

Quesada Law Firm

Sales Companion | August 14, 2026 | Rep: Jacob Meissner

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Marco Quesada	~\$700K/yr	3 total	Stage 3	15% (default)	Miami, FL

Dominant Buying Motive: FREEDOM

Marco wants a firm that runs without him so he can reclaim personal time — and eventually transition out of law entirely.

"Build a 'well-oiled machine' that can operate without the owner's daily involvement, enabling him to eventually transition out of law."

"Increase personal time and presence outside the firm."

"a plateau maintained for the last three years"

What he wants:

- **Time back.** A firm that runs without his daily presence.
- **An eventual exit.** Long-term goal is to transition out of law.
- **Predictable growth.** Break the plateau, hit \$1,000,000.
- **AI-led scale.** Automate rather than hire a large team.

What is stopping him:

- **He is the intake system.** Every call runs through Marco.
- **Zero paid marketing history.** 100% referral acquisition.
- **Invisible in search.** Mirer (306) and Hernandez (203 reviews) dominate.
- **Solo-built automation.** No dedicated technical lead yet.

Why This Marketing Package

What it does for him:

- First predictable lead source not dependent on referrals.
- Closes the visibility gap against Mirer, Hernandez, Wichman.

Full Service Marketing — Starter | \$4,997/mo bundled

- ~\$700K revenue + multiple practice areas both point to Starter; Essentials excluded on both grounds.
- Sequenced as Phase 2 — after intake capacity, matching Marco's own plan.
- Stand-alone \$5,697/mo — bundling saves \$700/mo.

Why This Coaching Package

What it does for him:

- Delegates intake off Marco's plate — his own stated Phase 1 priority.
- Builds accountability structure before adding lead volume.

Elite Coach Plus | \$3,200/mo bundled

- Corrected ~\$700K revenue maps to Elite Coach Plus, not the \$250K–\$400K Elite Coach tier package_decision.json used.
- Includes weekly coaching, masterminds, quarterly workshops.
- Stand-alone \$3,497/mo — bundling saves \$297/mo.

Why This Ad Spend

What it does for him:

- Turns 20 years of credibility into inbound search traffic.

Recommended Ad Spend Range:

- **Conservative:** \$5,500/mo — Google Search only, Criminal Defense PPC minimum.
- **Aggressive:** \$20,000/mo — multi-channel, capped at Starter tier ceiling.

Estimated Return on Investment:

- **Conservative:** 3.8 cases x \$4K = \$15.3K/mo vs. \$5.5K spend = 2.8x return.
- **Aggressive:** 20.5 cases x \$4K = \$82K/mo vs. \$20K spend = 4.1x return.

Uses \$4,000 default case value and 15% default close rate — neither stated on call. Not guaranteed.

How the range was calculated:

- Conservative: PPC min \$5,500 ÷ \$216 blended CPL (with cushion) ≈ 25.5 leads.
- Aggressive: capped at Starter's \$20K ceiling — \$700K revenue is below the \$1M Growth-tier floor needed to go higher (Boundary Rule).
- Aggressive ~\$82K/mo closely validates the reverse-math target for the client's \$1M goal — a strong consistency signal.

If He Pushes Back

"We've never needed to advertise — referrals work fine."

That's why revenue has plateaued at ~\$700K for 3 years. Mirer (306) and Hernandez (203 reviews) dominate searches Quesada doesn't appear in at all.

"I want to automate with AI myself."

Marco is already building this solo alongside a full caseload. Fractional CTO LI accelerates what he started — it doesn't replace it.

"Three packages feels like a lot at once."

Mirrors Marco's own 3-phase plan from the call: capacity, then leads, then automation — launched in that sequence, not all at once.

"Can ads alone hit \$1,000,000?"

Not alone — flag for paid ads team review. Aggressive ads get to ~\$984K/yr; referrals stay part of the mix to fully clear \$1M.
