## Prospect Snapshot

| Owner | Revenue | Team | Stage | Close Rate | Location |
|---|---|---|---|---|---|
| Premmal Patel-David | ~$500K (stated) | 4 (owner + 3) | 4 | Not stated | Brandon, MB (Canada) |

## Dominant Buying Motive: FREEDOM

**A firm that runs without constant owner involvement, so there is time for other ventures.**

> *"[Summary, not verbatim] Evolve from 'Small Business Manager' to 'Wealth Multiplier' (true CEO) to gain time for other ventures."*

> *"[Summary, not verbatim] Double revenue to $1M by 2027, but not at the expense of health or work-life balance."*

### What Premmal wants:

- **Time back.** Move from Small Business Manager to Wealth Multiplier with time for other ventures.
- **A firm that runs without them.** Operations should not stop when the owner is away.
- **Less training load.** Newer staff need less of the owner's day.
- **Double to $1M by 2027.** Growth must stay sustainable for the owner.

### What is stopping Premmal:

- **Owner dependence.** The firm is entirely dependent on Premmal.
- **Training burden.** About 20% of the day goes to training inexperienced staff.
- **Thin hiring pool.** Trained staff are hard to find, so new grads are hired.
- **Full capacity.** Intake is 3-8 new files a month and there is no room for more.
- **No profit plan described.** Flat-fee and hourly work, with margins not discussed.

## Why This AI Package

### What it does for Premmal:

- Newer staff get AI-drafted first passes and research, reviewed by a human.
- Training takes less of the owner's day as AI handles repeatable work.
- All four team members share one AI workspace to learn on.

### AI Workforce Pro - Starter (4 users) | $1,400/mo ($350/user)

- Team size is 4, so Starter (1-4 users) fits; 5+ users moves to AI Workforce Pro at $1,597/mo.
- Month-to-month, 1M AI credits per user, weekly AI Implementation Session.
- Seller-set package (Slack, Oct 22). There is no stand-alone price for this product.
- Self-implemented tier. If Premmal lacks bandwidth, Fractional CTO Level 1 ($3,297/mo) has an fCTO lead it.

## Why This Coaching Package

### What it does for Premmal:

- A coach and accountability to build delegation and written systems.
- The firm learns to run on process, not on the owner's memory.
- Peer masterminds show how other firms made the move to CEO.

### Elite Coach Plus | $3,497/mo stand-alone (no marketing bundle)

- Revenue of ~$500K sits in the $400K-$1M band, which calls for Elite Coach Plus.
- Under 5 team members, so Master's Circle is not available.
- Bundled price of $3,200 only applies with a marketing package, so none is shown.
- Includes weekly group coaching, masterminds, virtual quarterly and one in-person workshop.

## Why No Ad Spend (Yet)

**What this does for Premmal:**

- Keeps the proposal on the problem raised: owner dependence.
- Avoids adding more leads to a firm already at full capacity.

**Marketing position:**

- **No marketing in this proposal.** The call was about ops, AI, and coaching, with no lead-gen gap.
- **No vendor or budget limit raised.** Capacity is full at 3-8 files a month.
- **First marketing gap later:** immigration, absent from 3 of 3 map searches; Shivay has 240 reviews vs PPD's 59.

**Estimated return:**

- No ads recommended, so no ad ROI is projected.
- The return is time: about 20% of the owner's day is roughly one workday a week.

*All figures are estimates. Not guaranteed.*

**Checks before the call:**

- Total SMB spend is $4,897/mo = 11.8% of monthly revenue ($41,667). Under the 35% cap.
- PageSpeed 43 mobile / 71 desktop are local Lighthouse lab scores. Re-check on PSI.
- Confirm LAW delivery has launched and has capacity before sending the proposal.

## If Premmal Pushes Back

**"Is AI good enough for legal work?"**

A human reviews every output. Starter is month-to-month, so the team can try four seats with a weekly implementation session.

**"I do not have time to roll this out."**

Coaching plus the weekly session keeps it small. If bandwidth is the limit, Fractional CTO Level 1 ($3,297/mo) is led by an fCTO.

**"I want to grow to $1M. Why no marketing?"**

Capacity is full at 3-8 files a month. More leads now add load. Immigration is the first marketing step once the team can absorb it.

**"$4,897 a month is a lot at $500K."**

It is 11.8% of monthly revenue, and training alone costs about a workday a week of the owner's time.
