

Jalili Law Group

Sales Companion | July 21, 2026 | Rep: Jacob Meissner

Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Iman Jalili (site features Nasim Jalili as principal — confirm relationship on call)	~\$950K (2024) → \$2M goal	6-7 staff + COO	Stage 4	15% (default)	Thornhill, ON

Dominant Buying Motive: EXPANSION

Iman wants to double Canadian revenue to \$2M specifically to fund and launch a new U.S. firm (Lemon Law, then Personal Injury) once the COO's green card clears.

"Double Canadian revenue to \$2M to fund a new US firm (Lemon Law, then PI) once immigration approvals are complete."

"Current agency delivers inconsistent lead quality, wasting the attorney's time on free consults that don't convert."

What they want:

- **Fund the U.S. launch.** Double revenue to \$2M to bankroll a California firm.
- **Get out of the consultation chair.** Stop burning hours on free consults that don't convert.
- **Grow without proportional hiring.** Automate repeatable case-handling steps.

What is stopping them:

- **Lead quality, not volume.** 103 leads in July — inconsistent fit is the real bottleneck.
- **No intake qualification.** Every free consult reaches the attorney regardless of fit.
- **Fragmented call tracking.** Three phone numbers across the firm's own web properties.
- **Single point of failure.** U.S. expansion is gated on the COO's immigration approval.

Why This Marketing Package

What it does for them:

- Redirects existing ~\$10K/month ad spend toward qualified clients, not raw volume.
- Builds city-page and directory presence to compete with Daniel Brown Law and Kazandji Law.

Full Service Marketing — Starter | \$4,847/mo bundled

- Revenue band (\$400K-\$1M) confirmed against 2024's actual ~\$950K, not the lower HubSpot estimate.
- Criminal Defense (85-90% of caseload) fits within Starter's \$25,000 ad spend cap.
- Stand-alone \$5,697/mo — bundled saves \$850/mo.

Why This Coaching Package

What it does for them:

- Builds the intake screening process that gets unqualified consults off the calendar.
- Gives the existing COO a structured system to own client screening, not just ops.

Elite Coach Plus | \$3,200/mo bundled

- Firm has an internal COO already — 'Growing + FCOO Advisor' (\$5,694/mo) would be redundant.
- Stand-alone \$3,497/mo — bundled saves \$297/mo.
- Legal AI Workforce fits AI-readiness on the call — flag as Phase 2, confirm capacity with sales ops first.

Why This Ad Spend

What it does for them:

- Conservative: proves out Google Search on Criminal Defense alone before expanding spend.
- Aggressive: funds the multi-channel, multi-practice push the \$2M goal actually requires.

Recommended Ad Spend Range:

- **Conservative:** \$5,500/mo — Criminal Defense Google Search only, matching the practice-area PPC minimum.
- **Aggressive:** \$22,000/mo — blended Criminal Defense + Family Law, multi-channel, per the 20% rule against the \$2M goal.

Estimated Return on Investment:

- **Conservative:** ~4 cases x \$4K avg case value = \$16K/mo vs. \$5.5K spend = 2.9x return.
- **Aggressive:** ~29 cases x \$4K avg case value = \$116K/mo vs. \$22K spend = 5.3x return.

All figures are estimates using a disclosed \$4K average case value default (not stated on call). Not guaranteed.

How the range was calculated:

- **Conservative:** Criminal Defense Google PPC minimum = \$5,500 (single-channel focus).
- **Aggressive:** \$2M goal x 20% ÷ 12 = \$33,333, adjusted to \$22,000 after channel mix/fees.
- Aggressive total (\$30,047/mo) = 37.9% of 2024 revenue, above the 35% cap. Conservative (17.1%) is well under — scope aggressive tier carefully.

If She Pushes Back

"We're already spending \$10K/month — why switch?"

Current spend produces volume (103 leads in July) but inconsistent quality. Starter redirects similar spend toward private-pay clients, not just lead count.

"Can we afford marketing, coaching, and ads at once?"

At \$950K revenue, marketing + coaching (\$8,047/mo) plus conservative ads (\$5,500/mo) is ~17% of monthly revenue, well under the 35% guideline.

"We already have a COO — do we need coaching too?"

Coaching doesn't replace the COO — it builds the intake screening the COO doesn't yet have, which is what keeps the attorney in every consultation.

"Will this work the same in Canada as for U.S. firms?"

The gaps — lead quality, no intake screening, no city SEO — are structural, not market-specific. Google, Meta, and LSA operate the same way in Thornhill/Toronto.
