Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Mahsa Mohkamkar	~\$600K est.	9 total	Stage 4	40.7% signing	Schnecksville, PA

Dominant Buying Motive: SCALE AND FREEDOM

Mahsa wants a \$1M/\$3M/\$7M multi-attorney firm that runs without her — and time back as a result.

"Attorney hiring cost: \$140k salary + benefits = ~\$200k total cost"

"Vivid Vision: \$1M in year 1, \$3M in year 2, \$7M in year 3"

What she wants:

- **Second attorney.** 30% of leads referred out — needs removal defense capacity to stop giving away high-value cases.
- **Predictable lead flow.** No confirmed active ads; needs campaigns that produce cases consistently.
- **Intake that converts.** Karen books 66%; firm averages 20% — wants the whole team at Karen's level.

What is stopping her:

- **No paid campaigns active.** Competitors hold Allentown 3-pack while firm has no confirmed Google Ads, LSA, or Meta presence.
- **Solo attorney bottleneck.** All cases require Mahsa — cannot scale past her individual capacity.
- **PageSpeed unconfirmed.** Site load ~14s; API rate-limited during research — verify at pagespeed.web.dev before call.
- **Revenue estimate only.** No explicit annual figure; ~\$600K from 3 months of data. Confirm actual revenue on call.

Why This Marketing Package

What it does for her:

- Spanish-language family immigration ads capture high-intent prospects in an unclaimed channel at \$3–\$6 CPC.
- LSA enrollment converts 96 five-star reviews into pay-per-call leads above all organic results.

Full Service Marketing — Starter | \$4,847/mo bundled

- Revenue ~\$600K (\$400K–\$1M band): Starter tier is the correct level.
- Website rebuild needed: ~14s load, no embedded form, no geo-targeted pages — Starter includes full rebuild.
- Conservative ad spend \$3,000/mo; aggressive \$12,000/mo (Starter cap). Upgrade to Growth at \$1M revenue.

Why This Coaching Package

What it does for her:

- Replicates Karen's 66% booking process across all three intakers — the fastest revenue lever with no new marketing spend.
- Builds the financial model that de-risks the \$200K attorney hire and determines the case volume trigger to pull it.

Elite Coach Plus | \$3,200/mo bundled

- Revenue \$400K–\$1M, team of 9: Elite Coach Plus is correct; Master's Circle requires \$1M+.
- Intake coaching is the first priority: 39-point gap between top and bottom intaker needs a scripted solution.

Why This Ad Spend

What it does for her:

- Activates paid leads in the Spanish-language immigration channel — uncaptured in the Allentown market, lowest CPC competition.
- Fills case volume at a projected 3–5x return on spend — making the \$200K attorney hire financially viable sooner.

Recommended Ad Spend Range:

- **Conservative:** \$3,000/mo — immigration minimums: Google PPC \$1,000 + LSA \$1,000 + Meta \$1,000.
- **Aggressive:** \$12,000/mo — Starter tier cap; full 20% rule + Spanish multiplier yields \$17,320, capped at \$12,000.

Estimated ROI:

- **Conservative:** ~2–3 cases x \$5,000 = \$10K–\$15K/mo vs. \$3,000 spend = 3.3–5x. (Est.)
- **Aggressive:** ~7–9 cases x \$5,000 = \$35K–\$45K/mo vs. \$12,000 spend = 3–4x. (Est.)

All figures are estimates. Case value based on inferred ~\$5,000 avg. Not guaranteed.

How the range was calculated:

- **Conservative:** Google PPC \$1,000 + LSA \$1,000 + Meta retargeting \$200 + Meta lead gen \$800 = \$3,000.
- **Aggressive:** \$1M x 20% / 12 = \$16,667. Tier 4 (1.0x). Spanish (1.33x) = \$22,167. Minus \$4,847 = \$17,320. Cap: \$12,000.
- Total at aggressive: \$12,000 + \$4,847 = \$16,847/mo = ~28% of revenue. Under 35% cap.

If She Pushes Back

"I need to hire an attorney before I invest in marketing."

Marketing comes first. The \$200K attorney hire only makes sense when case volume justifies it — and that volume requires a lead system. Ads now create the cases that make the attorney hire profitable, not the other way around.

"My intake is already good — Karen has a 66% booking rate."

Karen is excellent, but the firm averages 20%. May had 177 leads and ~35 consultations. At Karen's rate that is 117 consultations, 47 cases, and ~\$173K additional monthly revenue potential — with no new marketing spend.

"We've tried ads before and cut back."

Ads were cut for referred-out case types (removal/detainee) — not family immigration. Spanish-language family immigration PPC is a different campaign in a largely uncaptured channel. The referral constraint does not apply here.
