Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Renata Calderaro	~\$1M/yr (plateaued)	14	Stage 3	20% (goal 30%)	Miami, FL

Dominant Buying Motive: SCALE

Break a revenue plateau and fill 30 open case slots with predictable lead flow instead of unpredictable referrals, targeting \$3.6M by 2027.

What she wants:

- **Break the plateau.** Predictable growth toward a stated \$3.6M target by 2027.
- **Fill open capacity.** 30 unused case slots (90 of 120 filled) a steady lead flow could fill.
- **Stop relying on referrals alone.** A cancelled sub-\$500/mo Instagram test is her only paid-marketing history.
- **Convert more of what's already coming in.** Stated goal: raise close rate from 20% to 30%.

What is stopping her:

- **Zero paid-channel history.** No Google Ads, LSA, SEO, or PPC has ever been run.
- **No visible trust signal.** No attorney bio, no visible review footprint, despite a real 90-95% approval rate.
- **Results-based pricing requirement.** Tied to recent slow sales — lead with the guarantee.
- **No stated case-value figure.** ROI math uses a \$4,500 default — confirm before the call.
- **NAP inconsistency.** Conflicting directory addresses/phones could raise legitimacy concerns overseas.

Why This Marketing Package

What it does for her:

- Replaces referral dependency with channels she controls — PPC, LSA, and local SEO for E2/EB5/L/O terms.
- Builds the trust signal (attorney bio, reviews, NAP fix) an overseas buyer needs before wiring a retainer.

Full Service Marketing — Growth | \$7,497/mo bundled

- Revenue (~\$1M) places this firm in the \$1M-\$2M Growth tier, not Dominate — HubSpot's \$1M-\$3M CRM range overstated this.
- Growth tier caps ad spend at \$50,000/mo, well above the \$5,000/mo conservative starting point.
- Website rebuild not required (recent, 2025 build) — budget goes to channels and trust-signal fixes.
- Bundled saves \$1,500/mo vs. the \$8,997/mo stand-alone price.

Why This Coaching Package

What it does for her:

- Gives Renata peer accountability from firm owners scaling past a revenue plateau.
- Turns her existing 14-person team into a structured growth operation, not just headcount.

Master's Circle | \$4,600/mo bundled

- Team size (14) and two dedicated intake staff meet the 5+ dedicated-staff threshold.
- Revenue (~\$1M) does not meet the \$2M+ floor for + FCOO Director — plain Master's Circle is correct.
- No dedicated ops staff mentioned, so FCOO Advisor was not added — revisit at Phase 2.
- Bundled saves \$397/mo vs. the \$4,997/mo stand-alone price.

Why This Ad Spend

What it does for her:

- The conservative \$5,000/mo entry point alone projects a 9.0x return.
- Scaling toward the \$50,000/mo ceiling is the path to the volume \$3.6M requires — paced to the team's real capacity.

Recommended Ad Spend Range:

- **Conservative:** \$5,000/mo — Google PPC (\$3,000 min) + LSA (\$2,000 min).
- **Aggressive:** \$50,000/mo — Growth tier ceiling (Dominate not eligible at ~\$1M revenue).

Estimated Return on Investment:

- **Conservative:** 10 cases x \$4.5K = \$45K/mo vs. \$5K spend = 9.0x return.
- **Aggressive:** 126 cases x \$4.5K = \$567K/mo vs. \$50K spend = 11.3x return. Flag: exceeds the 30-slot capacity gap — pace with Phase 2, not month one.

All figures are estimates. Not guaranteed.

How the range was calculated:

- **Conservative:** Immigration minimums: PPC \$3,000 + LSA \$2,000 = \$5,000.
- **Aggressive:** \$3.6M x 20% / 12 = \$60,000. Tier 2 (1.3x) x Spanish (1.33x) = \$103,740, minus \$7,497 fee = \$96,243 — capped at \$50,000.
- At aggressive: \$50,000 + \$12,097 fees = ~74.5% of revenue — above the 35% cap. Start conservative (~20.5%) and scale in phases.

If She Pushes Back

"Why not just start with ads and skip coaching?"

With 14 staff in place, Master's Circle turns that headcount into a growth operation — skipping it often means the firm can't absorb new leads.

"We need results before a bigger spend."

That's why we start at \$5,000/mo — a projected 9x return on her own 20% close rate — before scaling toward \$50,000/mo.

"Our website is only a year old — why touch it?"

The site is a solid, recent build. The fix is an attorney bio and directory address/phone corrections — not a redesign.

"We need this results-based given recent slow sales."

Renata explicitly required performance pricing — SMB Team's double-your-investment 12-month guarantee is built for this. Lead with it.
