

Gerber Law (Gerber Law Group, P.A.)

Sales Companion | September 16, 2026 | Rep: Jacob Meissner

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Maria Gerber	>\$1M/yr, goal \$3M	Not stated (1 paralegal)	Stage 3	Not stated (15% default)	Venice & Sarasota, FL

Dominant Buying Motive: SCALE & DOMINATE

Maria wants to modernize her positioning (AI-first/AEO) so the firm can grow from \$1M to \$3M and own the tri-county market conversation, instead of depending almost entirely on 29 years of referrals.

"No correlation between spend and case volume."

"Paid ads are cost-prohibitive for the firm's goals."

What she wants:

- **Own the tri-county reputation online.** Not just by referral, by rank.
- **Proof marketing dollars work.** After 20 years with no traceable return.
- **To grow from \$1M to \$3M.** Without repeating unmeasured spend.

What is stopping her:

- **Budget reality.** Her \$3k-\$5k/mo target is too low for effective ads here.
- **Ad fatigue.** 20 years of vendor spend with no case-volume correlation.
- **Vendor gap.** Current vendor (On The Map) service declined post-acquisition.
- **Still doing it herself.** She personally evaluates every marketing decision.

Why This Marketing Package

What it does for her:

- Turns her existing 30+ page SEO investment into pages that actually rank.
- Builds AI-search-ready content before a tri-county competitor gets there first.

Web + SEO Starter | \$3,497/mo bundled

- PI practice + 2 locations puts Essentials out of reach — Starter is the lowest eligible tier.
- Matches the transcript's stated need: AEO, SEO, and reviews — not paid ads.
- **Override applied** — replaces the locked "Paid Ads Starter" Slack note. See workings file.

Why This Coaching Package

What it does for her:

- Builds the delegation habit she's never needed — 29 years of doing it herself.
- Keeps the full engagement inside her stated budget.

Coach Essentials Plus | \$1,997/mo bundled

- Normally scoped for \$250K-\$400K firms; used here under the Budget-Reality Override.
- Lower cost than Elite Coach Plus (\$3,200/mo), which would exceed her stated budget.

Why This Ad Spend

What it does for her:

- Shows what a real paid-ads budget could produce once organic and reviews catch up.
- Keeps paid acquisition on the roadmap without recommending it before it's viable.

Recommended Ad Spend Range (Phase 2 — not part of the Phase 1 quote):

- **Conservative:** \$9,200/mo — minimum viable spend across Google PPC, LSA, and Meta retargeting.
- **Aggressive:** \$50,000/mo — capped at the Growth tier ceiling; her firm isn't yet eligible for Dominate/Platinum tiers needed to manage more.

Estimated Return on Investment:

- **Conservative:** ~3 cases x \$6.5K = ~\$19.5K/mo vs. \$9.2K spend = 2.1x return.
- **Aggressive:** ~17 cases x \$6.5K = ~\$110.5K/mo vs. \$50K spend = 2.2x return.

All figures are estimates using an industry-benchmark case value (not stated on the call). Not guaranteed.

How the range was calculated:

- **Conservative:** PPC \$6,000 + LSA \$2,000 + Meta \$1,200 = \$9,200 (channel minimums).
- **Aggressive:** \$3M goal x 20% / 12 x Tier 2 (1.3x) = \$65,000, capped at \$50,000 (Growth tier ceiling).
- Reverse math implies ~\$112,896/mo needed to hit \$3M on ads alone — exceeds tier eligibility. Flag for paid ads review.
- Not included in the Phase 1 total below — future planning figure only.

If She Pushes Back

"We already tried ads for 20 years and it didn't work."

That's why this leads with AEO/SEO and reviews, not ads — the same conclusion reached on the call.

"Why isn't this the Paid Ads Starter package we discussed?"

Her own stated budget makes ads not viable, and the call pivoted to AEO/SEO. Ads-only packages must also pair with coaching per catalog rules. See workings file; loop in sales-ops before reverting.

"\$5,494/mo feels like a lot with no ads included."

It's inside her own budget target and closes the audit's biggest gap: a review presence thinner than every named competitor.
