Dominant Buying Motive: CAPACITY WITHOUT STAFF

She wants to take on more cases without hiring people or becoming a bigger firm.

> *"I don't have any aspirations to like grow and like hire more attorneys and everything, but I think that I could take on more cases if I had, you know, assistance with some of the admin stuff."*

> *"I would prefer to have an AI because then I'm not worried about them all of a sudden up and quitting and me having to like retrain and like do all of that."*

> *"I think the one I want to focus on first is, you know, intake first."*

What she wants:

- **Intake handled fast.** Every new lead gets a quick response, even when she is in court.
- **AI, not hires.** She fears staff quitting and retraining more than she fears tech.
- **Her top ask.** AI pulls LegalMatch leads into MyCase and reaches out right away.
- **Admin off her desk.** Template motions to withdraw and the morning email pile.

What is stopping her:

- **She is the whole firm.** No attorney, paralegal, receptionist, or admin.
- **Slow follow-up.** She loses an estimated 5 to 10 leads a month.
- **After-hours gap.** Google Voice goes to voicemail; a past answering service failed.
- **LegalMatch no-shows.** She says 40 to 50% do not answer on LegalMatch leads.
- **Feasibility unknown.** LegalMatch has no public API and MyCase access is unconfirmed.

Why This Fractional CTO Package

What it does for her:

- Gives her one person who leads the AI rollout so she is not doing it between hearings.
- Points the first automations at intake, her stated priority.
- Turns her wish list into a monthly plan of skills and automations.

Fractional CTO Level 1 | $3,297/mo bundled

- Includes one monthly 1:1 session and up to 2 extra 1-hour sessions.
- Includes up to 2 skills deployed and up to 1 custom automation per month.
- Training videos and a monthly automation report are included. Setup fee is $0.
- Rep and seller locked this package. Foundation Sprint is not part of Level 1.

Why This AI Workforce Package

What it does for her:

- Gives her a working AI seat now, at the lowest entry cost.
- Adds a weekly session so she keeps learning while the fCTO builds.

AI Workforce Pro – Starter (1 user) | $350/mo

- 1 seat assumed because team size was not stated. Confirm the seat count.
- 1M AI credits per user, month-to-month. No stand-alone price exists. Never quote one.
- Seller replaced Elite Coach Plus. Marketing stays excluded.

Why No Marketing or Ad Spend

- She said she is happy with her leads. Her problem is reaching them fast enough.
- You asked if marketing can wait since she cannot handle more leads. She said “at right now.”
- No ad spend, ROI table, or Block 4 in the report. Marketing is a Phase 2 idea only.
- If marketing is added later: Phoenix criminal defense and DUI needs approval, and Essentials is off the table.

Confirm Before The Call

- **Revenue fit.** Fractional CTO L1 requires $400K+. She said ~$250K. HubSpot range is $180K–$960K.
- **Solo rule.** LAW is normally not sold to a solo with no staff. Confirm she can run the sessions.
- **Delivery.** Confirm LAW delivery has launched and there is capacity.
- **Under $300K.** Scoping approval applies. Confirm she can fund the first months.
- **Missing data.** No live reviews, PageSpeed, maps, or ads data. Re-run in a browser if you want figures.
- **Name and phone.** Directories show 928 and 602 numbers and three firm-name variants.

If She Pushes Back

"Is $3,647 a month too much at my revenue?"

It is about 17.5% of her stated pace (under the 35% cap). She lost 5 to 10 leads a month at ~$4,000 a case, about $20K to $40K in case value (her numbers, not a promise).

"Can the AI really link LegalMatch and MyCase?"

Do not promise it. Feasibility is unconfirmed. Her wish list comes first, then the fCTO confirms what is possible.

"I already have an AI account I have not used."

Time is the blocker: intake is “taking away from the time that I have for my cases.” The fCTO does the building with her.

Investment At A Glance
