

# Runion Injury Law

Sales Companion | August 26, 2026 | Rep: Nick Holderman

## Prospect Snapshot

| Owner         | Revenue            | Team       | Stage   | Close Rate | Location                      |
|---------------|--------------------|------------|---------|------------|-------------------------------|
| Derick Runion | Not stated on call | Not stated | Stage 4 | Not stated | Phoenix, AZ + Albuquerque, NM |

## Dominant Buying Motive: FREEDOM

**Derick wants out of day-to-day litigation and into the operator seat, with enough structure in place to work remotely two weeks a month.**

*"Supply-constrained — marketing is ineffective and Derick's time is consumed by litigation, preventing him from implementing his own operational playbook from Process Driven."*

### What he wants:

- **Exit litigation, gain freedom.** Work remotely two weeks a month.
- **Get back to ops and marketing.** His passion — not "big lit."
- **See his own plan actually run.** He has a playbook, no one to execute it.

### What is stopping him:

- **No operational bandwidth.** Litigation consumes all of his time.
- **No dedicated operator or leadership.** Not stated on the call — likely nonexistent.
- **Underperforming marketing.** SEO vendor (CAMG) producing poor results.
- **No confirmed financials.** Revenue and margins were not discussed.

## Why This Package: FCOO Director

### What it does for him:

- Puts a dedicated operator in the seat Derick has been trying to fill himself.
- Turns the Process Driven playbook from a stalled document into an actively executed plan.
- Builds the operational structure he needs before he can responsibly step back into two weeks a month remote.

### FCOO Director | \$5,797/mo (standalone)

- Priced as a true standalone engagement per seller instruction (Nick, Slack 8/25/2026) — not bundled with marketing or coaching.
- Matches the ~\$4,000/mo Fractional COO engagement structure (5/9/17 hrs/month tiers) discussed on the discovery call.
- FCOO Director standalone normally requires \$1M+ annual revenue — not confirmed on this call. Verify with client before signature.
- No marketing or ad spend is included. This call was scoped as an operational engagement, not a lead-gen engagement.

## Independent Audit Findings (Not Part of This Proposal)

### Real lead-gen gaps surfaced in research — Phase 2 context, not today's ask.

- Runion did not surface in organic search across 6 sampled Phoenix PI terms; Phillips Law Group, Zanes Law, and Lamber Goodnow consistently did.
- Geo-pages already exist for Albuquerque and Scottsdale but receive no paid traffic — a fast win once marketing has budget and an owner again.

*Hold for Phase 2, once FCOO Director has freed up bandwidth and revenue is confirmed.*

# Runion Injury Law – Sales Companion (continued)

## If He Pushes Back

**"We talked about \$4,000/month, not \$5,797."**

\$5,797/mo is the standalone rate because this is not bundled with marketing or coaching. It reflects the actual scope discussed (5–17 hrs/month of operational leadership) and was confirmed by Nick via Slack on 8/25.

**"We do not know our revenue – are we even eligible?"**

FCOO Director standalone normally requires \$1M+ annual revenue. This needs to be confirmed with the client before signature – flagged internally in package\_decision.json and section\_11\_workings.txt.

**"The audit found real marketing gaps – why isn't marketing part of this?"**

The call was explicitly scoped as a Fractional COO conversation, not a marketing audit. Recommending marketing here would ignore what the client actually asked for. The lead-gen findings are documented for a Phase 2 conversation once Derick has bandwidth freed up.

**"We already pay an SEO vendor (CAMG)."**

Nothing in this proposal touches that vendor relationship. Once onboarded, the FCOO Director will actually be positioned to evaluate and manage that vendor – a value-add, not a redundant spend.

## Investment At A Glance

**FCOO Director (Standalone)**

Dedicated Fractional COO leadership, SOPs, hiring support, group coaching and workshops included.

**\$5,797/mo**

No bundle discount – standalone rate

**Marketing / Ad Spend**

This call was scoped as an operational engagement, not a lead-gen engagement.

**Not part of this proposal**

**Total: \$5,797/mo | No bundling discount applies (standalone engagement) | Revenue unconfirmed – verify the 35% spend cap before signature**
