

Hardball Law

Sales Companion | August 17, 2026 | Rep: Jacob Meissner

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Susan R. Green, Esq.	UNCONFIRMED (est. \$570K)	Solo	3: Solo	15% (default)	Towson, MD

Dominant Buying Motive: SELECTIVITY

Susan wants a steady flow of quality PI cases so she can stay selective about her caseload, instead of taking every case just to cover overhead.

"Solo practitioner who partners with larger firms on complex cases to avoid high overhead."

"A steady flow of quality PI cases, allowing for selective case intake."

What she wants:

- **Selective control.** Quality cases she chooses, not every case that comes in.
- **Freedom from overhead.** Partners out complex cases instead of staffing up.
- **Brand restored.** "Hardball Law" carrying the trust her name built over 40 years.
- **Predictable leads.** Paid ads replacing zero-ROI SEO and radio.

What is stopping her:

- **Zero-ROI SEO/radio spend.** Current "city page" and radio strategy produces no return.
- **No paid ads ever run.** Google, LSA, and Meta are all unused to date.
- **NAP/brand split.** Old address and pre-rebrand name still live on 4 directories.
- **Solo with no staff.** Nobody to delegate marketing, intake, or ops to.
- **Zero financial visibility.** No revenue, fees, or case-value tracking exists.

Why This Marketing Package

What it does for her:

- Turns 40 years of reputation into a predictable case pipeline.
- Fixes the NAP split so prospects see one consistent "Hardball Law."
- Gets her into paid search before competitors extend their lead.

Full Service Marketing — Starter | \$4,997/mo bundled

- PI hides Essentials — Starter is the minimum eligible tier.
- Multiple practice areas (PI + med-mal) confirm Starter or higher.
- \$4,997/mo bundled vs. \$5,697/mo stand-alone saves \$700/mo.
- Holds across the full \$180K–\$960K estimated revenue range.

Why This Coaching Package

What it does for her:

- Builds the financial visibility and systems she has zero of today.
- Creates accountability while she's still solo.

Elite Coach Plus | \$3,200/mo bundled

- \$400K–\$1M revenue band, any team size, maps to Elite Coach Plus.
- LAW and Fractional CFO/COO excluded — solo, no support staff.

Why This Ad Spend

What it does for her:

- Gets her into Google Search and LSA for the exact high-value case types she wants.
- Uses her existing video library to launch Meta ads with minimal new production cost.

Recommended Ad Spend Range:

- **Conservative:** \$7,500/mo — PI medium-competitiveness floor across recommended channels.
- **Aggressive:** \$20,000/mo — the Starter tier's approved ad spend cap.

Estimated Return on Investment:

- **Conservative:** 1.9 cases x \$6.5K = \$12.4K/mo vs. \$7.5K spend = 1.6x return.
- **Aggressive:** 6.0 cases x \$6.5K = \$39K/mo vs. \$20K spend = 2.0x return.

Estimates only, not guaranteed. Case value uses the Accident/Injury default — likely understates her higher-value target case mix.

How the range was calculated:

- **Conservative:** PI medium-competitiveness floor, Google-led channel mix.
- **Aggressive:** Starter tier's approved ad spend cap (reverse-math off an unconfirmed revenue guess ran higher, but is too speculative to use).
- REVENUE FLAG: at \$570K est., aggressive total spend is ~59% of revenue — over the 35% cap. Confirm revenue first.

If She Pushes Back

"We already tried SEO and radio — why would ads be different?"

Her SEO/radio spend produces zero ROI. Paid search targets people searching right now — and named competitors already capture that traffic.

"I don't have a team to manage all this."

SMB Team runs execution. Elite Coach Plus builds systems while she stays solo — FCOO support comes later, in Phase 2.

"What is my ROI actually going to be?"

Conservative returns ~1.6x, aggressive ~2.0x — estimates only, likely conservative given her higher-value target cases.

"I don't know my exact revenue off the top of my head."

That's why coaching starts with baseline tracking. We just need it confirmed before locking the aggressive ad spend.
