Law Office of Jonathan M. Williams

Sales Companion | November 3, 2026 | Rep: Cathy Tran

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Jonathan M. Williams	~$85K gross (est.)	1 (solo)	3	15% default	Harvey, LA

Dominant Buying Motive: A STEADY CASE FLOW

Jonathan wants a constant flow of cases so he can stop relying on word of mouth and eventually hire help (inferred; no direct quote).

> *"I know that I do need to do something different than just relying upon word of mouth."*
>
> *"I would have to have a constant flow of cases."*
>
> *"I would see improvement in my bottom line."*

What he wants:

- **More personal injury cases.** "More cases, absolutely." He handles about two a month and could take five more.
- **A source beyond referrals.** Word of mouth is the main source, and he cannot track it.
- **Help, eventually.** He said "Ultimately, yes" to growing so he can hire.
- **A better bottom line.** He has no revenue goal yet, only the wish to improve it.

What is stopping him:

- **No budget or goal.** "I didn't consider a budget for it." No revenue target is set.
- **Small revenue.** About $85K gross. The package is about 61% of his monthly revenue.
- **He is alone.** No staff to run marketing, intake, or follow-up.
- **Past ads gave views.** His Facebook ads gave "more views," and social is untracked.
- **Site built once.** A vendor built it and he adds no content.

Why This Marketing Package

What it does for him:

- Injury clients in Jefferson Parish can find his site and Google profile.
- He gets a source of cases beyond people who already know him.
- It builds the foundation first, with no ad spend at risk.

Web + SEO Starter | $3,997/mo stand-alone (no bundle discount)

- Seller override (Slack, Nov 3): Web + SEO Starter, no coaching. Reps advised against paid ads.
- Starter is normally a $500K+ tier. He is near $85K gross, so expect a price conversation.
- The site is new (Lighthouse 65 mobile, 97 desktop). Scope is pages, content, and Google profile.
- Includes 10,000 words at launch, 6,000 a year after, and 30 minutes of edits a month.

Why This AI Package

What it does for him:

- Email, case notes, and scheduling start coming off his plate.
- He tests AI month to month, with no long-term commitment.

AI Workforce Pro – Starter, 1 user | $350/mo

- Reps raised it on the call. No tier or price was quoted to him.
- It does not count toward a bundle, so Web + SEO is charged at its stand-alone price.
- LAW normally excludes solo firms. Seller override. Confirm LAW delivery has launched.
- Fractional CTO needs $400K+ revenue, so it is not an option.

Williams Law — Sales Companion (continued)

Why There Is No Ad Spend

What it does for him:

- No budget is tied up before he can see where cases come from.
- It leaves room to add a paid channel once inquiries are tracked.

Ad spend status:

- No ad spend is in the proposal. Web + SEO carries none.
- Reps advised against PPC, LSA, social ads, and lead buying at this revenue.
- Paid ads are a Phase 2 idea only, with no number set.

Estimated return (internal only):

- None modeled. Do not quote leads or cases to him.

No ad spend is recommended, so there is no ROI projection.

Spend and cap check:

- $4,347/mo vs. about $7,083/mo revenue = 61%. The 35% cap is $2,479/mo. Over the cap.
- Under $250K revenue: confirm 4 months of funds ($17,388) and get scoping approval.
- Case value $5K–$8K is his number. The rep's $2,500 figure is not his. Net revenue is unconfirmed.

If He Pushes Back

"That is a lot for what I make."

It is a real commitment: about $52K a year, or 7 to 10 cases at his $5K–$8K estimate. Ask what he can afford and flag it to Cathy.

"Why not just run ads like my competitors?"

He said they "put a lot of dollars into marketing." Without tracking, ad dollars leak. His Facebook ads gave "more views." Build the base first.

"I just got a new website."

Agree. It is clean and fast on desktop (97). It has no pages for his parishes and no content. That is what Web + SEO adds.

"Do you work with firms in my parishes?"

He asked on the call. Open item: check for existing clients in Jefferson and Orleans Parish before Nov 6.

Before The Call

- Review counts unconfirmed. Verify live before the call. None are printed in the report.
- Google profile, map results, and ads were not observed. Confirm live.
- Confirm collected (net) revenue and fee structure. Gross only was stated.

Investment At A Glance

Web + SEO Starter	**$3,997/mo**
Local pages, SEO content, Google profile, monthly edits.	No bundle discount
AI Workforce Pro – Starter (1 user)	**$350/mo**
Month to month. Managed AI workspace and weekly session.	No stand-alone price

Total: $4,347/mo | No ad spend | No bundle savings | 61% of revenue (OVER 35% cap)
