

Levine Family Law — Scott A. Levine, P.A.

Sales Companion | June 24, 2026 | Rep: Dan Bryant

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Scott A. Levine	~\$360K/yr est.	Solo (0 staff)	Stage 3	15% (default)	Ft. Lauderdale, FL

Dominant Buying Motive: SCALE & FREEDOM

Stop being the single point of failure — build a multi-location firm that runs without burning out on trial intensity.

"The current ads suck. I'm spending money and not seeing results from it."

"The trial months are intense — \$40K to \$45K but unsustainably so. I need consistent flow, not just big months."

What he wants:

- **Consistent pipeline.** 5+ new qualified matters/month; \$5,000+ retainer floor; stop accepting lower-value work.
- **A team hire.** Paralegal is the next step — 5 new matters/month is his economic trigger.
- **Multi-location brand.** Daytona/Space Coast second office is already in the vision; Fort Lauderdale pipeline is the precondition.

What is stopping him:

- **Invisible online.** 34 Google reviews vs. 319 (Carmen Soto) and 1,000+ (FL Probate & Family Law); not in the 3-pack.
- **Underfunded ads.** \$800-\$1,000/mo managed by vendor's son; \$90-\$180/click market requires 4-5x that budget.
- **No intake system.** No answering service; calls go to Scott's cell; paid leads are being lost after hours.
- **Solo, no leverage.** Every function runs through Scott; cannot scale volume without scaling personal hours.

Why This Marketing Package

What it does for him:

- Turns 4.9 stars and 29 years of experience into a predictable inbound pipeline — Scott chooses cases instead of chasing them.
- Reaches the 5 new matters/month trigger that makes the paralegal hire economically viable.

Full Service Marketing — Essentials | \$3,397/mo bundled

- Revenue ~\$360K places Scott in the \$250K-\$400K band — Essentials is the correct starting tier.
- NAP inconsistency (two different addresses on website vs. directories) is suppressing GBP ranking — SEO foundation is Day 1.
- 34 reviews vs. 319 and 1,000+; review generation and LSA enrollment are fastest path to 3-pack visibility.

Why This Coaching Package

What it does for him:

- Intake scripting, financial dashboard, and first-hire framework — built in sequence, not reactively.
- Connects Scott with other solo practitioners solving the same scaling problems; weekly accountability.

Elite Coach | \$2,600/mo bundled

- Solo at ~\$360K — Elite Coach is the correct tier; covers intake, ops, and first-hire planning.
- Scott's wife is involved in operations — coaching framework aligns both principals on growth priorities.
- Stand-alone \$3,497/mo; bundled \$2,600/mo — saves \$897/mo when paired with marketing.

Why This Ad Spend

What it does for him:

- Replaces the failing \$800/mo campaign with a properly capitalized budget that competes in Fort Lauderdale's \$90-\$180/click family law market.
- Conservative scenario (\$3,500) projects 4 new cases/month — enough to fund the paralegal hire within 2-3 months.

Recommended Ad Spend Range:

- **Conservative:** \$3,500/mo — Google PPC minimum for family law; LSA added once Google Screened approved.
- **Aggressive:** \$7,500/mo — Essentials tier cap; Google + LSA + Meta once revenue supports it.

Estimated Return on Investment:

- **Conservative:** ~4 cases x \$15K avg = \$60K/mo vs. \$3.5K spend = 17x return. (Est. only.)
- **Aggressive:** ~13 cases x \$15K avg = \$195K/mo vs. \$7.5K spend = 26x return. (Est. only.)

Estimates only. Avg case value \$15K stated by Scott. Close rate 15% default (not stated).

How the range was calculated:

- **Conservative:** Family law Google PPC minimum \$3,500 (channel minimums table).
- **Aggressive:** Essentials tier cap \$7,500. Conservative: 31.6% of revenue (under 35% cap). Aggressive: 45% — growth target as revenue scales.

If He Pushes Back

"I'm spending money on ads already and it's not working."

Agreed — \$800/mo in a \$90-\$180/click market is not a marketing budget, it's 5-10 clicks/day. SMB Team manages dedicated landing pages, call tracking, and bid strategy with proper capitalization. Different result from a different setup.

"I want to hit 5 new matters first before I invest more."

The conservative ad spend (\$3,500) is projected to produce exactly that — ~4 new cases/month within 90 days. Waiting for the pipeline to self-correct without changing the inputs is how the status quo continues.

"\$6K/month is a lot for where I am right now."

At \$30K/month revenue, \$5,997 is 20% of one month. The conservative ROI projection returns \$60K in new case value — 10x the management fee. Elite Coach also saves \$897/month vs. stand-alone pricing.
