

# Lone Star Legal (Kelly Law Firm, P.C.)

Sales Companion | June 18, 2026 | Rep: Nick Holderman

## Prospect Snapshot

| Owner        | Revenue      | Team    | Stage   | Close Rate  | Location       |
|--------------|--------------|---------|---------|-------------|----------------|
| Robbye Kelly | ~\$570K est. | 9 staff | Stage 4 | 15% default | Georgetown, TX |

## Dominant Buying Motive: SYSTEMS & MARKET DOMINANCE

Robbye wants predictable case flow and a firm that runs itself — before regional firms fully capture Georgetown.

*"No discovery transcript provided. DBM inferred: Board Certified PI firm with 9 staff, Georgetown market, and no digital marketing = owner who wants visibility and systems, not more referral-dependent growth."*

### What she wants:

- **Predictable leads.** Know how many cases are coming in next month before the month starts.
- **Market position.** Be the first result Georgetown accident victims see — not Angel Reyes or Carlson Law.
- **Operational independence.** Team and CEO manage day-to-day; partners focus on cases and strategy.

### What is stopping her:

- **No paid advertising.** Invisible on Google Ads, LSA, and Meta while competitors with 400–790+ reviews dominate.
- **Review gap.** Angel Reyes: 790+ reviews; Carlson: 408. Lone Star Legal's count unconfirmed but appears far lower.
- **NAP inconsistency.** FindLaw shows old address; dual business names suppress local rankings.
- **Revenue unconfirmed.** HubSpot range \$180K–\$960K — confirm on call to validate tier and ad spend scale.

## Why This Marketing Package

### What it does for her:

- **Top of Google.** Puts LSL above Angel Reyes and Carlson for Georgetown PI searches via Ads + LSA.
- **Compounds over time.** NAP fix + review velocity + GBP optimization widen the local SEO gap vs. competitors.

### Full Service Marketing — Starter | \$4,847/mo bundled

- PI practice requires minimum Starter tier — Essentials ineligible for personal injury firms.
- Georgetown is high-competition PI market (urgency 7/10); Starter + \$10K–\$25K ad spend is correct entry.
- Stand-alone: \$5,697/mo. Bundle saves \$850/mo vs. stand-alone.

## Why This Coaching Package

### What it does for her:

- **Accountability.** Weekly targets for cases, intake conversion, and team performance — not set-and-forget.
- **Peer network.** PI firm owners at the same stage sharing what is working in their markets right now.

### Elite Coach Plus | \$3,200/mo bundled

- Revenue \$400K–\$1M, 9 staff — Elite Coach Plus correct tier. FCOO Advisor available in Phase 2.
- Includes weekly group coaching, PI mastermind, quarterly workshops, annual in-person event.
- Stand-alone: \$3,497/mo. Bundle saves \$297/mo. No transcript — lead with market urgency and competitor review gap.

## Why This Ad Spend

### What it does for her:

- **Immediate lead flow.** Ads generate qualified PI leads from Georgetown searches within 30 days of launch.
- **3–11 cases/month.** Conservative scenario: 3 cases x \$7,500 = \$22,500 revenue vs. \$10K spend = 2.3x return.

### Recommended Ad Spend Range:

- **Conservative:** \$10,000/mo — PI high-competition hard floor; Google Ads + LSA only.
- **Aggressive:** \$25,000/mo — Starter tier cap; adds Meta retargeting and cold audiences.

### Estimated ROI:

- **Conservative:** ~19 leads x 15% = 3 cases x \$7,500 = \$22,500/mo. Return: 2.3x. (Estimates only.)
- **Aggressive:** ~72 leads x 15% = 11 cases x \$7,500 = \$82,500/mo. Return: 3.3x. (Estimates only.)

Default case value \$7,500 (PI/MVA). LSL catastrophic/offshore cases may be significantly higher. All figures estimates.

### How calculated:

- **Conservative:** PI high-competition floor \$10K. Google \$7K (\$846 CPL +20%) + LSA \$3K (\$282 CPL +20%) = 19 leads.
- **Aggressive:** 2x revenue goal (\$1.14M) x 20% / 12 x 1.15 geo = \$21,850. Minus fee = \$17K. Reverse math \$47K (cap). Capped at \$25K.
- Conservative total SMB spend: \$18,047/mo. Confirm revenue — at \$700K+ this is under 35% cap.

## If She Pushes Back

### "We already have a strong reputation — why do we need to spend on ads?"

Angel Reyes has 790+ reviews and a Georgetown landing page; Carlson Law has 408 reviews and is 8 miles away. LSL is not appearing in the local 3-pack for Georgetown PI searches despite having a Board Certified attorney on staff. The reputation exists — the visibility does not.

### "We are not sure the budget works right now."

Conservative model: 3 cases/month at \$7,500 avg = \$22,500 new revenue covers the full \$18,047 investment (fees + ad spend) in month one. One catastrophic or offshore case changes the math entirely — those settle for \$100K–\$500K+.

### "We need to confirm our revenue number first."

Confirm on the call. HubSpot shows \$180K–\$960K. With 9 staff and a Board Certified PI attorney, revenue is almost certainly above \$400K and the Starter tier stands. If confirmed at \$700K+, conservative ad spend (\$10K) is comfortably under the 35% cap.
