

Hargrave Family Law

Sales Companion | July 2, 2026 | Rep: Dan Bryant

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Jennifer Hargrave	Unknown — est. \$500K+ (verify)	7 attorneys, 2 offices	Stage 4	15% default	Dallas & McKinney, TX

Dominant Buying Motive: INSTITUTION / LEGACY

Jennifer wants Hargrave Family Law to operate as an institution — generating income and freedom without requiring her presence in every decision.

What she likely wants:

- **Predictable pipeline.** A client flow that does not depend on referrals this week.
- **Firm that runs without her.** Two offices and seven attorneys should enable this.
- **Income that grows with the firm.** Inc. 5000 growth without a profit plan often produces bigger overhead, not bigger distributions.

What is likely stopping her:

- **No paid lead gen.** No ads observed on Google, LSA, or Meta — organic carries everything.
- **NAP inconsistency.** FindLaw phone (469) 423-9607 vs. website (214) 416-9433 — suppressing local rankings.
- **No transcript.** Revenue and goals unconfirmed — verify before finalizing package tier.

Why This Marketing Package

What it does for her:

- Turns 211 five-star reviews into top-of-page visibility — LSA, Google Search, and Meta launching simultaneously.
- Owns the 'collaborative divorce' keyword category before competitors recognize it.

Full Service Marketing — Starter | \$4,847/mo bundled

- Revenue est. \$400K–\$1M — Starter tier; upgrade to Growth (\$6,397) if revenue confirms at \$1M+.
- No paid ads on any channel — all four need to launch together.
- Website conversion gaps require website work; full service is required.
- Starter ad spend cap is \$6,000/mo; aggressive \$12,000 scenario requires tier upgrade discussion.

Why This Coaching Package

What it does for her:

- Builds intake protocols so increased lead volume converts — not just arrives.
- Gives Jennifer a management framework to lead both offices strategically, not operationally.

Elite Coach Plus | \$3,200/mo bundled

- Standard coaching selection for \$400K–\$1M revenue band.
- No intake process verifiable from public data — audit is day-one priority.
- If revenue confirms at \$1M+ with 5+ dedicated staff, consider Master's Circle upgrade.

Why This Ad Spend

What it does for her:

- Puts Hargrave at the top of Google for Dallas family law searches on every paid channel — ending organic-only dependence.
- Conservative: est. 4 cases/mo. Aggressive: est. 20 cases/mo — using 211-review strength as a conversion asset.

Recommended Ad Spend Range:

- **Conservative:** \$3,000/mo — Family Law minimums: Google PPC \$1,500 + LSA \$1,000 + Meta \$500.
- **Aggressive:** \$12,000/mo — requires Growth tier upgrade (Starter cap is \$6,000/mo).

ROI Estimates (not guaranteed):

- **Conservative:** 25 leads / 15% close = 4 cases x \$6,000 avg = \$24,000/mo vs. \$3,000 = 8x return.
- **Aggressive:** 130 leads / 15% close = 20 cases x \$6,000 avg = \$120,000/mo vs. \$12,000 = 10x return.
- **Cap check:** At \$500K revenue, \$12K ad + \$8K fees = \$20K/mo = 48% (over 35% cap). At \$1M it is 24% (within cap). Verify revenue.

CPL benchmarks: Family Law Google \$75–\$150, LSA \$50–\$100, Meta \$25–\$100. Case value default \$6,000.

If She Pushes Back

"We already get referrals — why pay for ads?"

Referrals are not a system. Powell Law Offices is running paid ads for the same search terms right now. Goranson Bain Ausley has 26+ attorneys and 7 offices holding paid positions. Her 211 reviews are the asset — paid ads are how she activates it.

"How do I know the ROI estimates are realistic?"

The CPL benchmarks are SMB Team's live family law data. \$6,000 avg case value is conservative for a board-certified Dallas boutique. Even at half the projected leads, conservative spend returns 4x. Results are estimates — not guarantees — built on market data.

"We don't have capacity for more leads right now."

Coaching fixes intake before lead volume increases. Seven attorneys across two offices is real capacity — the gap is almost always the intake process, not attorney availability. The first 90 days build the system before scaling the spend.
