Kyle and Kyle Law

Sales Companion | October 29, 2026 | Rep: Jonathan Farace

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Katherine Kyle (husband co-owns)	$2M+ 2026 YTD; $1.9M in 2025	~15	Stage 4	Not stated	Fort Myers, FL; serves FL and IL

Dominant Buying Motive: FOCUS

She wants running the business to stop pulling her away so she can focus on scaling to five more states.

> *"my husband and I both don't take cases anymore. So we really handle the business."*

> *"just the running the business pulls me away from it."*

> *"I think AI is probably the priority over marketing because we are getting clients."*

What she wants:

- **A roadmap.** She asked, "what should my roadmap be?" and where AI saves the most time.
- **Quick wins first.** Email and calendaring are her top pick.
- **Expansion.** Indiana and Ohio next, then one more Midwest state.

What is stopping her:

- **No time.** The owners run the business and no longer take cases.
- **Light AI use.** Only 5 of 15 people have Claude seats, mostly for one-off tasks.
- **Security fear.** Bar rules and client banking data worry her; no AI policy yet.
- **Subscription sprawl.** She worries about stacking subscriptions that may not pay off.

Why This AI Leadership Package

What it does for her:

- Gives her a Fractional CTO who owns the AI roadmap, so she does not have to.
- Starts with small wins she asked for before anything bigger gets built.
- Sets the rules for what AI can touch, which answers her bar-rule fear.

Fractional CTO Level 1 | $3,297/mo bundled

- Revenue of $2M+ clears the $400K floor for Level 1.
- She said she has no bandwidth, so a led rollout beats self-serve seats alone.
- Includes a monthly 1:1, up to 2 skills, up to 1 custom automation, and a monthly report.
- Seller locked AI only on Oct 26. Eli joins the Oct 29 call.

Why This AI Workforce Package

What it does for her:

- Puts AI in the hands of the whole team, not just five people.
- Moves routine work off the owners' desks and onto trained staff.
- Keeps the rollout in one place instead of many separate tools.

AI Workforce Pro (15 seats) | $2,797/mo bundled

- Price: $1,597 for 5 users plus 10 more seats at $120 each.
- No stand-alone price exists, so do not quote one.
- Yearly contract, 20M total credits, weekly implementation session.
- Confirm seat count: today 5 Claude Team seats and about 15 employees.

Why No Marketing or Coaching

What it does for her:

- Keeps the proposal on what she asked for: AI first.
- Respects her words: "we don't need coaching" and AI "over marketing."

Scoping notes:

- Revenue alone would point to Growth marketing plus Elite Coach Plus. Not used.
- Direct mail is her only lead source, and she says clients are coming in.
- She wants digital marketing later ("Both are priorities") but fears the rework.
- Ad spend and ROI projections do not apply. Total is 3.7% of revenue, under the 35% cap.
- Phase 2 (FCOO Advisor) and Phase 3 (FCFO Advisor) carry group coaching. Explain before she reacts.

No ROI projection is shown because no ad spend is proposed.

If She Pushes Back

"We don't need coaching."

This package has no coaching. It is a Fractional CTO and an AI workforce, built around her wish list: email, calendaring, loan mod files, and time entries.

"How many subscriptions am I going to have? Is it cost effective?"

It is one bundle at $6,094/mo for the whole team, about 3.7% of revenue. She already saves about 45 minutes a day alone; this extends that to 15 people.

"What am I allowed to give AI access to? Bar rules."

Her fCTO sessions define what AI can and cannot touch, and an AI policy is quick win 3. Never promise compliance outcomes.

"I need to run it by my husband."

He gives the final yes or no. Invite him to the Oct 29 call and send a short recap he can read in minutes.

Investment At A Glance

Fractional CTO Level 1 Leads the AI roadmap, quick wins, and automations.	**$3,297/mo** ~~$3,797~~ stand alone
AI Workforce Pro (15 seats) AI access for the whole team plus a weekly session.	**$2,797/mo** No stand-alone price
Ad Spend No marketing package in this proposal.	**None**

Total: $6,094/mo | Save $500/mo by bundling | About 3.7% of revenue (under 35% cap)
