

Erkan & Sullivan, P.C.

Sales Companion | August 12, 2026 | Rep: Michael Kopp

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Murat Erkan / Ryan Sullivan	~\$500K (est., low conf.)	6 (2 + 4 staff)	Stage 4	15% (default)	Andover, MA

Dominant Buying Motive: FREEDOM

Murat and Ryan want a firm that runs on its reputation, not just their personal hours — freeing them from being the only two people who can land or handle a premium case.

"A landmark OUI case... entitled 27,000 people to new trials."

"Target \$800/hr for partners: clerk's hearings, \$4k fee for 2 hrs = \$2k/hr."

What they want:

- **A brand that matches their record.** Not Blue Shark's canned SEO content.
- **An associate hire that's a capacity upgrade.** Not a rescue.
- **Higher average case value.** ~\$15K today to a \$20K–\$30K goal.
- **Real time back.** Not just more hours in the same two chairs.

What is stopping them:

- **Zero paid marketing.** No Google Ads, LSA, or Meta ads in any core practice area.
- **6–9x organic visibility gap.** Neyman and Urbelis out-rank the firm despite fewer reviews.
- **No leadership layer.** Growth plan hinges on one hire with no management structure.
- **No after-hours lead capture.** No live chat; CTAs sit mid-page and in the footer.
- **No firm-wide profit plan.** Per-case economics known for one case type only.

Why This Marketing Package

What it does for them:

- Turns the OUI breathalyzer case into an ongoing lead source, not a single blog post.
- Puts the firm on Google Ads and Meta retargeting for the first time.
- Closes the SEO gap that's sending cases to firms with fewer reviews.

Full Service Marketing — Starter | \$4,997/mo bundled

- Multiple practice areas confirmed — hides Essentials regardless of exact revenue.
- Revenue estimated ~\$500K (low confidence) — Starter band either way.
- Zero paid channels today — Starter's \$20K cap covers the \$16,500 aggressive spend.
- Blue Shark's SEO-only scope is being fully replaced, not supplemented.

Why This Coaching Package

What it does for them:

- Builds the leadership layer missing before the planned associate hire.
- Gives Murat and Ryan a system for delegating high-margin work.
- Establishes financial visibility beyond one clerk's-hearing data point.

Elite Coach Plus | \$3,200/mo bundled

- Revenue band (\$400K–\$1M) points to Elite Coach Plus per the pricing table.
- Team of 6 — no explicit ops-strain signal to justify an FCOO Advisor add-on.
- No budget constraints stated — full recommended package is appropriate.
- No AI-readiness signal on the call — LAW package excluded, flagged for later.

Why This Ad Spend

What it does for them:

- Puts the firm into paid search and retargeting for the first time — channels currently sitting completely open in this market.
- Turns the landmark OUI case into an active, targeted campaign instead of a single unseen blog post.

Recommended Ad Spend Range:

- **Conservative:** \$6,700/mo — Google PPC (\$5,500) + Meta Retargeting (\$1,200) channel minimums for Criminal Defense.
- **Aggressive:** \$16,500/mo — 20% rule against a \$1M revenue goal (2x current estimate), Tier 2 Boston-market multiplier, minus management fee.

Estimated Return on Investment:

- **Conservative:** ~5 cases x \$15K = ~\$75K/mo vs. \$6.7K spend = 11.2x return.
- **Aggressive:** ~16 cases x \$15K = ~\$240K/mo vs. \$16.5K spend = 14.5x return.

All figures are estimates. Not guaranteed.

How the range was calculated:

- **Conservative:** Criminal Defense minimums: PPC \$5,500 + Meta Retargeting \$1,200 = \$6,700.
- **Aggressive:** \$1.0M goal x 20% ÷ 12 = \$16,667. Tier 2 (1.3x) = \$21,667. Minus \$4,997 fee = ~\$16,500.
- Total at aggressive: \$24,697/mo = 29.6% of goal run rate — under the 35% cap. Confirm actual current revenue before finalizing.

If They Push Back

"Why replace Blue Shark instead of supplementing them?"

They called Blue Shark's own content "canned," "robotic," and "insulting." A supplement can't fix content quality — a replacement can.

"Is \$16,500/mo in ad spend realistic right now?"

That's the aggressive scenario, sized to the firm's own 2x-revenue goal. Conservative starts at \$6,700/mo — start there and scale.

"We don't know our exact revenue — how solid are these numbers?"

Flagged transparently: \$500K is a low-confidence placeholder. Recommend confirming actual revenue and close rate with Murat and Ryan.

"Will hiring an associate solve our capacity problem?"

Only partially — there's no leadership layer beyond the two partners today. That's what Elite Coach Plus builds before the hire starts.
