Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Charles Ahlstrom	\$160K YTD / \$600K 2026 goal	6 (2 attys)	Stage 3	Not stated (15% default)	Clearfield, UT

Dominant Buying Motive: FREEDOM & EXIT

Charles wants out of the CEO/attorney dual role now, and a \$10M sellable firm by age 61 later.

"Currently 5% of revenue is set aside; the goal is to increase this."

What he wants:

- **Out of the dual role.** Wants a 50/50 CEO/attorney split — today it's ~100% of both.
- **A real exit.** Multi-location firm sold for \$10M by age 61.
- **Near-term growth.** \$600K for 2026, \$1M+ in 2027.

What is stopping him:

- **No one else runs the business.** Charles is both CEO and primary attorney.
- **No systems yet.** No SOPs or role scorecards despite a 6-person team.
- **Pricing is stale.** Both services still priced at old family-law rates.
- **No lead follow-up.** Seminars and referrals get no formal nurture process.

Why This Fractional COO Package

What it does for him:

- Takes the CEO function off his plate so he can practice law instead of context-switching.
- Builds the SOPs, financial visibility, and pricing structure his growth goals require.

Fractional COO — Level 1 | \$3,797/mo bundled

- Exact package and price already discussed and effectively agreed on the call — no re-scoping needed.
- Call-purpose override applied: this was a COO call, not a marketing call — no Full Service Marketing added.
- Single-product engagement: no bundling discount; \$3,797/mo is both the bundled and stand-alone price.
- SMBTeam verbally guaranteed to double the firm's investment in revenue — confirm exact terms before signature.

Why This Package Includes Group Coaching

What it does for him:

- Puts Charles with other owners solving the same founder-bottleneck problem.

Included Elite Coach Group Deliverables | \$0 additional

- Fractional COO packages include Elite Coach group deliverables at no extra charge.
- Weekly group coaching, practice area masterminds, quarterly + one annual in-person workshop.
- Do not itemize or price this separately — it's bundled into the \$3,797/mo Level 1 fee.

Why This Ad Spend (Future Opportunity, Not Part of This Deal)

What it does for him:

- Shows the revenue ceiling referrals and seminars alone cannot reach.
- Sets up a natural Phase 2 upsell for Full Service Marketing once the COO engagement stabilizes internally.

Ad Spend Range & ROI (illustrative only):

- **Conservative \$3,500/mo:** Google PPC only. ~3 cases x \$2.5K = ~\$7.5K/mo, ~2x return.
- **Aggressive \$14,000/mo:** reverse-math validated off the \$600K goal. ~22 cases x \$2.5K = ~\$55K/mo, ~4x return.

Estimates use a 15% default close rate (not stated on the call). Not guaranteed.

- Not included in the \$3,797/mo recommendation — Phase 2 material once a marketing package is added.

If He Pushes Back

"Isn't \$3,797/month a lot for a 4-month-old firm doing \$160K?"

This is the exact package and price Charles already discussed and effectively agreed to on the call, tied to a guarantee to double his investment in revenue — this proposal formalizes what was already decided, not a new ask.

"Why isn't marketing part of this proposal?"

The call was explicitly about the CEO-bottleneck problem, not lead generation — marketing optimization is already a deliverable inside this package. A dedicated Full Service Marketing package is a natural Phase 2 add once internal systems and pricing are fixed.

"How do we know this will pay for itself?"

Sage generated \$160K in 4 months on referrals and seminars alone with zero paid marketing — real proof of demand. Fixing pricing (both services are priced at old family-law rates) and seminar follow-up alone can move the needle before any new spend is required.
