

Naji Injury Law, LLC

Sales Companion | July 23, 2026 | Rep: Randy Gold

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Jamil Naji	~\$1M now; \$3M/\$7M goals*	6	Stage 4	88%**	Clayton, MO

*Revenue: transcript states ~\$1M current, \$3M/\$7M as goals (HubSpot showed \$3M+ — confirm live). **Close rate is qualified-lead intake conversion, not case-settlement.

Dominant Buying Motive: SCALE THROUGH SYSTEMS

Stop renting growth from a failing lead vendor; build a firm on owned systems — scale to \$3M, then \$7M, without more of his own hours.

"On track for \$1M in fees. The goal is more return on hours, not fewer hours."

"High conversion rate (~88%) on qualified leads."

What he wants:

- **Own the pipeline, not rent it.** Stop paying a vendor for leads that build someone else's brand.
- **More return on hours.** Scale revenue without adding to his workload.

What is stopping him:

- **Vendor has gone cold** — zero conversions since July 3.
- **Invisible in local search** vs. Brown & Crouppen, Schultz & Myers, Cofman Townsley.
- **No owned SEO/ad presence** — prior SEO and PPC/LSA tests both underperformed and were shut down.

Why This Marketing Package

What it does for him:

- Replaces the failing vendor with a lead engine Naji Injury Law owns outright.

Full Service Marketing — Growth | \$7,497/mo bundled

- ~\$1M revenue qualifies for Growth, not Platinum — HubSpot's \$3M+ reflects the goal, not current revenue; confirm live.
- \$50,000/mo ad spend cap at this tier covers both scenarios below.

Why This Coaching Package

What it does for him:

- Builds the delegation habits Jamil needs to move decisions off his own desk.

Elite Coach Plus | \$3,200/mo bundled

- Team of 6 clears headcount for Master's Circle, but no dedicated ops/marketing/intake staff confirmed — verify live.

Why This AI Automation Package (Fractional CTO)

What it does for him:

- Delivers exactly what he asked for — a dedicated CTO building custom automations into his existing Claude AI setup.

Fractional CTO — Level 1 | \$3,297/mo bundled

- ~\$1M revenue and 6 staff clear the LAW eligibility bar; firm already adopting AI on its own.
- Explicitly requested on this call alongside marketing — proposal must cover both.

Why This Ad Spend

What it does for him:

- Replaces ~60 rented leads/month that stopped converting with an owned pipeline feeding his 88%-converting intake team.

Recommended Ad Spend Range:

- **Conservative:** \$15,000/mo — channel minimums across Google PPC, LSA, and Meta.
- **Aggressive:** \$50,000/mo — Growth tier's ad spend cap, tied to the firm's stated \$3M goal.

Estimated Return on Investment:

- **Conservative:** ~5 cases x \$6.5K = ~\$32.5K/mo vs. \$15K spend = ~2.2x return.
- **Aggressive:** ~20 cases x \$6.5K = ~\$130K/mo vs. \$50K spend = ~2.6x return.

Estimates only; case value uses a PI-market default. Not guaranteed.

How the range was calculated:

- **Cons.:** Accident/Injury (Gen.) mins: PPC \$6,000 + LSA \$2,000 + Meta \$6,700 = \$14,700 → \$15,000.
- **Aggr.:** \$3M goal x 20% ÷ 12 = \$50,000 (Tier 4, 1.0x). Reverse math implies ~\$100K but Growth tier caps at \$50,000.
- At aggressive, total spend = 76.8% of CURRENT \$1M revenue (exceeds 35% cap); 25.6% at the \$3M goal — confirm framing before quoting.

If He Pushes Back

"We already pay for leads — why pay for marketing too?"

That vendor has zero conversions since July 3 — this replaces a failing rented pipeline with one you own.

"We tried SEO and PPC before and it didn't work."

Those were short, standalone tests (6-month SEO, 30-day PPC/LSA) — not a fully managed program across all channels.

"\$50,000/mo in ad spend is a lot for a firm doing \$1M today."

That's the aggressive ceiling tied to the firm's own \$3M goal — the conservative plan starts at \$15,000/mo.

Investment At A Glance

Full Service Marketing — Growth	\$7,497/mo
Replaces the failing third-party lead vendor.	\$8,997 stand alone
Elite Coach Plus	\$3,200/mo
Builds delegation habits and profit visibility.	\$3,497 stand alone
Fractional CTO — Level 1	\$3,297/mo
Custom AI automation, as explicitly requested on the call.	\$3,797 stand alone
Recommended Ad Spend	\$15,000–\$50,000/mo
Goes to Google, LSA, and Meta — not to SMB Team.	

Total: \$13,994/mo + \$15,000–\$50,000 ad spend | Save \$2,297/mo by bundling | 34.8%–76.8% of current revenue (aggressive exceeds 35% cap — see note above)
