Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Rose M. Harper	~\$500K est.	~3 est.	Stage 4	15% (default)	NJ / NY / PA

Dominant Buying Motive: FREEDOM + PRESENCE

Mother of three and adjunct professor building a 3-state PI firm — she wants a practice that runs itself so she can be present for her family and her life.

"Se habla espanol — bilingual PI practice across NY, NJ, and PA (website)"

"1,000+ Clients represented | 99% Client satisfaction (website claims)"

What she wants:

- **A firm that runs without her.** Three offices need systems — not Rose coordinating everything personally.
- **Predictable case flow.** Replace referral dependence with a paid system that fills the calendar.
- **Time for family and teaching.** Adjunct professor, mother of three — she has built enough to deserve real freedom.

What is stopping her:

- **No paid advertising.** Brandon J. Broderick (388 reviews, 5.0*) is capturing every PI search in her markets.
- **No after-hours intake.** PI leads decay in minutes; no evening coverage means the firm loses its most urgent cases.
- **No team structure confirmed.** Three offices without defined roles means Rose is the coordinator for every decision.
- **Revenue unconfirmed — no transcript.** Must confirm before finalizing; 35% cap flag applies at \$500K estimate.

Why This Marketing Package

What it does for her:

- Turns her 20+ geo-targeted landing pages into a paid lead engine — qualified PI cases arrive from search, not from Rose's personal network.
- Spanish-language campaign captures a high-value PI market segment where Rose's bilingual credentials are a real competitive advantage over English-only competitors.

Full Service Marketing — Starter | \$4,847/mo bundled

- Revenue \$400K–\$1M — Starter tier; Essentials not eligible for PI practice areas.
- Three-office, three-state footprint and unverified PageSpeed scores require full-service approach with website optimization included.
- Spanish campaign multiplier noted — escalation flag if total spend exceeds \$25K.

Why This Coaching Package

What it does for her:

- Weekly 1-on-1 structure builds the intake system, team accountability, and operational clarity that reduce Rose's personal involvement in every client decision.
- Group coaching and practice area masterminds connect her to attorneys at her stage working through the same multi-office scaling challenges.

Elite Coach Plus | \$3,200/mo bundled

- Revenue \$400K–\$1M — Elite Coach Plus is the correct coaching tier.
- Team size ~3, revenue unconfirmed — fractional COO/CFO not yet eligible; revisit at Phase 2 if revenue confirms \$650K+.
- Stage 4 firm without a management layer — weekly 1-on-1 plus group coaching is the right entry point before fractional operators.

Why This Ad Spend

What it does for her:

- Gets Rose Harper Law into the Google auction against Brandon J. Broderick — capturing high-intent PI searches in Morris County NJ and Westchester NY that competitors hold exclusively today.
- Conservative \$10K/mo projects 8–10 cases at \$7,500 each = ~\$60K/mo in new case revenue — a 6x return on ad spend before coaching impact.

Recommended Ad Spend Range:

- **Conservative:** \$10,000/mo — PI minimums: Google PPC \$5K + LSA \$2K + Meta \$3K.
- **Aggressive:** \$25,000/mo — 20% of \$1M revenue goal x Tier 1/2 geo multiplier (1.5x).

Estimated Return on Investment:

- **Conservative:** ~8 cases x \$7,500 avg = \$60,000/mo vs. \$10,000 spend = 6x return (est.).
- **Aggressive:** ~25 cases x \$7,500 avg = \$187,500/mo vs. \$25,000 spend = 7.5x return (est.).

Estimates only. Case value (\$7,500) and close rate (15%) are defaults — confirm with Rose. 35% CAP FLAG: At \$500K est. revenue, conservative spend exceeds cap. Confirm actual revenue first.

If She Pushes Back

"I'm not sure I have the budget for this."

Conservative \$10K ad spend projects \$60K/mo in case revenue — a 6x return. Marketing fees (\$4,847/mo) are under 12% of estimated monthly revenue. The question is not whether she can afford this; it is whether she can afford letting Brandon J. Broderick own every search while she waits.

"Referrals have been working fine — why change now?"

Brandon J. Broderick has 388 Google reviews and is actively bidding on every PI search in her NJ and NY markets. Kantrowitz Goldhamer Graifman has 81 reviews and Super Lawyers recognition in Rockland County. Referrals are invisible to every prospect who searches Google first — and that is most of them.

"I need to think about it."

Every month without LSA and Google Ads, competitors build review count and quality scores that make them harder to displace. Sobo & Sobo and Brandon J. Broderick are both actively running campaigns in Rose's markets right now. The window to compete on equal footing narrows every month she waits.
