

BW Law, PLLC

Sales Companion | August 14, 2026 | Rep: Randy Gold

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Sarah (Yunjuan) Bai	~\$200K (2025); goal \$500K	1 PT assistant + contract ors	4: Small Biz Mgr	Not stated (15% default)	Gainesville, FL

Dominant Buying Motive: FREEDOM FROM "CHIEF EVERYTHING OFFICER"

Sarah wants to stop personally reviewing every contractor's work and build a team she trusts, so she can spend her time on business development and networking instead.

"Chief everything officer"

"Build a trusted team to delegate work and reduce personal stress"

What she wants:

- **Hit \$500K without burning out.** Scale from ~\$200K without just working more hours.
- **Delegate real work.** A team she trusts enough to stop reviewing every file herself.
- **Get her time back.** Room for business development and networking, not just oversight.

What is stopping her:

- **No hiring system.** Every hire depends entirely on her personal time to train and review.
- **Thin team.** One part-time assistant plus contractors — no one owns ops or QA.
- **No capacity plan behind \$500K.** The revenue target exists; the team plan does not.
- **Single lead channel.** GBP, referrals, and networking work, but nothing adds volume on top.

Why This Coaching Package

What it does for her:

- Gives her a structured hiring and delegation framework instead of winging it.
- Group coaching and masterminds with owners solving the same Stage 4 to 6 problem.

Elite Coach | \$2,600/mo bundled

- Revenue is under \$250K on both the HubSpot estimate (\$180K) and the transcript figure (~\$200K) — Elite Coach is correct either way.
- Matches what was proposed on the call: coaching on hiring/systems at ~\$2,000/mo, which Sarah confirmed as realistic.
- Stand-alone price is \$3,497/mo — bundled pricing saves \$897/mo.
- No marketing package included: GBP/referrals/networking already work and there is no paid history to fix. Single-product by design.

Why This Ad Spend

What it does for her:

- Tests paid visibility at low risk, alongside coaching, without buying a marketing package she did not ask for.
- Builds a second lead channel that does not depend on her personal referral network.

Recommended Ad Spend Range (optional, informational only):

- **Conservative:** \$3,000/mo — Immigration Google PPC minimum, which also matches the platform's absolute floor for any paid ads.
- **Aggressive:** \$8,300/mo — full budget aligned to the \$500K revenue goal.

Estimated Return on Investment:

- **Conservative:** ~3.8 cases x \$4.5K avg case value = ~\$17.3K/mo vs. \$3.0K spend = ~5.8x return.
- **Aggressive:** ~12.8 cases x \$4.5K avg case value = ~\$57.6K/mo vs. \$8.3K spend = ~6.9x return.

All figures are estimates using an Immigration default case value (\$4,500) and 15% default close rate — neither was stated on the call. Not guaranteed.

How the range was calculated:

- **Conservative:** Immigration Google PPC minimum = platform absolute minimum. Both floors converge at \$3,000/mo.
- **Aggressive:** \$500K goal x 20% ÷ 12 = \$8,333/mo. Tier 4 Gainesville multiplier (1.0x), rounded to \$8,300/mo. No mgmt fee to subtract — none sold.

If She Pushes Back

"What about the AI Workforce platform we talked about?"

Still matters — but Legal AI Workforce has a formal \$500K revenue floor, and BW Law is at ~\$180K–\$200K. Not eligible to price in yet. Frame as Phase 3: revisit as revenue trends toward \$500K, which coaching is designed to help her reach.

"Why isn't there a marketing package here?"

She said GBP, referrals, and networking are working, and she's never run paid marketing. The call was about hiring, not lead gen. Ad spend is offered as an optional add-on only.

"Is \$2,600/mo really enough?"

She independently confirmed ~\$2,000/mo as realistic before we quoted a price — \$2,600/mo bundled closely matches what she already told us she's comfortable with.
