Dominant Buying Motive: FREEDOM

Matt wants AI and a practice that carry the workload so he can sit back and stop working Saturdays.

> *"I'm so busy that I keep on saying to myself, I got to get in here and learn more about using the AI to take some of the burden off me."*

> *"Do all the stuff that I know it can do and I can sit back and let it work."*

> *"I've only worked maybe four or five Saturdays since May."*

What he wants:

- **The burden off.** He wants AI doing the drafting and research (00:24:14).
- **Saturdays back.** He worked almost every Saturday until this year (00:21:37).
- **A boutique.** Medium volume, high service, and picky about cases (00:21:01).
- **More capacity.** He would take tenant work if he had the manpower (00:20:21).

What is stopping him:

- **No time.** He is too busy to learn AI properly on his own.
- **No team.** No staff were described beyond an answering service.
- **DIY AI.** He runs Claude plus MidPage and hit his token limit once (00:23:39).
- **Hard to reach.** He never answers his cell and agreed to call Michael Daniel.
- **No lead gap.** "I'm not at the point now where I'm hurting for leads" (00:19:37).

Why This Legal AI Workforce Package

What it does for him:

- AI takes more drafting and routine work off his desk.
- A weekly session means he is not learning it alone.
- Month-to-month, so it is an easy first yes.

AI Workforce Pro – Starter (1 seat) | $350/mo bundled

- 1 seat x $350/user/mo. 1M AI credits per user, overages $150/mo.
- Seat count is assumed (team size not stated, solo implied). Confirm.
- He pays about $20 for Claude and $100 for MidPage today (00:23:27). Sell guidance, not price.
- Confirm LAW delivery has launched and has capacity before you propose it.

Why This Coaching Package

What it does for him:

- Weekly coaching on building the capacity to say yes to more work.
- Peers who run boutique practices like his.
- A plan to make four or five Saturdays the norm.

Elite Coach | $2,600/mo bundled

- Seller override: Elite Coach at $2,600, not Elite Coach Plus at $3,200.
- Revenue is unverified CRM data. Elite Coach's table band is $250K-$400K. Confirm revenue.
- Coaching came up only in general terms. He agreed to a follow-up, nothing more.
- Stand-alone is $3,497, so bundling saves $897/mo.

Why No Marketing Or Ad Spend

What this does for him:

- Keeps the focus on his time, not more leads he does not need.
- Protects the marketing relationship he already likes.

Why it is left out:

- **Marketing is working.** "We got the marketing nailed down" (00:17:46).
- **Existing client.** He has been with SMB Team marketing about 3 years.
- **Call purpose.** You closed with "coaching and some AI stuff" (00:28:00).
- No ad spend, ROI projection, or ad-range math applies.
- Total spend is $2,950/mo, about 6.2% of $570K estimated revenue.

Free wins to lead with now:

- Send the Maps visibility audit you promised him.
- Get him on a call with his marketing manager, Michael Daniel.

Review counts are unconfirmed. PageSpeed, 3-pack, ads, LSA, and Meta data were not observed. Do not cite any.

If He Pushes Back

"I already pay for Claude and MidPage."

Those are tools. This adds a managed workspace and a weekly session. He ran out of tokens once on several motions, and this includes 1M credits per user.

"I'm too busy to learn another thing."

He said "I'm so busy" and wants the burden off. The weekly session does the learning with him, and it is month-to-month.

"The marketing is great. I don't need more."

Agree. Nothing here changes his marketing, and no ads are proposed. This is about his hours, not his leads.

"Do I really need coaching?"

He said "I just don't have the manpower" for tenant work. Coaching builds the structure that creates that capacity.
