Dominant Buying Motive: FREEDOM

She wants a firm that runs without her so she can truly unplug and handle life's emergencies.

> *"...where I can truly unplug, ... I can even say a week, and know that, you know, the building's not going up in flames."*

> *"I want to have the freedom to be able to handle other emergencies that may come up in my life."*

> *"Ideally, my revenue goal is $50,000 per month."*

What she wants:

- **A steady pipeline.** Building pipeline is her top focus; the goal is $50K a month.
- **Working processes.** She wants them so she can hire properly and keep staff.
- **Time back.** She works about 50 hours a week and wants 20 to 25.
- **Affordable AI.** She called the demo interesting and asked if it fits a small firm.

What is stopping her:

- **Stalled seminars.** They have not been advertised for about four to five months.
- **Lapsed ads.** Ads stopped in a vendor change, and she lacks the knowledge and capacity to run them.
- **Follow-up gap.** Attendees who do not book right away are the biggest leak, in her words.
- **Fragmented processes.** One hire is under two months in and another starts January 1.
- **Uneven revenue.** Margin is unknown and she worries about the payroll impact of hiring.

Why These Packages

What the coaching does for her:

- Gives her a plan to write down processes before the January hire arrives.
- Gives her a coach and peers to work on hiring, training, and pipeline each week.
- Moves her toward a team that runs without her, which is the freedom she wants.

Coach Essentials Plus | $2,497/mo stand-alone

- **Locked by seller:** Randy replaced Full Service Marketing on 10/30. Weekly group coaching plus a monthly 1:1 call.
- **Fits on revenue:** $350K sits in the $250K-$400K band, where this is the lower-cost coaching option.
- **FLAG, no budget limit stated:** She never said budget was tight. Pitch it as a plan, not a discount.
- **No bundle discount:** Only one bundle-eligible product, so the stand-alone price applies.

Why The LSA Add-On

What it does for her:

- Adds a pay-per-lead source so one quiet seminar month does not sink the month.
- Takes ads off her plate, since she says she lacks the knowledge and capacity.

LSA Management Add-On | Complimentary ($900/mo value)

- **FLAG, fee waiver:** The $0 fee is Randy's call, not a catalog price. Confirm sales-ops approval.
- **FLAG, no ad budget set:** No LSA spend is in the plan, so the report shows no ad spend or ROI. Paid ads team review needed.
- **Reference only:** Estate planning LSA channel minimum is $2,000/mo. Any paid ads minimum is $3,000/mo.
- **Do not quote returns:** LSA alone will not reach her $600K goal. Phase 2 adds a full marketing program.

Why The AI Package:

What it does for her:

- Puts repeatable work, like email drafting, on AI so two team members get time back.

AI Workforce Pro – Starter (2 users) | $700/mo ($350 per user)

- **FLAG, LAW launch:** Confirm Legal AI Workforce delivery has launched and has capacity before sending.
- **Seats:** The demo covered four seats ($1,400). Randy set two. Month-to-month, 1M credits per user.
- **Pricing:** No stand-alone price exists. It never counts toward bundle pricing.

If She Pushes Back

"Is AI Workforce something a small business owner like me can afford?"

She asked this at 00:50:13. It is $350 per user per month, month-to-month. Two seats is $700, and the whole plan is $3,197/mo, about 11% of monthly revenue.

"I do not want the payroll impact of another hire."

She raised this at 00:14:00. The plan aims at consistency before the January hire. The LSA fee is waived, and ad spend is separate and only starts once a budget is agreed.

"I already lost track of my ads once."

She said "I thought my paid advertising was going on. And then I learned that it was not." Monthly LSA reporting shows exactly what is running and what each lead costs.
