Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Christopher Lucero	~\$570K (est., low conf.)	2 (no associate)	Stage 3: Solo	~7-33% (falling)	La Verne, CA

Dominant Buying Motive: FREEDOM

Christopher wants a firm that runs without him being the only person who can show up in court.

"Hire an associate within 24-36 months to delegate court appearances and create a more resilient firm"

What he wants:

- **An associate handling court dates.** So Christopher isn't the single point of failure.
- **A profitable marketing engine.** Ads that produce clients instead of losing money.
- **Room to hire.** Enough private-case revenue to cover Lindsey's salary and an associate.

What is stopping him:

- **Unprofitable PPC.** \$5,800/mo combined spend produces ~1 client/mo, burns out in 3-4 days.
- **Falling close rate.** July ~22-33% to August ~7% — below SMB's 15-25% benchmark.
- **No intake system.** Christopher and Lindsey field every call, no CRM or follow-up.
- **Solo capacity ceiling.** One attorney handling every case and court date caps growth.

Why This Marketing Package

What it does for him:

- Replaces the failing Convert It PPC engagement with a properly targeted system.
- Adds Local Service Ads — pay-per-qualified-lead — solving the unprofitable-clicks problem.
- Builds neighboring-city geo-pages and a NAP fix, closing a confirmed local-SEO gap.

Full Service Marketing — Starter | \$4,997/mo bundled

- Revenue (\$570K est.) falls in the \$500K-\$1M Starter band.
- Multiple practice areas rule out Essentials regardless of revenue.
- Existing Convert It spend is failing — no existing-vendor override applies.

Why This Coaching Package

What it does for him:

- Direct support building the intake follow-up process costing him clients today.
- Builds the associate-hiring and delegation plan proactively, not reactively.

Elite Coach Plus | \$3,200/mo bundled

- Revenue (\$570K est.) falls in the \$400K-\$1M band, any team size — Elite Coach Plus applies.
- Team is 2 people (Christopher + Lindsey, no associate) — corrected from an initial default of 3; does not change tier.
- Includes weekly group coaching, practice area masterminds, quarterly workshop access, one annual in-person workshop.
- No profit-problem override triggers Fractional CFO/COO yet — those are Phase 2/3 roadmap additions.

Why This Ad Spend

What it does for him:

- Replaces money already being wasted on failing PPC with a properly targeted campaign.
- Aggressive scenario alone can slightly exceed the firm's stated 5-6 cases/mo goal.

Recommended Ad Spend Range:

- **Conservative:** \$5,500/mo — Criminal Defense Google Ads channel minimum.
- **Aggressive:** \$8,400/mo — capped by the 35% total-spend rule, not the \$20,000 tier cap.

Estimated Return on Investment:

- **Conservative:** ~4 cases x \$7.5K = \$30K/mo vs. \$5.5K spend = ~5.5x return.
- **Aggressive:** ~7 cases x \$7.5K = \$52.5K/mo vs. \$8.4K spend = ~6.25x return.

All figures are estimates. Not guaranteed.

How the range was calculated:

- Decision file defaulted aggressive to the \$20K tier cap, but that + \$8,197 fees = 59% of ~\$47.5K/mo revenue — over the 35% cap.
- Corrected: 35% x \$47,500 - \$8,197 fees = ~\$8,400 available for ads. Total at aggressive = ~34.9% of revenue.

If He Pushes Back

"We're already spending \$5,800/mo and it's not working — why spend more?"

That money goes to a vendor exhausting its budget in 3-4 days for ~1 client/mo. This replaces that same money with a properly targeted system — not new spend on top.

"How do we know LSA/geo-pages will work when we've never tried them?"

Confianza Legal, based outside La Verne entirely, already built a dedicated La Verne page and holds a far larger review footprint — proof the opportunity is real and uncontested.

"Can we afford coaching on top of marketing right now?"

Aggressive ad spend was deliberately capped at \$8,400 (not the \$20,000 tier ceiling) specifically to keep total spend, including coaching, under 35% of revenue.
