Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Adam Kopchian	~\$286K/yr	Solo (1)	Stage 3	15% (default)	Brooklyn, NY

Dominant Buying Motive: OWNERSHIP / FINANCIAL BUFFER

Adam wants to move from player to owner — escaping the day-to-day production bottleneck so the firm builds a real financial buffer instead of running on credit cards.

"Growth is limited to referrals and upsells... there is no website or active marketing."

"Weekly revenue of \$5,000-\$6,000 is insufficient to meet debt obligations, leading to business expenses being put on credit cards."

What he wants:

- **Become the owner, not just the player.** Move from doing every case himself to running a firm.
- **A real financial buffer.** The \$7-8K/week goal exists to cover debt and stop using credit cards.
- **Systems before spend.** He asked for operations fixed first — marketing without them would waste ad spend.

What is stopping him:

- **No website at all.** Domain is parked at a GoDaddy placeholder — no destination for any lead source.
- **No cash cushion.** Weekly revenue already falls short of debt obligations.
- **Zero staff.** Every task in the firm runs through Adam personally.
- **1.0-star Google rating.** Two reviews describe him as lacking confidence — a live reputation problem.

Why This Marketing Package

What it does for him:

- Gives the firm a real website for the first time — the prerequisite for every other lead channel.
- Fixes the NAP inconsistency and 1.0-star GBP that are actively repelling searchers right now.

Full Service Marketing — Essentials | \$3,497/mo bundled

- Revenue ~\$286K is under the \$750K Essentials ceiling; single location + single practice area (Immigration) qualify.
- Corrects Pass 1's package_decision.json error, which incorrectly flagged multiple practice areas and selected Starter.
- Ad cap is \$5,000/mo — aggressive spend (\$6,000/mo) exceeds it by ~\$1,000-1,250; confirm 10% overage before running it.

Why This Coaching Package

What it does for him:

- Builds the intake process and delegation plan Adam said he needs before marketing spend makes sense.
- Starts the path from player to owner — the exact shift he described wanting on the call.

Elite Coach | \$2,600/mo bundled

- Revenue ~\$286K falls in the \$250K-\$400K band for Elite Coach, not Elite Coach Plus (\$400K-\$1M).
- Corrects Pass 1, which had incorrectly used the \$400K-\$1M Elite Coach Plus band.
- Fractional CFO and Legal AI Workforce are both not eligible — revenue and staffing don't reach the minimums.

Why This Ad Spend

What it does for him:

- Puts new cases in front of Adam without requiring more of his own time chasing referrals.
- Starts small enough that it will not compound the credit-card cash pressure he is under.

Recommended Ad Spend Range:

- **Conservative:** \$3,000/mo — Google Search only, the absolute floor, chosen over the \$9,200 four-channel-minimum sum due to the budget-reality override.
- **Aggressive:** \$6,000/mo — blended Google Search + LSA + Meta Cold, sized to the stated \$7-8K/week revenue goal.

Estimated Return on Investment:

- **Conservative:** ~4 cases x \$4.5K = ~\$18K/mo vs. \$3K spend = ~6.0x return.
- **Aggressive:** ~11 cases x \$4.5K = ~\$49.5K/mo vs. \$6K spend = ~8.3x return.

Estimates use practice-area default case value (\$4,500) and close rate (15%) — not stated on the call.

How the range was calculated:

- **Conservative:** Full 4-channel Immigration minimum (\$9,200) was considered and rejected as unaffordable right now.
- **Aggressive:** \$390K goal midpoint x 20% / 12 = \$6,500. Tier 1 NYC (1.5x) = \$9,750. Minus \$3,497 fee = ~\$6,253, rounded to \$6,000.
- At aggressive, total spend is ~46.5% of current revenue — above the 35% cap. Flag for scoping approval (revenue is under \$300K threshold).

If He Pushes Back

"I can't afford fees plus ad spend right now — I'm already behind on debt."

That's why we start with the \$3,000/mo conservative spend, not aggressive — investment stays low while fixing the website and reputation first.

"Why do I need marketing if my systems aren't fixed yet?"

You're right — Elite Coach and the website rebuild come first; ads only launch once there's a real site to send traffic to.

"I already tried coaching programs and couldn't keep up."

Elite Coach is built for solo capacity — weekly group sessions and masterminds, not a solo homework program like New Law Business Model or HTM.

"My competitors already have hundreds of reviews — can I catch up?"

Hargis (100+ reviews) and Shautsova (318) took years to build — the NAP fix and GBP push start closing that gap immediately, before the website even launches.
