leave cause cascading failures with no defined coverage protocol.
- **No digital lead generation.** Referral-only while Ettinger, Enea Scanlan, and Bilkis run active paid campaigns.
- **Clio underutilized.** Workflows not standardized — documents sit on desks instead of being uploaded.

Why This Marketing Package

What it does for him:

- New estate planning clients find Marra Law on Google — without Joe personally generating every lead through referrals.
- LSA and Google Ads turn his 147 reviews and AV Preeminent credentials into paid placements that show up above every competitor.
- He stops being the source of every new client and starts having a system that works while he is on the bench.

Full Service Marketing — Starter | \$4,847/mo bundled

- ~\$900K revenue estimate — Starter tier correct for \$400K–\$1M range.
- No paid ads observed on any channel — digital front door is undefended.
- Stand-alone \$5,697/mo — bundled saves \$850/mo.

Why This Coaching Package

What it does for him:

- Structured weekly coaching creates accountability for implementing the intake and workflow systems the firm needs — without Joe having to figure it out alone.
- The coaching cadence focuses the first 90 days on the exact pain points Joe described: intake automation, Clio workflow, and aged probate resolution.
- Practice area masterminds connect him with other estate planning and elder law attorneys at the same stage, solving the same problems.

Elite Coach Plus | \$3,200/mo bundled

- 4-person team, Stage 4 — Elite Coach Plus is the correct fit.
- Addresses the operational gaps marketing alone cannot fix.
- Stand-alone \$3,497/mo — bundled saves \$297/mo.

Why This Ad Spend

What it does for him:

- Paid ads add a predictable second source of estate planning clients — separate from referrals, running whether or not Joe is in the office.
- Conservative spend at \$7,500/mo is projected to add 5 estate plan signings per month at \$30,000 in revenue — a 4x return on ad spend.

Recommended Ad Spend Range:

- **Conservative:** \$7,500/mo — channel minimums for estate planning and elder law in Yonkers/Westchester.
- **Aggressive:** \$25,000/mo — full budget targeting 2x revenue goal; subject to revenue confirmation.

Estimated Return on Investment:

- **Conservative:** 5 cases x \$6K = \$30K/mo vs. \$7.5K spend = 4.0x return (est.).
- **Aggressive:** 18 cases x \$6K = \$108K/mo vs. \$25K spend = 4.3x return (est.).

All figures are estimates based on industry averages. Not guaranteed. Close rate 15% default; case value \$6,000 stated by prospect.

How calculated:

- **Conservative:** Estate planning + family law channel minimums = \$7,500/mo.
- **Aggressive:** 2x revenue goal x 20% / 12 x Tier 3 (1.15x) minus \$4,847 fee = ~\$25K. Confirm actual revenue before committing.

If He Pushes Back

"We already have Clio — can't we fix workflows ourselves?"

Clio has been in place for years and documents are still on desks. The problem is not the tool — it is the absence of structured accountability to enforce the workflow. That is what coaching provides.

"We can't afford another monthly expense."

Estate planning alone is ~\$60K/month. Conservative ads at \$7,500 project 5 additional cases (\$30K revenue) — 4x return. The spend pays for itself if 3 cases close.

"We need to fix team issues before marketing."

This is the sequence trap. Marketing revenue funds team fixes. Coaching addresses intake and systems in parallel. Running them sequentially means 6-12 months of lost leads.
