Dominant Buying Motive: FREEDOM

Libby wants a firm that is profitable enough to run, and one day be sold to her associates, without her.

> *"That's a huge issue to being able to … sell or to be able to step away is it's got to be profitable without … me."*

> *"I'm taking Fridays off consistently, which I wasn't before."*

> *"I enjoy what I'm doing. So I don't know that I want to completely step away."*

What she wants:

- **Profit that stands alone.** She wants margin that does not depend on her being there.
- **Full capacity.** She wants 15 to 20 plans a week, up from about 6.
- **Time on her terms.** Fridays off and travel, without fully stepping away.
- **A path to hand over.** The two associates are the likely buyers in a few years.

What is stopping her:

- **Half-empty capacity.** The associates were added but business has not followed.
- **Marketing is not moving volume.** She is unsure why spend and referrals do not grow it.
- **AI-search gap.** Clients no longer say they found her through ChatGPT.
- **No associate KPIs.** Networking is expected, but nothing is measured.
- **Manual attribution.** She has to dig to link a signed plan to its source.

Why This Marketing Package

What it does for her:

- Fills the half-empty calendar with high-intent estate planning consults.
- Shows which channel produces signed plans, so spend is ranked by return.
- Adds a paid pipeline that does not rely on her personal relationships.

Paid Ads Starter | $2,497/mo bundled

- Revenue of $1.4M (2025) with multiple practice areas puts her at the Starter tier.
- Ads-only assumes a sound site. The site was blocked from review, so verify it live.
- Paid Ads Starter caps ad spend at $20,000. The $11,000 plan fits.
- She pays independent SEO, PPC, and social contractors. Confirm terms before the call.

Why This Coaching Package

What it does for her:

- Turns a rough margin guess into a planned profit number.
- Shows what pricing and payroll must do as associate capacity fills.
- Gives her a monthly dashboard so she can step back with confidence.

FCFO Advisor | $3,297/mo bundled

- Profit is her stated priority and the core of her buying motive.
- Payroll runs about half of revenue, and margin is described only roughly.
- Revenue of $1.4M clears the $400K FCFO Advisor minimum.
- Group coaching and workshops are included at no charge.

Why This Ad Spend

What it does for her:

- Buys high-intent searches that her 70% consult close rate turns into $4,500 plans.
- Lets her measure every ad dollar against a known plan value.

Recommended Ad Spend Range:

- **Conservative:** $11,000/mo — seller-set; clears the $10,200 four-channel minimum.
- **Aggressive:** $11,000/mo — same spend, modeled at benchmark costs with no cushion.

Estimated Return on Investment:

- **Conservative:** 18 cases x $4.5K = $81K/mo vs. $11K spend = 7.4x return.
- **Aggressive:** 22 cases x $4.5K = $97.5K/mo vs. $11K spend = 8.9x return.

All figures are estimates. Not guaranteed. Close rate used: 14% of leads (20% to consult x 70% signed).

How the range was calculated:

- **Conservative:** Estate planning minimums: PPC $3,500 + LSA $2,000 + Meta $4,700 = $10,200; blended CPL ~$71 plus 20% cushion.
- **Aggressive:** Seller set $11,000 for both ends; the rep modeled about $12,000 on the call.
- Total spend: $16,794/mo = 14.4% of $1.4M revenue (12.6% of $1.6M). Under the 35% cap.

If She Pushes Back

"We already pay about $11,000 a month for marketing."

Show how Paid Ads Starter overlaps her PPC work and adds LSA, Meta, and channel reporting. She said she is unsure why marketing is not growing volume more.

"Payroll is already about half of revenue."

At about 50% capacity, each added $4,500 plan needs little new payroll. FCFO Advisor builds the plan to turn that into margin.

"I am not sure ads will fix this."

About 70% of consults sign at $4,500, so each extra consult is worth about $3,150. Monthly channel reports show what works. Estimates only.

Investment At A Glance

Paid Ads Starter Google Ads, LSA, Meta, YouTube, and AI-search support with monthly reporting.	**$2,497/mo** ~~$3,497~~ stand alone
FCFO Advisor Planned profit number, KPI dashboard, and group coaching included.	**$3,297/mo** ~~$3,797~~ stand alone
Recommended Ad Spend Goes to Google, LSA, and Meta — not to SMB Team.	**$11,000/mo**

Total: $5,794/mo + $11,000 ad spend | Save $1,500/mo | 12.6%–14.4% of revenue (under 35% cap)
