Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Rahim Dhanani	~\$150K-\$200K/yr	Solo (1)	Stage 3	15% (default)	Atlanta, GA

Dominant Buying Motive: FREEDOM / SELLABLE FIRM

Rahim wants a systematized firm that runs without him, so he can work on the business as CEO — not just survive as its only attorney.

"Build a systematized, sellable firm that runs without his constant presence, enabling him to work on the business as a true CEO."

"Gain personal freedom, reduce stress, and build a lasting legacy by helping clients start new lives."

"Open to SMB Team's \$2,500/mo minimum package (12-month commitment)."

What he wants:

- **Step back from the day-to-day** so the firm runs without his constant presence.
- **Break the chicken-and-egg cycle** — a system to hire and delegate, not just more leads.
- **Build something sellable**, not just a practice tied to his own involvement.
- **Hit \$500K gross / \$250K net**, stretch target \$1.2M+ within the year.

What is stopping him:

- **Sole bottleneck.** Every case and intake call runs through him personally.
- **Past freelance hires failed** on quality — hesitant to try again.
- **No consistent lead channel.** Referral-only; a past PPC campaign failed.
- **No financial visibility** beyond top-line revenue.
- **Under \$250K revenue** — confirm he can cover 4 months of service before signing.

Why No Marketing Package in Phase 1

What this protects for him:

- Prevents pushing lead volume at a solo attorney with no team to handle it.
- Keeps monthly investment inside the 35% of revenue cap, instead of overshooting before ad spend starts.

Scoping rationale — departure from the revenue-based recommendation:

- 35% cap at ~\$15K/mo revenue is ~\$5,250/mo. Starter + Elite Coach = \$7,597/mo, over by \$2,300+ before ad spend.
- Essentials tier unavailable — multiple practice areas (family + business immigration) require single-practice-area Essentials.
- Rahim is open to a \$2,500/mo minimum — matches Elite Coach, not the \$7,597/mo revenue table figure.
- Marketing deferred to Phase 2 once coaching builds a team — documented as intentional, not an oversight.

Why This Coaching Package

What it does for him:

- Gives him a real hiring/training/delegation system, not a repeat of the failed freelance hire.
- Builds the team capacity that must exist before more leads would help him.

Elite Coach | \$2,600/mo bundled

- Stand-alone \$3,497/mo — bundled saves \$897/mo.
- Matches his stated openness to a \$2,500/mo minimum commitment.
- Includes weekly group coaching, masterminds, quarterly workshops, one annual in-person workshop.
- Sole Phase 1 recommendation — fits the transcript's explicit coaching/systems focus.

Why This Ad Spend (Phase 2 Target, Not Phase 1)

What it does for him:

- Turns the \$500K-\$1.2M revenue goal into a concrete media plan once the team is ready.
- Fixes the past PPC failure right this time, with a landing page and real keyword targeting.

Recommended Ad Spend Range (Phase 2):

- **Conservative:** \$3,000/mo — Google Search only, Immigration category minimum.
- **Aggressive:** \$12,000/mo — 20% rule on the \$500K goal, Tier 1 Atlanta multiplier.

Estimated Return on Investment:

- **Conservative:** ~3-4 cases x \$4.5K avg = ~\$13.5K-\$18K/mo vs. \$3K spend = ~5-6x return.
- **Aggressive:** ~24-25 cases x \$4.5K avg = ~\$108K-\$112.5K/mo vs. \$12K spend = ~9x return.

Estimates use the Immigration default case value (\$3K-\$6K). Not guaranteed.

If He Pushes Back

"I thought we were going to start running ads right away."

More leads without a team to handle them just recreates the bottleneck you described. Elite Coach builds that team first — marketing launches in Phase 2 once you're ready for the volume.

"Why not just do the \$4,997/mo Starter marketing package now?"

At your current revenue, Starter alone is already ~33% of monthly revenue, leaving no room for the required ad spend and pushing you over the 35% cap SMB Team holds to on every client.

"What about the AI Workforce Pro tool we talked about?"

That's a great fit down the road — it requires \$500K+ revenue and 1-2 support staff to implement well. Elite Coach is what gets you to both of those, so we can revisit AI Workforce Pro in Phase 3.
