Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Christopher Silversmith	~\$800K legal	3 (Chris, Amy, Steph)	Stage 4	15% (default)	Avon/Vail, CO

Dominant Buying Motive: OPERATIONAL FREEDOM

Chris wants Amy to run estate planning so he can focus on selective probate work and stop being the firm's single point of failure.

"Focus marketing on probate first — more urgency, higher willingness to pay, easier close. Estate plans are secondary; cross-sell post-probate."

"Amy handles estate planning volume. I want her to run that side. I'd focus on the probates."

What he wants:

- **Amy runs estate planning end-to-end.** Chris handles probates by choice, not necessity.
- **Predictable client flow.** New cases arrive from a system, not from who Chris called last month.
- **Denver/Front Range presence.** Digital marketing is the only path into that market.

What is stopping him:

- **No digital presence.** Zero ads, no contact form — invisible to anyone who searches.
- **Referral-only model.** Every new client still requires Chris personally; scale is impossible.
- **Amy not yet probate-capable.** Chris cannot step back from that practice area yet.

Why This Marketing Package

What it does for him:

- Fills Amy's pipeline — Chris stops being the bottleneck to growth.
- Claims Vail Valley digital position before a competitor does; \$50/call LSA market is untapped now.
- Builds Front Range authority before Denver competitors consolidate further.

Full Service Marketing — Growth | \$7,397/mo bundled

- ~\$800K legal revenue; aggressive Denver goals + \$14K ad spend exceed Starter cap — Growth justified.
- Mountain market: low paid search competition; first-mover window available now, not indefinitely.
- Website needs full rebuild — no contact form, no landing pages; Full Service required.
- Dual-market strategy (Vail + Denver) requires full-service; piecemeal won't cover both.

Why This Coaching Package

What it does for him:

- Gives Chris a weekly framework for hiring, intake, and systems decisions growth will force him to make.
- Holds Chris to a revenue target — turns 'I want to grow' into a weekly, measurable commitment.

Elite Coach Plus | \$3,200/mo bundled

- Team of 3 (under 5), ~\$800K revenue — Elite Coach Plus correct tier; Master's Circle requires 5+.
- No intake system or team processes — coaching is where those get built before volume arrives.
- No revenue goal set on call — coaching kicks off with 12-month target and KPI tracking.

Why This Ad Spend

What it does for him:

- Generates estate planning and probate leads in the Vail Valley at the lowest CPL in Colorado — market is untapped by paid ads.
- Scales to cover the Denver Front Range as revenue grows, allowing Chris to enter that market without waiting years for organic SEO alone.

Recommended Ad Spend Range:

- **Conservative:** \$3,500/mo — Google PPC \$2,000 + LSA \$1,000 + Meta \$500. Mountain market starting spend.
- **Aggressive:** \$14,000/mo — Growth tier cap; includes Front Range expansion spend.

Estimated Return on Investment:

- **Conservative:** ~4 cases x \$4K avg = \$16K/mo vs. \$3.5K spend = ~4.6x return (est.).
- **Aggressive:** ~13 cases x \$4K avg = \$52K/mo vs. \$14K spend = ~3.7x return (est.).

All figures are estimates based on industry CPL benchmarks and 15% close rate default. Not guaranteed.

How the range was calculated:

- **Conservative:** Estate planning/probate mountain market minimums: PPC \$2,000 + LSA \$1,000 + Meta \$500 = \$3,500.
- **Aggressive:** \$1.6M goal x 20% / 12 = \$26.7K. Growth cap = \$14K (applied). Blended CPL ~\$150, 93 leads, 15% close.
- Aggressive total spend: \$10,597 + \$14,000 = \$24,597/mo = ~35.8% of revenue. At cap; conservative start recommended.

If He Pushes Back

"Will digital ads bring the right clients? My HNW clients come from referrals."

Legacy Law Group (245 reviews) built their entire Front Range practice on digital. Probate clients in crisis search Google — they don't wait for a referral. Probate is the primary focus precisely because of urgency and high willingness to pay.

"I am not sure the spend makes sense at my revenue level."

Conservative total investment is 20.5% of monthly revenue — well under 35% cap. LSA market is ~\$50/qualified call with no dominant competitor. Estimated 4 cases x \$4K = \$16K/mo from \$3.5K spend.

"Referrals are already working — why change it?"

Referrals cap growth at whatever Chris's network generates. Heckman O'Connor (40+ years, Vail Valley) is not running ads yet — that window closes when they do. Denver requires digital; referrals won't get the firm there.
