Dominant Buying Motive: COMMUNITY LEGACY & SCALE

Build Truman Law into the recognized name in Surrey's South Asian community — a firm that generates clients predictably without Harkirat bottlenecking every file.

"Tagline: Clarity. Confidence. Completion. — signals intent to deliver at scale, not just solo."

"Founded 2020; expanded from litigation into real estate 2021 and into six more practice areas — consistent ambition to grow beyond initial scope."

What he wants:

- **Digital visibility.** Truman Law found on Google for real estate and business law before anyone calls a competitor.
- **Scalable client flow.** New clients arriving through systems — not dependent on the next referral or personal connection.
- **Firm ownership.** Step back from being the sole operator and run Truman Law as a business, not just a practice.

What is stopping him:

- **Zero digital visibility.** Not in 3-pack for any practice area; ~20 reviews vs. 131 (Keystone), 100 (Walia); no ads running.
- **No intake system.** Solo attorney handles all contact; no after-hours capture; no documented follow-up process.
- **No team structure.** Cannot absorb marketing-generated volume without a first hire and documented intake process.
- **Revenue unconfirmed.** No transcript — confirm revenue, close rate, and avg case value on the call before finalizing.

Why This Marketing Package

What it does for him:

- Puts Truman Law on page one of Google for real estate and business law in Surrey — for the first time.
- Builds 3-pack visibility and closes the review gap — making Truman Law the community's visible, credible default choice.

Full Service Marketing Starter | \$4,847/mo bundled

- Practice areas (real estate, business law, private lending) not PI or high-comp criminal — Starter tier eligible.
- Estimated revenue ~\$400K puts firm in \$400K–\$1M tier; Surrey (Greater Vancouver metro) is competitive enough for full service.
- Website has no geo-targeted pages, PageSpeed unverified — full service includes website optimization before ads launch.

Why This Coaching Package

What it does for him:

- Builds the intake process and conversion habits that turn marketing leads into signed clients consistently.
- Provides the peer group and accountability framework to make the first team hire and delegate successfully.

Elite Coach Plus | \$2,200/mo bundled

- Revenue ~\$400K, solo team — Elite Coach Plus is the correct tier; Master's Circle and fractional products are ineligible.
- No intake system currently exists — coaching builds the documented process needed before a support hire can work independently.
- Weekly peer group sessions provide accountability and real estate/business law growth strategies a solo practitioner cannot access alone.

Why This Ad Spend

What it does for him:

- Puts Truman Law in front of Surrey residents actively searching for a real estate or business lawyer — highest-intent leads available.
- Generates a consistent, measurable inquiry flow every month — turning firm growth from referral-dependent to system-driven.

Recommended Ad Spend Range:

- **Conservative:** \$3,200/mo — Google PPC \$1,500 + LSA \$1,000 + Meta retargeting \$200 + Meta cold \$500.
- **Aggressive:** \$5,000/mo — Starter tier cap; ~39 leads/month at blended \$128 CPL (Business Law benchmarks).

Estimated Return on Investment:

- **Conservative:** 3 cases x \$2,500 avg = \$7,500/mo vs. \$3,200 spend = 2.3x return. (Estimates only.)
- **Aggressive:** 6 cases x \$2,500 avg = \$15,000/mo vs. \$5,000 spend = 3.0x return. (Estimates only.)

All figures use 15% default close rate and practice area default case values. Confirm actuals on call.

How the range was calculated:

- **Conservative:** Business Law channel minimums: PPC \$1,500 + LSA \$1,000 + Meta \$700 = \$3,200.
- **Aggressive:** \$900K goal x 20% / 12 = \$15,000. Tier 2 (1.3x) = \$19,500. Minus \$4,847 fee = \$14,653. Capped at \$5,000 Starter limit.
- Total at aggressive: \$12,047/mo = ~32% of \$450K revenue est. Under 35% cap at \$430K+ annual revenue.

If He Pushes Back

"I get most clients through referrals — do I really need ads?"

Referrals are not scalable and they stop when networking stops. Keystone has 131 reviews and Walia has 100 — both capturing digital leads Truman Law cannot see. Every month without digital presence is another month they extend the gap.

"Is my revenue high enough to justify this?"

At estimated \$400K–\$450K, the \$7,047 management fee is ~19% of revenue — well within the 35% total spend cap. Conservative ad projection shows \$7,500/month in new estimated revenue. Confirm exact revenue on the call to finalize the numbers.

"I am worried the ads will not work."

The conservative projection uses 15% close rate and \$2,500 avg case value — among the most conservative assumptions for a seven-practice-area firm. Even at 2.3x return, 3 cases from \$3,200 spend pays for itself before management fees. Ask Harkirat for his actual close rate to show the real number.
