

Tax & Contracts, A Legal Services Company

Sales Companion | May 20, 2026 | Rep: Randy Gold

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Chrystan Carlton	~\$500K–\$1M est.	4 FT + 1 PT	Stage 4	80% webinar; ~1.75% paid ads	Chicago, IL

Dominant Buying Motive: FREEDOM

Chrystan wants a firm that generates \$6M without requiring 70-hour weeks — she wants her time back.

"My goal is to reach \$6 million in revenue within three years."

"We want to return to our peak of 8 to 10 new clients per month."

"One of our agencies provided 57 leads that yielded only one booking."

What she wants:

- **Fewer hours.** Working 60–70+ hours per week; evenings consumed by legal work.
- **Reliable lead flow.** Webinars close at 80% but are not built for scale; needs a predictable pipeline.
- **A firm that runs itself.** 3–6 year goal: step back and trust the firm operates without her.
- **Clear marketing ROI.** Paying 3–4 agencies with no visibility into what is working.

What is stopping her:

- **Sole attorney bottleneck.** Only she can generate legal revenue — every matter flows through her personally.
- **Broken intake.** 57 leads produced 1 booking (1.75%) — no structured follow-up system exists for paid leads.
- **No attribution.** Multiple agencies active, no unified tracking — cannot identify what is working.
- **GBP under legacy name.** Profile listed as 'Carlton Law, Ltd.' — the Tax & Contracts brand is invisible in local search.

Why This Marketing Package

What it does for her:

- Replaces 3–4 unaccountable agencies with one integrated team tracking every dollar to a cost-per-client outcome.
- Puts the firm in front of high-intent prospects searching for federal tax and business law attorneys in Chicago.
- Rebuilds the website into a conversion asset that works with paid traffic — not just a digital brochure.

Full Service Marketing — Starter | \$4,847/mo bundled

- Revenue \$400K–\$1M bracket; Starter correct tier (Essentials excluded for business/tax practice areas).
- Website rebuild needed: Wix limits technical SEO, broken nav link, no blog, PageSpeed unconfirmed.
- Spanish campaign: bilingual ops coordinator in place; social enterprise consulting serves Spanish-speaking clients.
- Urgency 7/10: Gordon Law Group (200+ reviews) and The Tax Defenders (280 reviews) dominate every target keyword.

Why This Coaching Package

What it does for her:

- Turns the \$6M goal from aspiration into a tracked, milestone-driven plan with weekly accountability.
- Builds intake process, delegation framework, and team systems that marketing alone cannot create.

Elite Coach Plus | \$2,200/mo bundled

- Team under 5 FT staff — Master's Circle excluded; Elite Coach Plus is the correct fit.
- Stage 4 owner with ambitious goals and no coaching accountability — structural match for Elite Coach Plus.
- Intake crisis (1.75% conversion) and team capacity gaps require coaching-level systems work alongside marketing.

Why This Ad Spend

What it does for her:

- Creates a measurable, attributed paid lead channel that replaces the current unaccountable agency spend with transparent ROI.
- At conservative spend, projects 2–3 new cases per month from ads — a meaningful revenue addition without requiring more attorney hours.

Recommended Ad Spend Range:

- **Conservative:** \$3,200/mo — channel minimums for Business Law (Google PPC \$1,500 + LSA \$1,000 + Meta \$700).
- **Aggressive:** \$6,000/mo — Starter tier cap; 20% of \$6M goal exceeds cap, cap applies.

Estimated Return on Investment:

- **Conservative:** ~3 cases x \$5,000 = \$15,000/mo revenue vs. \$3,200 spend = 4.7x return. (Estimates; not guaranteed.)
- **Aggressive:** ~5–6 cases x \$5,000 = \$27,500/mo revenue vs. \$6,000 spend = 4.6x return. (Estimates; not guaranteed.)

Default case value of \$5,000 used — not confirmed on call. Results will vary.

How the range was calculated:

- **Conservative:** Business Law minimums: PPC \$1,500 + LSA \$1,000 + Meta Retargeting \$200 + Meta Lead Gen \$500 = \$3,200.
- **Aggressive:** \$6M goal x 20% / 12 = \$100K. Chicago Tier 2 (1.3x) and Spanish (1.33x) exceed Starter cap of \$6,000.
- At \$6,000 ad spend + \$4,847 fee = \$10,847/mo total; at est. \$700K revenue (\$58K/mo) = 18.7% — under 35% cap.

If She Pushes Back

"We are already working with multiple agencies."

57 leads from one agency produced 1 booking — 1.75% conversion. Gordon Law Group built 200+ reviews with one integrated strategy. Multiple uncoordinated agencies cannot build that compounding advantage.

"Marketing has not worked for us before."

The 57-to-1 result is a lead quality AND intake problem. SMB Team manages both: rebuilt website, tracked leads, and a follow-up process that gives paid traffic a system to land in — none of which previous agencies provided.

"I am not sure about this level of investment."

Conservative scenario: 2–3 cases/mo at \$5,000 each = \$10K–\$15K monthly revenue. That covers the fee with a return. Staying the course means paying 3–4 agencies for another quarter of 57-to-1 results.
