

Rebel Brown Law Group

Sales Companion | July 21, 2026 | Rep: Jacob Meissner

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Marianne Rebel Brown	\$400K (SSD, stated)	~2.5 (lean)	3 — Solo	80%	Glassboro/Haddon Hts, NJ

Dominant Buying Motive: TIME FREEDOM

Marianne wants the SSD practice to scale to 1,000 clients on a lean team so she is no longer the operational bottleneck in her own business.

"The other 70% of my time is non-billable babysitting."

What she wants:

- **A self-running SSD practice.** Scale to 1,000 clients without personally holding every piece together.
- **Her time back.** Currently capped at 2-3 billable hours a day; wants that flipped toward casework and strategy.
- **The SSD pivot to fully take hold.** Family Law is being handed off on purpose so SSD, her stronger and better-reviewed practice, becomes the whole business.
- **Leads that don't go to waste.** She's already generating ~80 leads a month; she wants them worked, not lost.

What is stopping her:

- **Intake bottleneck.** Only ~20 of ~80 monthly leads are actually answered.
- **No delegation structure.** The lean 2.5-person team has no defined roles yet.
- **Invisible SSD SEO.** No city/county pages despite claiming 8-county coverage.
- **No profitability visibility.** No practice-level tracking of SSD vs. Family Law.

Why This Marketing Package

What it does for her:

- Gets the SSD site ranking in the exact counties it claims to serve instead of losing those searches to named competitors.
- Puts a real paid lead-gen system in place instead of relying on referrals and inbound alone.
- Frees her from personally being the firm's only source of visibility.

Full Service Marketing — Starter | \$4,847/mo bundled

- \$400K stated SSD revenue sits at the Essentials/Starter boundary; the aggressive 1,000-client goal pushes to Starter.
- Starter's \$25,000 ad spend cap covers both the conservative and aggressive recommended spend.
- Full Service (not ads-only) matches the SEO/content rebuild identified in the audit.

Why This Coaching Package

What it does for her:

- Builds the delegation and accountability structure the lean 2.5-person team doesn't have yet.
- Gives her a coaching cadence to build role clarity instead of carrying every operational decision herself.
- Puts group coaching and practice-area mastermind access behind the SSD growth push specifically.

Elite Coach Plus | \$3,200/mo bundled

- Revenue band (\$400K-\$1M) qualifies for Elite Coach Plus regardless of exact team size.
- No stated profit complaints yet — FCOO/FCFO not triggered; Phase 2/3 of roadmap revisits this.
- Revenue is under the \$500K LAW minimum, so Legal AI Workforce is not included.

Rebel Brown — Sales Companion (continued)

Why This Ad Spend

What it does for her:

- Converts the SSD site's SEO and local visibility into an active paid lead pipeline instead of waiting on organic alone.
- Buys the case volume needed to make real progress toward the 1,000-client goal within a reasonable timeframe.

Recommended Ad Spend Range:

- **Conservative:** \$3,500/mo — minimum viable spend, single-channel floor using the closest listed proxy row (SSD has no dedicated row in the approved tables).
- **Aggressive:** \$14,000/mo — full budget sized to the \$800K derived revenue goal (2x current stated SSD revenue).

Estimated Return on Investment:

- **Conservative:** 5 cases x \$4K = \$20K/mo vs. \$3.5K spend = 5.7x return.
- **Aggressive:** 25 cases x \$4K = \$100K/mo vs. \$14K spend = 7.1x return.

All figures are estimates. Not guaranteed. SSD-specific CPL benchmarks should be validated by the paid ads team before finalizing.

How the range was calculated:

- **Conservative:** Closest approved channel row (Family Law) PPC floor = \$3,500.
- **Aggressive:** \$800K goal x 20% / 12 = \$13,333. Tier 4 (1.0x) ≈ \$14,000. Under the \$25,000 cap.
- Total at aggressive: \$22,047/mo ≈ 33% of the \$66,667/mo goal run rate. Under the 35% cap.

If She Pushes Back

"SSD isn't in your standard pricing tables — how do I know this ad spend number is real?"

We used the closest comparable, real approved benchmark rather than guessing, and flagged it clearly for our paid ads team to validate SSD-specific costs before the first dollar is spent.

"We're already handling 80 leads a month — why do we need more?"

Only about 20 of those 80 are being worked today. The fastest, cheapest win is fixing intake on leads you already have — worth an estimated \$200K/year — before adding more volume.

"I don't have time to manage a coaching program on top of everything else."

Elite Coach Plus is built to remove time from your plate, not add to it — it's the delegation structure that gets you out of the 70% of your day that's currently non-billable admin.

Investment At A Glance

Full Service Marketing — Starter	\$4,847/mo
Local SEO, SSD-focused paid ads, LSA, and city/county landing pages.	\$5,697 stand alone
Elite Coach Plus	\$3,200/mo
Weekly group coaching, masterminds, and quarterly workshops.	\$3,497 stand alone
Recommended Ad Spend	\$3,500–\$14,000/mo
Goes to Google, LSA, and Meta — not to SMB Team.	

Total: \$8,047/mo + \$3,500–\$14,000 ad spend | Save \$1,147/mo by bundling | ~34.6% of current revenue–33.1% of goal revenue (under 35% cap)
