Otorowski Morrow and Golden

Sales Companion | October 30, 2026 | Rep: Michael Kopp

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Chris Otorowski	$3M+ (HubSpot, unverified)	Not stated	Stage 3	~2%	Seattle + Bainbridge

Dominant Buying Motive: FREEDOM (inferred)

He wants better cases and fewer junk calls, and he does not want to vanish as search moves to ChatGPT.

> *"I am sure that there are higher quality cases that we would like to attract."*

> *"If you're going to get calls, you need to… come up when somebody uses ChatGPT."*

> *"We get five calls every day. Every day, a malpractice call. And most of them are junk."*

What he wants:

- **Better cases.** He wants higher-quality malpractice cases, not more volume.
- **A personal injury mix.** He wants good PI cases to dilute a high-risk specialty.
- **ChatGPT visibility.** The call came from an ad saying firms invisible in ChatGPT lose out.
- **Dictation.** He wants to dictate into his software and not transfer anything.

What is stopping him:

- **Low visibility.** Google profile is 1.0 stars on 2 reviews and the firm is missing from all 6 Maps lists.
- **Hacked site.** Hidden pharmacy and casino links sit on the homepage. He only said okay.
- **Unknown vendors.** He has "homework" to learn what SEO and ads he already pays for.
- **No budget.** He said no budget is earmarked and needs a couple of weeks to gather info.
- **Long case cycle.** Cases take about three years, so return feels slow.

Why This Marketing Package

What it does for him:

- Makes the firm easy to find on Google, in Maps, and in AI answers.
- Points ads and site content at the cases he wants, so fewer calls are junk.
- Opens a PI lane (trucking, auto, product) next to med-mal.

Full Service Marketing – Starter | $5,697/mo (stand-alone price)

- Seller chose Starter only in Slack, with ad spend of $7,500–$12,500. Built as-is.
- Only one bundle product, so the stand-alone $5,697 applies. The $4,997 bundle price does not.
- HubSpot revenue of $3M+ would point to Platinum. Revenue is unverified. Confirm it.
- Starter covers 2 GBP locations. He has Seattle and Bainbridge Island. Site is 2018-era, so a rebuild fits.

What We Left Out, and Why

- **Coaching:** Not discussed or priced on the call. The seller removed it from the package.
- **AI Workforce Pro:** He liked the dictation demo. The seller removed it. It is in Phase 3 of the roadmap.
- **Before offering AI:** Confirm LAW delivery has launched and confirm the seat count.

Otorowski Morrow and Golden — Sales Companion (continued)

Why This Ad Spend

What it does for him:

- Puts the firm in front of high-intent Seattle med-mal and injury searches.
- Keeps spend on wanted cases by blocking dental, mold, and minor-damage terms.

Recommended Ad Spend Range:

- **Conservative:** $7,500/mo — Google plus Meta retargeting (seller set).
- **Aggressive:** $12,500/mo — Google, LSA, and Meta retargeting (seller set).

Estimated Return on Investment:

- **Conservative:** 0.4 cases x $6.5K = $2.4K/mo vs. $7.5K spend = 0.3x return.
- **Aggressive:** 0.8 cases x $6.5K = $5.1K/mo vs. $12.5K spend = 0.4x return.
- **Warning:** Returns are under 1x. The 2% close rate is low and the case value is a PI default.

All figures are estimates. Not guaranteed. Case value ($5K–$8K) is a default, not stated on the call.

How the range was calculated:

- **Conservative:** Accident/Injury minimums: PPC $6,000 + Meta retargeting $1,200 = $7,200. Seller set $7,500.
- **Aggressive:** Seller set $12,500. No goal stated, so 2x revenue would imply far more, well above Starter's $25K cap.
- CPL midpoints: Google $705, LSA $235, Meta $90. Conservative adds a 20% cushion. Total at aggressive: $18,197/mo = 7.3% of revenue. Under the 35% cap.
- Flag: Seattle PI hard floor is $10,000, so $7,500 needs paid ads team review.

If He Pushes Back

"I need a couple of weeks to figure out what we already have going."
Fine. Start with a vendor inventory. The spam links and Google profile need fixing either way.

"We already reject 800 cases a year. Why get more calls?"
The goal is better calls, not more. Ads use negative keywords for dental, mold, and minor-damage cases he already declines.

"I have no budget set."
Total spend tops out at about 7% of revenue if $3M holds. Confirm revenue first, then set the budget with him.

"Cases take three years. When do I see a return?"
Be honest: the model shows under 1x. Ask his real fee per case. Birth injury values may be far above the default.

Investment At A Glance

Full Service Marketing – Starter Ads, local SEO, LSA, Meta retargeting, and site updates.	**$5,697/mo** stand-alone price, no bundle
Recommended Ad Spend Goes to Google, LSA, and Meta — not to SMB Team.	**$7,500–$12,500/mo**

Total: $5,697/mo + $7,500–$12,500 ad spend | No bundle savings (single product) | 5.3%–7.3% of revenue (under 35% cap)
