Doug Chanco	\$2.5M (2025)	3 (2 atty+para)	Stage 4	65% hist./down	Roswell, GA

Dominant Buying Motive: WORK IN THE BUSINESS

Doug wants to practice law — solve legal puzzles — not manage the business behind it.

"Doug prefers 'working in' the business (solving legal puzzles) over 'working on' it."

"Getting our lunch handed to us — 2026 case volume is a fraction of what it was in 2025."

What he wants:

- **Back to practicing law.** Off the operational treadmill; focused on cases.
- **Systems that generate leads without him.** No managing marketing or intake personally.
- **Revenue recovery.** Recover to \$2.5M, then 20% annual growth.

What is stopping him:

- **Triple website crisis.** chancoschiffer.com indexed + roswelllegal.com has zero indexed pages — organic destroyed.
- **No paid ads running.** PPC and LSA stopped; poor ROI was likely a landing page problem, not a market problem.
- **88%/82% case volume collapse.** 2026 YTD: 35 criminal + 10 PI vs. 300 + 55 in full-year 2025.
- **No intake role or protocol.** Both attorneys absorb operational tasks; no defined digital follow-up process.

Why This Marketing Package

What it does for him:

- Rebuilds the digital foundation — one domain, LSAs live, GBP optimized — so leads come in without Doug managing it.
- Replaces the broken organic-only model with a paid engine that competes in the channels The Ford Law Firm and Hammers already own.

Full Service Marketing — Growth | \$7,397/mo bundled

- Revenue \$2.5M: Growth tier. PI practice area: minimum Starter, satisfied.
- Website rebuild required: roswelllegal.com zero-indexed; three-domain authority split must be resolved.
- Conservative total SMB spend: \$18,097/mo = 8.7% of 2025 revenue — well under 35% cap.

Why This Coaching Package

What it does for him:

- Provides profit plan framework so revenue recovery translates into actual take-home, not just higher case volume.
- Builds the intake protocol and operational structure that removes Doug from business management — his stated goal.

Elite Coach Plus | \$3,200/mo bundled

- Revenue \$1M+, team under 5: Elite Coach Plus. Master's Circle requires 5+ team — ineligible.
- Weekly group sessions + practice area masterminds address criminal defense and PI recovery challenges.
- Saves \$297/mo vs. stand-alone \$3,497/mo.

Why This Ad Spend

What it does for him:

- Activates LSAs using the firm's existing 117 reviews / 4.7 stars — fastest path to pay-per-lead top-of-Google visibility.
- Turns paid advertising into a reliable case engine that replaces the organic model that collapsed.

Recommended Ad Spend Range:

- **Conservative:** \$7,500/mo — Criminal PPC \$2,500 + LSA \$1,000 + PI PPC \$2,500 + LSA \$1,500.
- **Aggressive:** \$30,000/mo — full Roswell metro + Alpharetta, Sandy Springs, Marietta, Cumming.

Estimated Return on Investment:

- **Conservative:** 8-10 cases x \$6,500 avg = ~\$58,500/mo vs. \$7,500 = ~7.8x return (est.).
- **Aggressive:** 44-46 cases x \$6,500 avg = ~\$299,000/mo vs. \$30,000 = ~10x return (est.).

Estimates only. PI case value uses practice area default — not stated on call. Not guaranteed.

How the range was calculated:

- **Conservative:** Channel minimums — criminal + PI PPC and LSA floors sum to \$7,500.
- **Aggressive:** \$3.0M goal x 20% / 12 = \$50K; Tier 2 Atlanta (1.3x) = \$65K; capped at \$30K per Growth tier.
- At aggressive: \$40,597 total SMB spend = 19.5% of 2025 revenue. Under 35% cap.

If He Pushes Back

"We tried ads before and they didn't work."

Prior campaigns ran to a non-indexed domain with a buried contact form — a landing page problem, not a market problem. The Ford Law Firm and Hammers prove ads work in Roswell; the fix is a proper conversion-optimized page on one authoritative domain.

"We can't afford to invest right now with revenue down."

At current 2026 pace, the firm is projecting roughly \$630K-\$900K — a \$1.5M+ annual deficit vs. 2025. Conservative SMB investment (\$18,097/mo) is 8.7% of prior revenue. The cost of inaction compounds every month competitors extend their lead.

"I don't want to manage more people or grow a big firm."

The pitch is not a bigger firm — it's one intake coordinator who removes Doug from the operational treadmill entirely. Every intake and follow-up task Doug currently handles goes to that role. Team stays small; Doug's workload gets lighter.
