Dominant Buying Motive: FREEDOM FROM THE DAY-TO-DAY

Sam is transitioning from practicing attorney to firm CEO — he wants a firm that generates predictable lead flow without depending on him personally.

"Any investment must cover its expense near-term."

"Criminal defense lead generation is insufficient — especially high-value DUIs in Fairfax."

What he wants:

- **Predictable Fairfax lead flow.** Criminal defense cases coming in without Sam personally driving them.
- **Freedom during trial.** Firm keeps running — intake, leads, operations — when he is in the courtroom.
- **CEO transition.** Stop being the bottleneck; set strategy instead of managing day-to-day.

What is stopping him:

- **No paid ads.** No PPC, no verified LSA, no Meta — PNA Law and Price Benowitz run daily.
- **Wrong GBP category.** 'Law Firm' not 'Criminal Defense Lawyer' — suppresses Maps visibility.
- **Speed-to-lead gaps.** After-hours inquiries unanswered; PNA Law offers 24/7 attorney availability.
- **No managing partner.** Three co-equal partners each managing operations — no one owns growth.

Why This Marketing Package

What it does for him:

- Criminal defense cases come in from Fairfax and Alexandria predictably — not dependent on referrals.
- DUI searches show MCS at the top — above PNA Law and Price Benowitz in ads, LSA, and Maps.
- Real cost-per-lead data for the first time — validates near-term ROI with actual numbers.

Full Service Marketing — Growth | \$7,397/mo bundled

- Revenue ~\$2M in \$1M–\$3M range — Growth tier correct.
- Criminal Defense + DC metro — Essentials tier excluded by eligibility.
- LSA + PPC + SEO + Meta all needed — full-funnel build required.

Why This Coaching Package

What it does for him:

- Sam steps into the CEO role — coaching builds the structure to manage firm, not just practice law.
- Three partners get defined roles and clear authority — faster decisions, more momentum.

Master's Circle | \$4,600/mo bundled

- 11-12 staff, 8 attorneys — meets Master's Circle eligibility (5+ headcount, \$1M+ revenue).
- Three co-equal partners managing operations — structure coaching is the critical unlock.
- FCOO Advisor added at Phase 2 when firm hits \$2.5M — not at Phase 1.

Why This Ad Spend

What it does for him:

- High-value DUI leads from Fairfax and Alexandria — the priority market Sam identified.
- 4.4x projected return at conservative spend — validates the near-term ROI Sam requires.

Recommended Ad Spend Range:

- **Conservative: \$13,200/mo** — Criminal Defense minimums: PPC \$5,500 + LSA \$2,000 + Meta Retargeting \$1,200 + Lead Gen \$4,500.
- **Aggressive: \$25,000/mo** — within Growth tier \$50K cap; supports \$3M trajectory.

Estimated ROI:

- **Conservative:** 90 leads x 15% = 13 cases x \$4,500 = \$58,500/mo vs. \$13,200 = 4.4x.
- **Aggressive:** 204 leads x 15% = 30 cases x \$4,500 = \$135,000/mo vs. \$25,000 = 5.4x.

Estimates based on criminal defense CPL benchmarks. Not guaranteed.

- Total at conservative: \$11,997 + \$13,200 = \$25,197/mo = 15.1% of revenue (under 35% cap).

If He Pushes Back

"Any investment must cover its expense near-term."

At \$13,200 conservative spend, projected revenue is \$58,500/mo — 4.4x return by benchmark. The question is not whether it pays; it is how long PNA Law and Price Benowitz collect those leads while we wait.

"We tried to set up LSA ourselves — it has been months."

LSA requires background checks for all 8 attorneys, bar license submission, and category optimization. Done wrong, it stalls indefinitely. Every week unverified, PNA Law (103 reviews) collects pay-per-lead calls MCS should receive.

"We have a 5.0 rating — why aren't we getting Maps leads?"

44 reviews vs PNA Law's 103, Medvin Law's 81, Price Benowitz's 422+. Review count is a Maps ranking signal and LSA credibility score — not just a trust signal. The rating earns the case; the count earns the position.
