Prospect Snapshot

A. Randall Haas	Est. \$400K–\$700K	2 (atty + asst)	Stage 3	15% (default)	Ft. Lauderdale, FL

Dominant Buying Motive: FREEDOM

Randall wants consistent client flow without chasing it — and the freedom to focus on criminal defense, not admin.

"A Passion For Defending Good People In Bad Situations — website philosophy; identity is tied to the work itself."

"39 years of criminal defense. The reputation is built. What is missing is the system that makes it findable."

What he wants:

- **Predictable leads.** A pipeline that fills itself without personal outreach or referral dependency.
- **Freedom from intake.** Clients handled by a system, not by him on every call.
- **Wealth that reflects expertise.** Income commensurate with 39 years at the top of criminal defense.

What is stopping him:

- **No lead gen system.** No 3-pack presence, no paid ads observed for any practice area.
- **No intake process.** Attorney handles every inquiry personally alongside billable work.
- **Website friction.** 5–8-year-old site, domain redirect, no homepage form — visitors bounce.
- **NAP conflicts.** Two confirmed inconsistencies suppressing local rankings daily.

Why This Marketing Package

Why This Ad Spend

What it does for him:

- 45–77 estimated qualified criminal defense leads per month — predictable pipeline replacing referrals.
- Estimated 5–6x return on ad spend at both scenarios; measurable ROI from day one of campaigns.

Recommended Ad Spend Range:

- **Conservative:** \$8,700/mo — Criminal Defense minimums: PPC \$5,500 + LSA \$2,000 + Meta \$1,200.
- **Aggressive:** \$12,000/mo — scaled to 35% total cap at \$700K estimated revenue.

Estimated Return on Investment:

- **Conservative:** ~7 cases x \$6,500 = ~\$45,500/mo vs. \$8,700 spend = ~5.2x return.
- **Aggressive:** ~12 cases x \$6,500 = ~\$78,000/mo vs. \$12,000 spend = ~6.5x return.

All figures are estimates. 15% default close rate, \$6,500 default case value. Not guaranteed.

How the range was calculated:

- **Conservative:** Criminal Defense channel minimums: PPC \$5,500 + LSA \$2,000 + Meta \$1,200 = \$8,700.
- **Aggressive:** \$1.1M goal x 20% / 12 x Tier 2 (1.3x) = \$23,833; minus \$4,847 fee = \$18,986; capped at \$12,000 for 35% rule at est. \$700K revenue.
- At aggressive: \$8,047 + \$12,000 = \$20,047/mo = ~34.4% of \$700K/12. Within 35% cap.

If He Pushes Back

"I've always gotten work through referrals — why change now?"

Rossen Law Firm grew from a comparable starting point to 9 offices, 338+ Google reviews, and Inc. 5000 recognition in 3–4 years — by investing in the systems referrals cannot build. Referrals do not reach the person searching Google at 2 AM after an arrest. That lead goes to whoever shows up first.

"I'm not sure we need a full website rebuild."

The primary domain redirects to a keyword-stuffed URL. Sites of this type typically score 30–55 on mobile PageSpeed. A visitor comparing Haas to Rossen Law Firm will choose the site that loads fast, has a form above the fold, and shows a video. First impressions determine whether anyone calls.

"\$8,000/month feels like a lot for a practice my size."

At conservative ad spend (\$8,700/mo) with est. 5.2x return, projected case revenue is ~\$45,500/mo. Management fees of \$8,047 represent ~17.6% of est. monthly revenue — well within the 35% cap. The urgency score is 8/10 and the gap with Rossen is widening every month.
