

The Spagnola Law Firm

Sales Companion | June 23, 2026 | Rep: Dan Bryant

Prospect Snapshot

Owner	Revenue	Team	Stage	Avg Case	Location
Samuel Spagnola	~\$400K/yr	2 (solo + 1 asst)	Stage 4	\$8,000	Greensboro, NC

Dominant Buying Motive: TIME SECURITY AND BUSINESS RESILIENCE

Samuel wants a firm that runs and earns without requiring his constant presence to survive.

"Currently ~400K annual ceiling"

"LSA: ~21 leads/2 weeks with 1 consult booked"

What he wants:

- **A firm that runs without him.** The ceiling exists because every intake and consult runs through Samuel personally.
- **12 contested cases/month.** Named explicitly on call. \$8K avg case value. Long-term goal: \$1M.
- **Better leads, not just more.** HHI targeting + negative keywords for high-value contested matters only.

What is stopping him:

- **Solo intake bottleneck.** Samuel handles every inquiry himself — intake is capped at his personal bandwidth.
- **5% LSA conversion.** \$3K/month in LSA generates ~2 consults/month; managed programs get 20–30%.
- **No PPC for ~2 years.** Kreider, Robertson, Woodruff likely hold all paid positions in contested family law.
- **121 reviews vs. Kreider's 648.** A 5x gap suppressing both maps pack and LSA ad rankings.

Why This Marketing Package

What it does for him:

- Replaces \$3–4K/month Matador spend with a fully managed multi-channel system — and relaunches Google PPC dormant for two years.
- Activates Meta retargeting (he specifically requested it) and fixes after-hours lead loss with 24/7 capture infrastructure.

Full Service Marketing — Starter | \$4,847/mo bundled

- Revenue ~\$400K places him in the \$400K–\$1M Starter tier.
- No contact form on site, no video, no PPC — all addressed in Starter tier scope.
- LSA self-management at 5% conversion replaced by professional management targeting 20%+.

Why This Coaching Package

What it does for him:

- Gives him the hiring framework for the intake coordinator he already knows he needs — so that hire succeeds instead of stalls.
- Builds weekly accountability toward 12 cases/month with a peer group of attorneys at the same growth stage.

Elite Coach Plus | \$3,200/mo bundled

- Revenue \$400K–\$1M, under 5 team members: Elite Coach Plus is the correct tier.
- Under \$500K: Fractional CFO and FCOO products are hidden per eligibility rules.
- Coaching launches in parallel with marketing — intake system buildout begins week one.

Why This Ad Spend

What it does for him:

- Conservative (\$4,500/mo) retains his existing \$3K LSA spend under professional management and adds Google PPC at the family law minimum — generating an estimated 3 additional cases/month at 5.3x ROAS.
- Aggressive (\$18,000/mo) is calibrated to his stated goal of 12 cases/month — reverse math at 15% close rate and \$175 blended CPL requires exactly this budget to hit that target.

Recommended Ad Spend Range:

- **Conservative:** \$4,500/mo — LSA retained at \$3,000 + Google PPC minimum \$1,500.
- **Aggressive:** \$18,000/mo — reverse math: 12 cases / 15% close = 80 leads x \$225 CPL = \$18,000.

Estimated Return on Investment:

- **Conservative:** 3 cases x \$8K = \$24K/mo vs. \$4.5K spend = 5.3x return (estimated).
- **Aggressive:** 15 cases x \$8K = \$120K/mo vs. \$18K spend = 6.7x return (estimated).

All figures are estimates based on industry data. Not guaranteed.

How the range was calculated:

- **Conservative:** Family law minimums: Google PPC \$1,500 + LSA \$3,000 = \$4,500.
- **Aggressive:** \$1M goal x 20% / 12 = \$16,667. Greensboro = Tier 4 (1.0x) = \$16,667. Minus \$4,847 fee = \$11,820. Reverse math: 80 leads x \$225 = \$18,000 (higher). Use \$18,000.
- Note: \$18K exceeds Starter tier \$9K cap — flag Growth tier upgrade or 10% overage for aggressive scenario.

If He Pushes Back

"PPC hasn't worked for me in the past."

The prior campaign ran without HHI targeting or negative keywords. The proposal is structurally different: household income targeting, contested divorce/custody intent, negative keywords for cheap matters. Same platform — completely different logic.

"I'm already spending \$6–7K/month on Matador and LSA."

That spend is generating 5% LSA conversion (~\$1,500/consult). SMB replaces Matador and optimizes LSA on the same budget — with a managed program targeting 20%+ conversion, that same \$3K/month generates 8 consults instead of 2.

"I'm not sure I have time for coaching."

Coaching is what gives him the intake coordinator hiring framework — so that hire succeeds instead of stalls. One hour a week now saves months of bad-hire recovery later.
